

THIRD OREGONIAN WILL CONTINUE ACTIVITY

Governor Makes Announcement Following Conference.

OLD OFFICERS FAVORED

Multnomah Guard to Have No Military Standing When Peace Is Declared, Says Governor.

SALEM, Or., Dec. 12.—(Special.)—The formation of the Third Oregon Regiment of the National Guard will continue as a result of a conference today between Governor Withycombe, Adjutant-General Beebe, Colonel W. C. North, Major A. A. Drake and Captain A. A. Hill.

Agreement has been reached also that any of the officers of the old Third Oregon, who, upon return to civil life, desire the old Third Regiment, will be given preference and the men now holding such places will retire in their favor.

It was announced also that the War Department has detailed Colonel George S. Young, who has had charge of the Students' Training Corps at Willamette University, to act as inspector-instructor for the National Guard in this state, starting January 1.

"The general attitude of a few nights ago passed resolutions recommending the demobilizing of the Oregon National Guard in Multnomah County," said the Governor today. "The results of the conference this morning, which was held in executive session,

"I thought that such a resolution was ill-advised and offered the suggestion that we continue to mobilize one regiment throughout the state, including Multnomah County. The difficulties which have arisen in Multnomah County have been a sort of a tempest in a teapot, to my mind. At the last conference we decided to submit those difficulties to a joint committee, and it was agreed that \$1000 would be provided for the remodeling of a school building for the use of the Multnomah Guard. Somehow the agreement has not been fully carried out, and after the work of remodeling had been done the Guard refused to vacate the Army.

"I wish it understood that I have nothing but the highest words of appreciation for the Multnomah Guard and commend it for its work during the war, but the war is practically over. I have no objection to the Guard remaining in existence, if it wishes to, providing it does not interfere with the organization of the National Guard, which we are trying to accomplish in an orderly way under the National defense act. The War Department has recognized the National Guard by its appointment of Colonel Young as inspector-instructor.

"Even if the Multnomah Guard does not possess the Multnomah Armory it cannot use it after peace has been declared, as all organizations but the National Guard will automatically go out of existence. The Home Guards are simply deputy Sheriffs and will have no status in a military sense after the declaration of peace.

"We have thought it wise and an excellent sentiment to decide, tentatively, at least, to perpetuate the name of the old Third Oregon. We are proud of its name and we wish to continue it permanently. We have a fine example for doing so in the perpetuation of the name of New York's crack regiment during the Civil War."

FIRE PREVENTION IS URGED

Insurance Commissioner Wells Issues Christmas Warning.

SALEM, Or., Dec. 12.—(Special.)—Insurance Commissioner Wells today issued the following Christmas warning:

Be on the alert this year and assist in preventing fires. Light inflammable decorations to stores, churches and bazaars make fires easy to start. Light inflammable decorations to stores, churches and bazaars make fires easy to start. Light inflammable decorations to stores, churches and bazaars make fires easy to start.

Take all precautions possible to free your store from the element of danger from fire, and those persons who take part in the celebration should be careful and see that every precaution possible is made for the safety of those who take part in the celebration. Just be on the alert to prevent fires and by doing so you may help in saving lives, property and contributing to a Merry Christmas.

BEAVER ANNUAL PATRIOTIC

Accurate Record of Every O. A. C. Student in Service Sought.

OREGON AGRICULTURAL COLLEGE

Corvallis, Dec. 12.—(Special.)—The Beaver annual of the Junior class will be a patriotic edition. The college is making every effort to secure an accurate record of every O. A. C. student who is in the service or who has been.

At the Theaters.

Hippodrome.
The three farmerettes, in costume which promises to become prevalent and which are exceedingly attractive as feminine apparel, prove one of the diverting numbers in the interesting new bill at the Hippodrome, which opened yesterday. Report says that the idea for the brilliant little act in which these three pretty girls sing sweetly, originated after hours spent on a real farm, but the girls are too dashing and up-to-date to project the farm idea far.

Chamberlain and Earle are a clever pair of chatterboxes, with a flock of new songs and character delineations. A rapid-fire sketch is called "Here and There," in which Daniel Russell, a finished, brilliant artist, plays the lead and sponsors the sketch, which is in the form of a one-act play.

Two sensational, hair-raising numbers find interesting places on the bill. One is the aerial novelty act offered by the two Cornelia sisters, graceful and agile physical culture maids. The other is the exceedingly smart turn in equilibrium offered by the Totos. The feature of their act is amazing stunts performed on a pedestal eight inches square placed ten feet above the floor level of the stage.

The O. Henry stories prove of unusual interest when made into films, and the present one, "Everybody's Girl," featuring Alice Joyce as Florence, the little milliner, is of great interest.

OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 12.—(Special.)—There is much rejoicing over the extension of the Christmas vacation, which will be from December 21 to January 2. Special provision for the registration of women students during the last week

'Mother and Her Pets

Love Candy Cascarets

Careful mothers know that Cascarets in the home means less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold, a Cascaret quickly and harmlessly works the poisons from the liver and bowels and all is well again.

TO MOTHERS!

While all children detest castor oil, calomel pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets work the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for children aged one year old and upwards as well as for adults.

Declares Nothing Ever Helped Him Until He Took Tanlac.

Gains 15 Pounds.

"Nothing ever helped me until I got Tanlac, and now I'm feeling just like a different man," said Calvin M. Thomas, of 142 Shaver street, Portland, Or., who took the Owl Drug Store's recently introduced Tanlac for rheumatism.

"Three years ago," he continued, "I was taken with a rheumatic pain and soreness in my left arm, then in my right arm, and soon the rheumatism got all through my body. During this time I tried all sorts of medicines, used bottle after bottle of liniments and even took electric treatment, but kept getting worse. Three months ago I got into such a bad fix that I just had to lay off from my work for two weeks. For a week of this time the pain in my shoulders was so bad that I couldn't lay down and had to prop myself up in bed in order to get any sleep or rest at night. I had fallen off thirty-seven pounds in weight and was just going down hill all the time.

"Finally a friend of mine at the shipyards, where I work, advised me to try Tanlac, saying it had relieved him of the same kind of trouble. So I lost no time in getting me a bottle of Tanlac, and I have never seen or heard of its equal. I am so much better of the rheumatism that I hardly notice it any more and Tanlac is just building me right up. I have already gained back fifteen pounds of my lost weight and am still improving right along. I am going to keep on taking Tanlac for a while yet to make sure the rheumatism is all out of my system, for I certainly don't want any more suffering like I had during the past three years. I am also going to have my wife and son take it to build them up, and I cheerfully recommend it to everybody.

Rheumatism is not only one of the most prevalent, but one of the most painful and difficult to treat of all present-day diseases. When the digestive organs and bowels are not working properly and the kidneys become clogged up, the whole system becomes deranged and saturated with uric acid poisons and other impurities, which accumulate in the joints and other parts of the body and produce the condition known as rheumatism.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions so that the impurities are soon eliminated from the system in their natural way. Liniments and external applications as a general thing, only afford temporary relief. Tanlac is a constitutional treatment and gets right at the root of the trouble by removing the cause.

Tanlac is sold in Portland by the Owl Drug Co.—Adv.

Banking Head Due Today.

John Y. Calkins, deputy governor of the Federal Reserve Bank at San Francisco, will arrive in Portland this morning from Spokane, spend the day here and proceed to California tonight.
