SALEM, Or., Dec. 30,-(Special)-Lester G. Hulin, a capitalist of Springfield, Lane County, has been appointed by State Treasurer-elect O. P. Hoff to the post of assistant treasurer. He will assume the duties of the position when Mr. Hoff becomes State Treasurer on January 6 and will succeed Thomas F. Ryan, who was Hoff's strongest com-petitor for the Republican nomination

Mr. Hoff made the announcement to-day and at the same time announced the complete personnel of the office as it will stand beginning with January 5. It is believed by some observers that Mr. Hulin will hold the appointment only until the coming Legislature ad-journs, and that he will then be suc-ceeded by Joseph G. Richardson, of Portland. Richardson has been men-tioned most frequently as Hoff's probtioned most frequently as Hoff's prob-able choice for the assistant treasur-ership, but the fact that he is a member of the Legislature from Multnomsh County makes his appointment at this time impossible under the law. #### TRAFFIC HEARING CALLED

PROPOSED CHANGES IN ORDI-NANCE TO BE DISCUSSED.

Portland People Wre Are Interested Are Requested to Attend and Present Views.

All residents of Portland who are interested in traffic conditions have been urged to attend the public hearing at 16 o'clock this morning, called by Mayor Baker to consider changes to the present municipal traffic laws. Mambers of the traffic department of the Police Bureau have worked for

several months, in conjunction with the City Council and City Attorney La-Roche, reframing a set of traffic rules which, it is believed, will relieve the present congestion of Portland's downtown section. Among the important changes em-bodied in the proposed traffic amend-ment is enlargement of the present

congested district, in which automo-biles are permitted to remain for only thirty minutes. This area will extend from the river to Tenth street and from Taylor to Irving street, if the proposed amendment is adopted. Arnett, Jas. J., Parms, Idaho,

Big favorites invariably are the four Chinese exponents of harmony and fun, the Chung Hwa Four. They appear in native garb and offer a native song smilingly and then dash into splendid singing.
