CHICAGO CLOSE IS FIRM AND 2 1/4 CENTS HIGHER.

CHICAGO, Dec. 2.—Official estimates that 300,000,000 people in trans-Atlantic countries were depending largely on food conservation in the United States to awart hunger had a buillsh effect here teday on grain and provisions. Corn closed firm, 14c to 2½c net higher, with December and January both \$1.28% to \$1.28%. Oats finished %c off to 1%c up, and provisions at an advance of 10c to 50c.

Oats averaged higher in sympathy with corn. Receipts were not heavy and country offerings to arrive were light.

Firmness in the hog market, together with the strength of corn, lifted provisions. Packing literesis appeared to lead the buying.
