

CITIZENS ASKED TO ENTERTAIN SOLDIERS

Mayor Baker Issues Appeal to Extend Christmas Cheer.

DINNER FOR ALL DESIRED

Appeal Is Sent Forth to Families Who Can Extend Hospitality to Men in Service.

MAYOR ASKS THAT DOORS BE OPENED TO ENLISTED MEN

December 20, 1918. It behooves us, the citizens of Portland, to show to the men in uniform that deep appreciation that we have for the inestimable service they have rendered, many of them working inconspicuously and unromantically, but none the less earnestly and successfully, in the prosecution of the war. Denied though they were the prospect of seeing service abroad, they kept on with the work they were ordered to do. Now that the Christmas season is here, may we not assume the privilege to have these men in our homes to join us in the proceedings of peace and happiness, and may we not sign ourselves for the purpose of relieving them of the sadness that must be theirs by the enforced separation at this time from the families and friends they love and cherish. Let us then open up our hearts and homes and offer to these loyal men the best of our hospitality. GEORGE L. BAKER, Mayor.

Christmas day, with its hours of enjoyment for those privileged to be at home, will find 12,000 soldiers and sailors in Portland and vicinity, most of them detained far from home firesides. With discharges so near at hand, yet so far away, they are the more lonely. It is one of the plans of the Mayor's Christmas celebration that every man in the khaki and blue at the city's gates who craves a bit of appreciation, the friendly touch of hospitality, shall be entertained at some Christmas dinner in Portland. This is the spirit of the plea he makes.

More Responses Needed.

Through the churches, the clubs, the hotels, and the theaters the appeal has gone forth. Some 35,000 cards on which generous families and individuals may invite soldier or sailor guests to share the glad feast have been distributed. Early response has been good, says Mrs. H. Sherman O'Gorman, committee chairman to whom the cards are returned, but more homes should today and tomorrow send in the card or notification which will bring them one or more guests, it is said. Many soldiers and sailors already have registered at the "Soldiers and Sailors' Club" and the War Camp Community Service headquarters at Vancouver Barracks Major Percy Smith, in charge of the Red Cross, awaits 1500 invitations which he may pass out to the men stationed here. The Mayor's dinner must be held if Portland is not to fall short of what she is expected to do.

Hotels Give Assistance.

Request cards will be found at the places designated at Liberty Temple and 204 Northwestern Bank Building. If a card is not readily accessible the home or individual may apply to the request for guests to Main 654 and card will be taken to record and pass it along.

Full co-operation of the hotels has been given. Arrangements have been made to provide dinners that unattached persons may pay for in addition to those generously donated. Every payment of \$1.50 to this fund will place in the hands of an enlisted man a dinner ticket which guarantees him a feast at the hostelry of his choice. Contributions to this fund have been made to the War Camp Community Service by many department store workers and professional men and women. Payments may also be left in the hands of any hotel manager and will be given by him into the general fund.

BRITISH PRESS IS HOPEFUL

Nation Eager for Opportunity to See President Wilson.

LONDON, Dec. 20.—Newspapers here make extended comments on the impending visit of President Wilson to England. The Daily News expresses profound satisfaction over Mr. Wilson's plan and adds:

"Every section of the nation is eager for an opportunity to display its attitude and admiration of the President's unflinching idealism and steadfastness of purpose."

The newspaper hopes that nothing may stand in Mr. Wilson's way to prevent his coming in personal contact with the people of this island.

The paper contends that it is necessary to press forward to the negotiations and name conditions of peace for Germany and determine the future of Russia.

"Only swift decision by the allies," it says, "will enable Germany to resume something like her normal life. The condition of Russia is a matter upon which Mr. Wilson's voice can carry greater weight than any other. He has no material considerations to influence him and no question of the bondholder will affect his judgment. He presumably has full knowledge of the facts—which the people of this country have not—and a straightforward declaration from him that the allies are taking the only course open to them would dispel misgivings which Viscount Milner's statement yesterday left unallayed."

VICTOR EMMANUEL IN PARIS

Italian King Formally Received by City Council.

PARIS, Dec. 20.—King Victor Emmanuel of Italy was received this afternoon at the Hotel de Ville (City Hall) by the Paris Council. On his way, through the city from the Foreign Office he was cheered by the large crowds. The weather was miserable and there was a drizzling rain.

The fact that Italy has created a new Italy in a new Europe, declared President Poincare in toasting King Victor Emmanuel at a banquet in the palace of the Elysee.

The greatness of Italy, the President said, was due to the intervention of the King, which had resulted in the destruction of former diplomatic combinations and the tightening of the bonds of sentiment and interest between France and Italy. Italy and France were allies in the war and would remain united in peace, he said.

King Victor Emmanuel expressed thanks for the cordial welcome in Italy and Italy, he continued, were at the threshold of an era of pacific collaboration and had a great common mission to accomplish.

SHIPPING TO BE RELEASED

GOVERNMENT PLANS TO HELP AMERICAN TRADE.

Hope Is Expressed by Mr. Hurley That U. S. Can Get Hun Ships to Bring Soldiers Home.

PARIS, Dec. 20.—As a result of conferences between Edward N. Hurley, chairman of the American Shipping Board, and General Pershing, plans have been formulated whereby approximately 1,000,000 tons of shipping now used to supply the American Army in France will soon be released for American shipping. The release of this tonnage is being urged by the American shipping board for the purpose of providing for the products of American factories which have turned from a war-time to a peace basis has made some immediate move necessary.

The American authorities are pressing for control of German passenger ships tied up in Hamburg and other ports, so that they may be used in taking home American troops. The total capacity of all passenger ships at present at the disposal of the American Government will permit the return home of about 100,000 men a month. If the German passenger ships can be secured, it is estimated that this number can be increased to 150,000 men monthly.

The American officials here attach the greatest importance to the need of supplying merchant tonnage to industries in the United States. It is understood that the British insurance rate will be reduced soon approximately to the rate in force in the United States. A similar step is being urged with regard to American insurance rates.

ADVISER TO CHINA NAMED

JAPANESE FINANCIER TO EFFECT CURRENCY REFORM.

Gold Standard Expected to Bring Better Trade Relations Between Nations.

WASHINGTON, Dec. 20.—Information that Baron Sakatani, one of the leading financiers of Japan, has been appointed financial adviser to the Chinese government, was received at the State Department today from Ambassador Morris at Tokio. Baron Sakatani in accepting the appointment, Mr. Morris said, gave a statement to the newspaper press in which he indicated a currency reform by adoption of the gold standard, with an ultimate view to better trade relations between Japan and China.

GENERAL UPSET IS AIM OF HINDENBURG

Counter-Revolution in Germany Seems Near.

GOVERNMENT IS HELPLESS

Commander and His Associates Believed to Be Developing Plot to Assert Authority.

PARIS, Dec. 20.—Field Marshal von Hindenburg has telegraphed the Berlin government advising it of his intention to form a new front six miles behind the neutral zone fixed by the armistice, according to a dispatch to Le Journal from Zurich today.

The government has asked the Field Marshal for an explanation, adds the dispatch, but has not yet received a reply.

It also is announced that two regiments of the active army will be sent to Frankfurt-on-the-Main at an early date.

Government Held Helpless.

The correspondent affirms that Major-General Scheuch, the Prussian War Minister; Field Marshal von Hindenburg and General Lequid (probably Lieutenant-General Lequis, former governor of Metz), who is in command of the active troops in Berlin, are behind a counter-revolutionary movement. He declares that the existing government is manifestly incapable of preventing the realization of its scheme.

BERLIN, Dec. 19.—(By the Associated Press.) The congress of soldiers' and workmen's councils has decided that elections to the national assembly shall be held January 13. Those opposed to the summoning of a national assembly polled only 40 votes out of a total of 240.

Change Brings Applause.

The changing of the date for the elections from February 15, originally agreed upon, to January 13, by this virtually overwhelming majority, was greeted by loud applause from the floor of the house and from the galleries, which were filled with sympathizers of Dr. Karl Liebknecht, leader of the Spartacus group of Socialists. There had been nervous tension throughout the day in the fear that Liebknecht might attempt a coup to disperse the congress and to dissolve the council. However, the only incident being the withdrawal of the Independent Socialists as a protest against a statement of Herr Haase regarding the attitude of the cabinet toward the new executive committee still to be chosen. Haase claimed the old executive committee distributed measures, even against the advice of the executive committee, whose only reply could be to remove the cabinet.

New Committee Completed.

The election of a new central executive committee has been completed. The Socialist members are largely in the majority, giving the cabinet a support it has not enjoyed since the beginning of the revolution. Many of the members really able men, but radicals like George Lebebour, Dr. August Mueller and other members of the old executive committee have been eliminated.

AMSTERDAM, Dec. 20.—All the leading officials of the German Foreign Office are on strike as the result of the government's acceptance of the resignation of Dr. Solf as Foreign Minister, according to the Rhenish Westphalian Gazette. None of the officials has appeared for duty in the last several days. The routine work of the Foreign Office is piling up and there is nobody to look after it.

BERLIN, Thursday, Dec. 19.—(By the Associated Press.) Revolutionary financing as it is practiced by the executive committee of the Berlin Council of Soldiers' and Workmen promises to lead to interesting revelations when the final accounting takes place. Out of town delegates who are present for the congress of councils now in session, charge the Berlin executive committee with extravagance and inefficiency and this seems only mildly to characterize the real conditions.

Treasurer Faces Trouble.

Much curiosity has been aroused through the contradictory statements that have been made by the treasurer of the committee, and the Taegliche Rundschau asks: "Whence come the monies?" It calls attention to the fact that the soldiers and workmen's council attached to the home general staff asserts that 600,000 marks of the official army funds were seized in the early days of the revolution, whereas only 450,000 were reported.

"It is imperative to establish," adds the newspaper, "whether the full sum was actually seized."

SETTLEMENT NOT IN SIGHT

CHILE AND PERU MAY APPEAL TO PEACE CONGRESS.

Thousands of Nitrate Workers in Tarapaca District Ordered to Return to Peru.

BUENOS AIRES, Dec. 20.—Latest press dispatches from Chile report that political circles there see small hope in settling the controversy with Peru and Bolivia by compromise. It is reported in Chile that Peru intended to carry the question of the provinces of Tacna and Arica to the peace congress.

Reports from Lima, Peru, say that 18,000 nitrate workers in the district of Tarapaca had been ordered by Chile to return to Peru. Chilean papers say that the nitrate workers are returning voluntarily after having been discharged from their positions because of the present nitrate crisis. The Peruvian government is reported to have appointed a commission to care for the workers.

Press dispatches from Lima today assert that anti-Peruvian manifestations are general throughout Northern Chile.

(Continued From First Page.) compatible with the conception of a league of free nations.

"A great part of the President's popularity is due to the knowledge that he is the father of open diplomacy, which it was understood would be the course adopted at the forthcoming sessions.

"We, having learned enough of the evil secrecy during the last four and a half years, therefore are alarmed at rumors which have not yet been officially contradicted, that the doing of the peace conference are to be wrapped in a black cloak of silence. So far as the United States is concerned, I have been assured by neither the French nor American governments will exercise any control over the cables conveying news of the proceedings of the conference, except such amount of control as is necessary in rationing to each newspaper and news distributing agency, made obligatory by the fact that the Atlantic cables already are loaded beyond their capacity."

New Committee Has Task.

The congress yesterday, by an overwhelming vote, declared itself in favor of the new central committee to be appointed assuming the financial legacy of the retiring board, claiming the latter to be a purely Berlin organization.

In the corridors of the House of Deputies yesterday it was asserted that among other items of receipts and expenditures which could not be traced through the revolutionary bookkeeping was the sum of 250,000 marks, comprising official funds seized, the ultimate disposition of which had not yet been established.

LONDON, Dec. 20.—In discussing the attempts of the present leaders of Germany to shift the blame for the war and the manner in which it was waged, the Times in an editorial today says:

Huns Not Yet Penitent.

"The majority of articulate Germans altogether refuse to confess that Germany has been guilty of any particular crime, either in provoking the war or in her conduct of it. They deny that she has been the aggressor and represent her as the innocent victim of unheard-of persecution since the conclusion of the armistice.

"The masses of the German people were, in fact, accomplices in the crimes of militarism. They were accomplices because they approved its ends and had no remorse as to the use of its most inhuman means. They bounded on the former Emperor, his generals and statesmen until defeat fell upon them. They will do better to confess the truth. They merely add to their turpitude because they know these crimes by trying to shelter themselves under the shameful plea that the great German people did not know of the crimes of their rulers or board, claiming the latter were too craven not to applaud them."

INQUEST BRINGS SURPRISE

SISTER OF MURDERED MAN TELLS OF INVITATION.

"Unwritten Law" and Self-Defense May Be Set Up in Nels Carlson Case.

Recommendation that Nels Carlson, confessed slayer of Gus Johnson, 327 Williams avenue, be held to the grand jury, was included in the verdict of the coroner's jury, which investigated the case last night. The "unwritten law," and possibly self-defense, probably will constitute the defense.

Mrs. Alfred Johnson, sister-in-law of the dead man, and at whose home he lived, sprang the only surprise of the inquest. She said her brother-in-law had told her of Mrs. Carlson's inviting him to come to her window at midnight Wednesday, the night before he was shot.

"My goodness, I wouldn't dare do that," she said her brother-in-law told her he replied.

"Oh, he sleeps so soundly," is the reply Mrs. Carlson was said to have given.

Mrs. Johnson said she believed Mrs. Carlson wanted to warn him against her husband. John E. Logan, Carlson's attorney, dwelt strongly on this portion of the testimony. Mr. Logan also evinced great interest in a wrench that lay close to Johnson's body.

Deputy District Attorney Cahalan represented the state. Coroner Smith presided.
