

STUNNING BLOW IS DEALT SPARTAGANS

Republican Guards Turn to Government.

TROOPS POURING INTO BERLIN

Eichhorn Reported to Have Disappeared.

EBERT PARTY NOW GAINING

Proclamation Issued Declares Bolshevik Uprising Will Be Put Down Within Few Days.

LONDON, Jan. 10.—At a critical moment in the fighting Thursday, according to Berlin advices by way of Frankfurt, the corps of Republican Guards, which had been supporting Spartans, the Spartans police chief, deserted him. Fourteen companies numbering 3600 men placed themselves at the disposal of the government, whose troops then were pouring into the city to the number of between 7000 and 8000, each carrying 50 rounds of ball cartridges.

A battalion of students has been raised and armed by the government and airplanes are hovering menacingly over the buildings occupied by the Spartans.

Blow Dealt to Spartans

The occupation of the offices of the Ebert government, dispatches declare, is a greater blow to the Spartans than appeared on the surface. The officers served as a telephone center for Dr. Liebknecht, Rosa Luxemburg and other Spartans leaders who now have been cut off from telephonic communication.

The elimination of Eichhorn, the Spartans police chief, whose refusal to resign led to the present trouble in Berlin, may be an accomplished fact. A Zurich report received here says that he has fled from Berlin, while a report from Frankfurt says that Herr Richter, a municipal councillor and a majority Socialist, has been appointed temporary head of the Berlin police.

Some Railroads Operated.

Other reports from Berlin say that the government had been able to operate a few trains on the main railroad lines.

It is said that 5000 employees of the printing establishments of Scherl, Ullrich and Mosse have refused to declare a general strike.

PARIS, Jan. 10.—(Havas.)—The latest news received from Berlin indicates that the government forces have withdrawn the barred zones inside the city and succeeded in effecting a junction between the troops coming from the provinces and those already in the city.

BERLIN, Thursday, Jan. 9.—(By the Associated Press.)—This whole Bolshevik uprising will be put down within three days. We are absolutely sure of our position. The entire bourgeoisie and three-fourths of the Berlin workmen are with us. This statement was made to the correspondent today on behalf of the Ebert government. The speaker added:

Government Fully Prepared.

"The report that martial law will be declared is incorrect, but we have made every military preparation demanded to meet the situation."

Apparently the bourgeois forces are supporting the Ebert Cabinet more or less solidly, if their newspapers are any criterion.

It may be significant that the government's latest proclamation is addressed to "fellow citizens," whereas former proclamations were headed, "Comrades," the name by which the Socialists address each other. In addition to the students of the University of Berlin, who are supporting the government, the students of the technical college have responded to an appeal from Herr Noske, military governor of Berlin, to place themselves under his command.

Army Officers With Noske.

German army officers in Berlin have taken an oath to support Noske. Sailors announced that they are neutral.

BERLIN, Thursday, Jan. 9.—(By the Associated Press.)—The government today issued a proclamation attacking Die Freiheit for its continued denunciations of the Ebert-Scheidemann Cabinet, while at the same time attempting to act as negotiating agent for the radicals who are plotting to overthrow the government. The proclamation accused the newspaper not only of publishing a vicious and distorted account of the street fighting and of charging the government troops with needless brutality, but also of engaging in double-dealing and treachery in leading its henchmen, including Haase, Dittman, Barth and Breitscheid, to act as emissaries for the Spartans.

Haase Cohorts Determined.

The role of Haase and his friends in the present conflict is still a matter of conjecture. The fact that the former Cabinet member and leader of the independents has been unable to prevent his party's newspaper from publishing the Spartans' appeals and otherwise giving the insurgents active journalistic aid is now generally interpreted as proving that the Haase

LEGISLATURE NOT IN CONTROL OF COUNCIL

SESSION WILL OPEN MONDAY WITHOUT INTERFERENCE.

"Third House" to Be Suppressed In so Far as It Presents Danger of Spreading Disease.

SALEM, Or., Jan. 10.—(Special.)—The City Council, sitting as a board of health, at a meeting tonight decided not to make any effort to interfere with the session of the Legislature, which opens here Monday, but, owing to influenza conditions, a strict ban will be placed on crowds in the lobby at the State Capitol.

Legal advice given to the Council was to the effect that the two houses had complete control of what is done in the respective chambers, but that the lobby and corridors of the Capitol come under city regulations as public places. The Council will do away with the "third house" insofar as it presents danger of spreading the disease.

In a resolution the board named Paul Johnson, Dr. F. Lutter and Otto J. Willson, councilmen, as members of a committee to give assistance to the Red Cross in handling the disease. They also are instructed to give any financial aid that may be necessary. More nurses will be imported from Seattle at once.

In addition, 100 more idle school teachers will be asked to assist in canvassing the city and determine what houses are now unquarantined and which should be placed under such regulations.

It was decided, for the present, to make no attempt at enlarging the already rigid closing and quarantine restrictions.

DENTISTS FIGHT MEASURE

Washington Society Condemns Proposed Regulation.

TACOMA, Wash., Jan. 10.—(Special.)—The Washington Progressive Dental Society, an organization composed principally of practicing dentists, held an incorporation banquet here today. Dentists from every part of the state attended.

The following officers were elected: Dr. Seth C. Maker, Tacoma, president; Dr. A. S. Mark, Tacoma, treasurer.

On the board of trustees are Drs. Wilson, Matthews and Stein, Spokane; Drs. Gilbert, Simpson, Johnson and Dorfner, Aberdeen; Dr. Green, Olympia; Dr. Longwood, Bellingham; Drs. Norris, Johnson, Burns and Morton, Tacoma; and Drs. Pipes, Mellor and Clark, Seattle.

The proposed law regulating the practice of dentistry was condemned.

POISON SALAD KILLS FOUR

Colored Hosts and Guests at Boise Dinner Succumb.

BOISE, Idaho, Jan. 10.—(Special.)—The tragedy in the asparagus poison case is growing. That morning to die of the eating of asparagus salad Tuesday night was Mrs. Eleanor Ridge, following the death of Mrs. Clara Schukard Hubbard, which occurred Thursday night. Mr. and Mrs. Smith, at whose home the dinner party was given, died Wednesday afternoon.

All are well-known colored people of Boise. They were invited to the Smith home for dinner and ate home-canned asparagus.

LUDENDORFF PLANS EXIT

Permission to Stay in Sweden for Short Time Asked.

STOCKHOLM, Jan. 10.—General Ludendorff, former Quartermaster-General of the German armies, has applied to the Swedish government for formal permission for himself and his wife to stay a short time in Sweden. The application has been granted for one month.

Soon after the collapse of the Hohenzollern dynasty in Germany it was reported that General Ludendorff had fled to Sweden. A dispatch earlier in the week said he was living on a farm in Sweden.

BRITONS DINE AMBASSADOR

John W. Davis Among Guests at Pilgrims' Luncheon.

LONDON, Jan. 10.—The British branch of the Pilgrims, which, according to tradition, is the first public organization in England to entertain non-American Ambassadors, today had John W. Davis, the new American Ambassador, as their guest at a luncheon.

A distinguished assemblage of British and American public men was present.

MINE CONVENTION CALLED

Northwestern Operators to Meet in Spokane in March.

SPOKANE, Jan. 10.—The annual convention of the Northwest Mining Association, comprising mining operators of Northwestern states and the District of Columbia, will be held here March 10 to 15, it was announced today by Frank C. Bailey, the secretary.

Originally set for next month, the convention was postponed on account of the influenza epidemic.

WILSON PLAYS NINE HOLES

President Passes Afternoon on Golf Course at St. Cloud.

PARIS, Jan. 10.—Although it was cold today and the sky was overcast, President Wilson and Mrs. Wilson went out unaccompanied to St. Cloud this afternoon.

The President played nine holes of golf on a soggy course.

ARGENTINE OPENS WAR ON STRIKERS

Pitched Battles Waged in Buenos Aires.

GOVERNMENT RALLIES FORCES

Military Dictatorship Assumed by Commander.

CASUALTIES EXCEED 100

Business Houses Closed and Streets Are Littered With Wreckage.

Bolshevik Agitation Blamed.

BUENOS AIRES, Jan. 10.—(By the Associated Press.)—At 11 o'clock tonight battles between strikers and police were raging in all parts of the city. There was a particularly sharp conflict in front of the postoffice. If the fighting spreads in this district it probably will be necessary to close the cable offices.

Several attempts were made to capture the first district police station, one block from the American consulate. It is impossible at this time to make any calculation of the number of casualties.

(By the Associated Press.)

BUENOS AIRES, Jan. 10.—Several persons were killed in clashes between strikers and government forces today.

The government, in view of the increasing gravity of the situation, decided to adopt the most severe measures to bring about normal conditions. The soldiers and police were instructed to put down violence regardless of the cost in blood. The regional federation has ordered that the general strike be continued indefinitely and instructed its members to oppose all acts of aggression by the government forces under the command of General Delleplaine, who has about 4000 men.

General Delleplaine, commander of the forces opposing the strikers, has assumed a military dictatorship and has taken over all the forces of the government. This action, it was explained, in no wise constitutes a measure unfriendly to President Frigoyen.

General Supreme Commander.

General Delleplaine's assumption of dictatorial powers followed two serious attempts by strikers to capture police headquarters. He has assumed the functions of the ministers of war, the navy and the interior, making himself supreme commander. His supporters say he is exerting all the forces at his disposal for, and not against the government.

According to General Delleplaine's

REPUBLICANS RAP RED PROPAGANDA

Memorial Urged in Honor of ex-President.

RETURN OF PARTY IS ASKED

Democratic Administration Is Assailed for Its Socialism.

WOMEN SIT IN COMMITTEE

Speakers Declare That Election of Republican President Is Essential to Nation's Future.

CHICAGO, Jan. 10.—Denunciation of Bolshevism and insidious Socialist doctrines marked numerous addresses today at the meeting of the Republican National Committee here, several speakers declaring that the election of a Republican President is all that can save the country from evil days in the future.

With women sitting in the councils of the party for the first time in its history the day was a veritable love feast at which plans were laid and campaign strategy discussed. Chairman Will H. Hays established a precedent by delivering a short prayer before he called the meeting to order.

Roosevelt Memorial Proposed.

Later in the day Chairman Hays suggested that the committee consider what it might do to express its admiration for the late Colonel Roosevelt. Acting upon this suggestion the committee decided to appeal to the Republicans of the country to erect a permanent memorial to the former President. It is planned to raise the necessary funds by popular subscription.

The character of the memorial is to be decided upon by a special committee, of which W. B. Thompson, of Yonkers, N. Y., is chairman. The other members of the committee will be named by Chairman Hays later.

Chairman Hays Pays Tribute.

"We have no idea at present just what the memorial will be or how much it will cost," said Chairman Hays. "It may be a library table for monument or some kind of a building that will cost millions of dollars."

In suggesting the idea to the committee Chairman Hays said: "I suggest for your consideration the idea that this committee sponsor a movement for the development of a permanent memorial to the memory of Theodore Roosevelt. Just what the nature of this might be or the extent

(Continued on Page 2, Column 1.)

METAL TRADES NOT FOR GENERAL STRIKE

PACIFIC COAST COUNCIL FAVORS SEPARATE CONTRACTS.

Macy Agreement to Be Disregarded Save as Basis for Minimum Wage Scale.

There will be no general strike of organizations affiliated under the Pacific Coast Metal Trades Council as a protest against alleged unjust features of the wage schedule, as rearranged under the last decision of the Shipbuilding Wage Adjustment Board, but before adjourning at noon yesterday it is understood the council determined the future policy will be to disregard the Macy agreement and negotiate separate and private contracts wherever possible.

In fact, so it has been reported, there is every reason to expect the Skinner and Eddy yard, at Seattle, will negotiate such an agreement at any time and it is expected other plants will follow. The probabilities are that in such negotiations the Macy scale will be regarded as a minimum, and separate agreements with employers provide for the payment of wages above that, or a change in working conditions.

At any rate, the situation presents a peculiar aspect, and, on the delegates adjourning yesterday, it was generally felt they had accomplished creditable work.

BOXCAR STRIKE IS SETTLED

Workers at Renton Plant Agree to Return to Work.

SEATTLE, Wash., Jan. 10.—Five hundred employees of the Pacific Car & Foundry Company, of Renton, Wash., near here, who have been on strike since November 20, will return to work at once as the result of an agreement announced today by O. D. Colvin, general manager of the company, between the company and the men. Common laborers, he said, were granted a wage scale of 52 cents an hour, double pay for overtime, and a 48-hour week was established.

The company's plants at Renton and Portland, Or., have a contract for production of 200 boxcars, valued at \$6,000,000.

BUGGIES ARE GOOD ENOUGH

Secretary Glass and Postmaster-General Want No Autos.

WASHINGTON, Jan. 10.—Secretary of the Treasury Glass and Postmaster-General Burleson prefer the time-honored horse-drawn vehicle to the automobile.

In deference to their wishes the House appropriation committee amended the legislative bill today so as to provide carriages for their personal use instead of automobiles which will be furnished other members of the Cabinet.

LUCK IS AGAINST AIRMAN

Cadet About to Get Commission and Discharge Killed.

PORT WORTH, Tex., Jan. 10.—Flying Cadet Henry Martin Schleiher, of Pearl, Ill., was killed here today, when he collided in mid-air with Cadet Charles T. Carl. Carl was unhurt.

Schleiher had only two and one-half miles more to fly before he would have received his commission and discharge.

De France Named Commissioner.

PARIS, Jan. 10.—(Havas.)—Julius A. De France, the retiring French Minister to Belgium, has been appointed French High Commissioner to Turkey. It is announced today.

MENACE OF PEACE DELAY GROWS FAST

Diplomatic Dilly-Dallying Irritates Allied Peoples.

QUICK ACTION IS DEMANDED

British Armies Restive Over Demobilization Slowness.

SPREAD TO FRANCE FEARED

Lloyd George Forced to Stay in England to Quiet Situation Existing Among Soldiers.

BY JAMES M. TUOHY.

(Copyright, 1919, by the New York World, Published by Arrangement.) PARIS, Jan. 10.—(Special Cable.)—Premier Lloyd George's arrival in Paris, which was arranged for today, is delayed because of the difficulties attending demobilization in England. Now Lloyd George cannot attend the preliminary meeting here until Sunday or Monday.

At the permanent chiefs of the British Foreign Office are at the Hotel Majestic now, and Foreign Secretary Balfour is expected today from Cannes, where he is being resting.

Delay Causing Trouble. It was stated in these dispatches a week ago that the desire for quick demobilization among the men of all the allied armies would prove the most powerful lever in quickening the pace of the peace negotiations. The results of the undue delay in beginning the negotiations are becoming increasingly apparent, and as they grow more serious there is growing, too, a fierce demand, both in England and France, that the responsibility for that delay should be fixed.

According to one report Lord Curzon, now acting as Balfour's deputy in the British Foreign Office, turned down Premier Clemenceau's request that the peace conference be summoned soon after the armistice was signed.

According to another report, the delay was due to the unreadiness of the French government to begin the work of the conference. This indisposition, it is suggested, was inspired by the expectations that, after the lapse of a few weeks, the condition of Germany would render it easier to exact the required terms from her government.

Developments Are Unexpected.

This idea apparently rested on the assumption that fear of its dissolution would spur on the German government to a settlement.

But the existing condition, in which that government has become a dissolving view, steadily growing more intangible and impossible to deal with, was entirely unforeseen.

The fact that the Premier's personal intervention was invoked to straighten out the demobilization situation in England is certain evidence that it has got beyond the powers of the other authorities, for the Premier is called in only when matters reach the danger point.

What the Daily Mail calls a policy of "dilly dally" in relation to both demobilization and the meetings of the peace conference, is responsible for the serious military discontent now existing in England.

Real Progress Needed.

It is considered of vital importance that the lack of military discipline in England should be ended, as its infection might easily spread to France, although French soldiers are accustomed to the subtraction of military service and are slower to indulge in such manifestations.

Real progress with the work of permanent peace-making, it is considered, would be the surest cure for this unrest, whereas the absence of any apparent progress in the direction of the strongest incentive. The joint desire of the British and American governments is said to be for rapid negotiations toward an agreement on the preliminaries for peace, then the general demobilization of conscript armies can be started on a big scale.

Belshers Busy.

A huge staff of secretaries, translators, stenographers and other minor attaches of the British peace mission is at work in the Majestic and in the adjoining Hotel Astoria, which is given up
