

SPORTING CHANCE IS ASKED FOR GERMANY

Count Von Montgelas Urges Lenient Treatment.

RECOVERY IS COUNTED ON

Only Danger Lies in Food Situation, Now Serious, Says Minister to Switzerland.

BERNE, Jan. 6.—(By the Associated Press.)—Germany will slowly recover from disasters wrought by the war, but in a democratic not from a monarchial spirit, according to Count Max von Montgelas, formerly in charge of American affairs in the Foreign Office at Berlin, and now German Minister to Switzerland.

"This recovery," he said, today, "will be endlessly hard and will require every ounce of German discipline, but it can be accomplished only in case the entente nations give Germany a sporting chance."

New Germany is Sighted. Count Montgelas is hopeful that recent changes at Berlin indicate a beginning for new Germany which will definitely exclude threatened Bolshevism. He believes the German people too sensible and level-headed to be overwhelmed by it, unless the food situation grows worse and the public is subjected to the alternative of dying or rioting.

One by one your good teeth go

Yes—unless you check "Acid-Mouth," you probably will be minus several teeth at forty-five and very likely minus all of them at sixty.

For even though "Acid-Mouth" is a slow-working condition it has the power to destroy all of the teeth unless it is checked.

95 in every 100 persons are said to have "Acid-Mouth." The best way to counteract the condition is to combine twice-yearly visits to your dentist with the twice-a-day use of Pebecco Tooth Paste.

Pebecco does counteract "Acid-Mouth," and is a splendid promoter of attractive teeth and firm, healthy gums.

FESTIVALS TO BE MERGED

VICTORY CELEBRATION AND ROSE EVENT MAY BE ONE.

Committee on Organization Named and Plans for Event Are Considered.

Whether a Rose Festival will be held here this year or at any time in the future has not yet been decided, in spite of the fact that a meeting of the Royal Rosarians was held yesterday afternoon at the Chamber of Commerce for the sole purpose of bringing about a definite decision on the question.

It is known, however, that there will be, during the month of June, a mammoth celebration to be known as the Victory celebration, and plans for this event already are under way.

In all probability the big features of the Rose Festival will become a part of the Victory celebration and the biggest of the whole thing will take on the appearance of two celebrations in one.

Resolutions favoring the consolidation of the two celebrations were adopted by the Rosarians and read to the soldiers, sailors and marines' reconstruction committee, which was in session in an adjoining room.

Nature's Remedy for Blood Troubles.

The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier.
