

# PERU WILL DEMAND INDEMNITY OF CHILE

### Cabinet and Senate Approve Foreign Minister's Action.

## CHILEAN CONSUL TO LEAVE

### Announcement of Apology Made by Peru Denied; England to Be Asked for Dreadnaughts.

LIMA, Peru, Nov. 28.—The Cabinet and Senate have approved the action of the Foreign Minister in strongly protesting to Chile against the anti-Peruvian riots at Iquique. It is announced that Peru will demand indemnities. The entente ministers at Lima called separately upon the Foreign Minister yesterday.

The Chilean Consul here will leave for home late today or tomorrow.

It was reported in dispatches from Santiago and Lima Monday that Chile and Peru had recalled their respective Consuls.

**Situation Still Calm.**  
The Peruvian government is apparently determined to prevent occurrence of untoward incident here in connection with the Peruvian-Chilean dispute. The situation continues calm.

SANTIAGO, Chile, Nov. 28.—No communication has been received from Peru since the protest of the Peruvian Foreign Minister against anti-Peruvian riots at Iquique and attacks on Peruvian Consuls, it was said at the Foreign Office today. It was added that the announcement of Carlos Castro Ruiz, Chilean Consul-General in New York, that the difficulty between Peru and Chile had been settled by an apology on the part of the Peruvian government was evidently due to a misunderstanding.

### Dreadnaughts Are Wanted.

After a meeting of the Ministers with military and naval authorities, it was semi-officially stated it had been agreed that Great Britain be asked to give up the two dreadnaughts under construction in England for Chile at the beginning of the war and taken over by the British government.

It appears that the Chilean government's policy concerning the Peruvian incidents has been decided upon. The dispute, it is held, was not one provoked by Chile, which is only maintaining firmly the national respect and dignity.

VALPARAISO, Chile, Nov. 28.—During a patriotic meeting held last night to counteract the effect of a speech by a Socialist member of Congress against Bolivia, it was decided that a visit should be paid to the Bolivian Consulate in order to show the friendly feelings of the people toward Bolivia.

While the gathering in front of the Consulate was loudly cheering Bolivia and the Consul, some persons in the crowd threw several stones, breaking the windows of the Consulate. The crowd protested loudly against the untoward incident and invited the Consul to address the meeting. The Consul did so and was greeted with a marked manifestation of friendly sentiment.

## WORK FOR ARMY MEN AIM

### Senator Chamberlain Proposes Road and Irrigation Construction.

OREGONIAN NEWS BUREAU, Washington, Nov. 28.—Senator Chamberlain will call the military affairs committee together on December 12 to consider his and other bills for Government road and reclamation projects, with a view to providing work, if needed, for returned soldiers.

His idea is for the Government to make provision for extensive military road construction and also extensive irrigation work and to let the work be conducted as rapidly as circumstances make desirable. He would not push public work of this kind so rapidly as to take labor away from private enterprise, but would conduct road and reclamation work fast enough to give employment to an surplus labor that may be available during the period of adjustment to peace conditions.

# How the perfect pancake formula was worked out

Years ago the Aunt Jemima people realized that when a woman mixes pancakes herself she could never be sure how they would turn out. Some days they might be good—but other days, when she thought she had done everything just the same—the cakes would turn out flat, tough and soggy.

To give every woman a way of making cakes that *always* come out wonderfully—always light and fluffy and tender—Aunt Jemima Pancake Flour was created.

The treasured recipe of a famous Southern cook was adopted as the basis of the formula. Long study was put in perfecting it. Especially ground and blended flours were used—flours that you could not buy in a store. And finally, since good pancakes need sweet milk, that was added, too (in powdered form).

No wonder Aunt Jemima Pancakes have

**Richer because of the milk that's in it!**  
Sweet milk, powdered and mixed in the flour gives Aunt Jemima Pancakes the flavor that has made them America's favorite breakfast. You need add nothing but water to have rich, full-flavored cakes.

## LIARD MAY YET WEAKEN

### DISTRICT ATTORNEY THINKS CONFESSION MAY COME.

### Miss Carlson Corroborates Story About Cache in Woods Ten Miles From Vancouver.

John Cyril Liard, held at the City Jail without bonds for the murder of Deputy Sheriff Twombly and for robbing the toll-taker on the Interstate bridge, begins to show signs of weakening, and District Attorney Evans admits there is a chance that the youthful ex-convict will make a complete confession.

Miss Carlson yesterday took District Attorney Evans and Police Inspectors Snow and Tackaberry to a wooded section about 10 miles from Vancouver, where, it is believed, Liard has one of several caches. She had previously told the officials that Liard one afternoon drove her out to this place and told her to wait in the machine. He then walked off into the woods, where he remained for about two hours.

Miss Carlson also walked into the woods in search of Liard, and had left a pair of gloves at a fence corner. She led the officers to the place where the gloves were found yesterday.

The grand jury will today report indictments against Liard, said the District Attorney. He probably will be indicted for both second-degree murder and highway robbery.

## LABOR FACTS COMPILED

### Demobilization to Be Considered in Connection With Employment.

Requests for accurate information as to the Oregon labor market have been received by Wilfred S. Smith, state director of the United States employment bureau, from Secretary of Labor Wilson. Secretary Wilson is compiling statistics of labor market conditions of the United States at the request of the Secretary of War in order that demobilization may be effected with the minimum amount of unemployment in the civil world.

Secretary Wilson suggests that director Smith use the employment service and local labor community boards as machinery in making a labor survey of the state. There are nine branch offices of the employment bureau in Oregon outside of Portland and wherever a bureau is located a labor community board has also been formed.

The War Department, in addition, has asked the War Industries Board to co-operate with it in cancellation of contracts in order to safeguard the industrial situation.

## SUITCASES CONTAIN LIQUOR

### Sheriff's Deputies Make Double Haul Early Thanksgiving Morn.

Two of Sheriff Hurburt's deputies were headed toward the County Jail early yesterday with a pair of alleged bootleggers under escort in a machine when one of the deputies spotted William McNichols leaning against an office building with a suitcase in hand.

Investigation revealed a quantity of liquor in pint bottles. McNichols joined the party and woke up at the County Jail.

Gene Woodard and William J. Graham also were arrested on the same charge. They, too, had a suitcase filled with pint bottles of whiskey, said the deputies.

## BAPTISTS PUT OFF MEET

### NEXT OREGON CONVENTION TO BE HELD IN OCTOBER, 1919.

### Report to Church Board Shows Increase of \$10,000 for Year in Offerings for Benevolence.

The Oregon Baptist State Convention, which was scheduled to meet at the East Side Baptist Church last month, has been postponed until October, 1919. Postponement was voted because of the lateness of the season and the continued presence of influenza.

Rev. O. C. Wright, Superintendent of Baptist Missions for Oregon, submitted a report to the board Tuesday showing that during the present year approximately \$29,000 had been disbursed by the treasurer, James F. Failing, with a balance of more than \$2800 in the treasury. The churches have made an increase in offerings for benevolence of more than \$10,000 over the previous year.

The Board made appropriations covering the applications for aid for the ensuing year, and employed a large force of missionaries to work throughout the state.

Rev. Charles L. White, D. D., of New York City, executive secretary of the American Baptist Home Mission Society, will address a mass meeting of the Baptists of Portland Monday evening, December 2, at 7:45, at the White Temple. It will be the annual Portland Baptist city rally, at which time the silver loving cup, presented by the late Dr. C. A. Woody, will be presented to the church having the best representation present in proportion to the membership.

The Baptists have invited the public to hear Rev. Mr. White.

## FARMERS TO GET POTASH

### American Agriculturist to Be Freed From German Monopoly.

WASHINGTON, Nov. 28.—The problem of increasing potash production in the United States, so that the American farmer may be permanently freed from the grip of Germany's monopoly

on the world's supply of fertilizer materials," was turned over to the Interior Department today by the War Industries Board.

President Wilson directed the Interior Department to take over this work from the chemicals division of the board as a part of the programme of definitely continuing necessary work started by agencies during the war.
