NEW YORK, Dec. 11-Welcomed home as heroic sons of the Nation, 7740 more soldiers, sailors, marines and avirepresenting virtually every state in the Union, entered fog-bound New York harbor today on six large transparts from European ports. HOLLAND'S PREMIER DECLARES TRADITION IMMEMORIAL.

Any Eventual Demand for Extradition Must Pass Test of Law and Treaty, It Is Said.

THE HAGUE, Dec. 11 .- The former Jerman Emperor is entitled to the right of sanctuary in Holland and, therefore his return to Germany cannot be demanded, according to a statement made today by Jonkher Beerenbruck in the lower chamber of Parliament during a debate on the visit of the former Em-

of his intended arrival. After renunciation of his throne Premier Beerenbruck continued, there no question of internment, nor could the former Emperor's return to Germany be demanded in view of the immemorial tradition of right of sanctuary. The Netherlands government could adopt no line of conduct but that of granting "the right of sanctuary" and accepting it as a fact ac-

3000 Men to Be Employed.

The proposed expenditures are estimated by the state engineers from the \$6,000,000 bond fund and also from the one-quarter mill and auto license fee fund, the bond fund expenditure being estimated at \$2,790,200 and the latter at \$735,000.

It is said the good roads programme now in prospect will furnish employment for at least 3000 men, and should prove an important adjunct to the re construction labor problem. The Hood River-Mosier project, for example, will consume at least one year and will employ several hundred men.

In the cases of Douglas, Polk and few other countles, details have not been worked out, but the Commission contemplates taking care of these districts at a later date. The programme under the Federal fund of post and forest ald is not included in the items of construction proposed yesterday.
