Marine preferred was heavy from the outset on cables indicating another hitch in the transfer of its British tonnage to the United States Government, and the setback is metals coincided with reports of further cutting of prices. Sales amounted to \$35,000 shares.

Liberty and international bonds were 49.00 steady, but other issues were inclined to ease, a noteworthy feature being the break of 5% points in Denver & Rio Grande refunding 5s. Total sales, par vaius, aggregated \$8,875,000. Old United States bonds 60.00 per bu.

Fractically no sales of Oregons have been made since the market stood at the 30-cent market. Buyers raised their bids to 32½ cents, then to 35 cents and yesterday 37½ cents was offered, while an option was taken at 30 cents.

In California up to 38 cents is known to have been paid for last year's crop and the dealers there are talking a 40-cent market.

Sales of Oregon hops of the 1917 growth have been made at 25 cents and holders of 1916 hops are asking 20 cents. Not much trading has been done in olds, but with the new crop nearly gone more business is expected in the older grawths.

> COLLEGES WILL BE PAID Reimbursement for Losses Through

Demobilization Promised.

NEW YORK .- Equitable financial adjustments will be made by the War Department with educational institu-tions which have suffered loss by reason of the demobilization of the stu-dents' army training corps. The an-nouncement that such an arrangement had been reached was contained in a letter from Major Raiph Barton Perry. secretary of the committee on educa

tion of the general staff.
"The War Department," Major Perry said, "is fully aware of the force of the argument in favor of continuance of the students' army training corps. The demobilization will, in some doubtless result in inconvenience to the institution. The committee on education has, however, been authorized to equitable financial adjustments. It is also recognized that in many case the individual students will suffer hardships. "It should, however, be clearly borne

n mind that no man inducted into the students' army training corps was promised an education at Government expense. He was inducted into the Army for the purpose of receiving spe-cial additional training in connection with his purely military training, al-ways with a view to the needs of the
