

GOVERNMENT IS IN MARKET FOR FLOUR

Steamers Now on Hand Are to Be Given Cargoes.

SHIPMENTS THIS WEEK

Bids Are Invited From Mills in Northwest and Awards May Be Made Today.

The Government is in the market again for flour, after a lapse of six weeks. The mills in the Northwest have been called upon to submit bids on export flour to provide cargoes for cargo and the shipments are to be made by Saturday of this week. It is understood that two steamers are available here with a capacity of about 100,000 bushels each.

Weather conditions in the Middle West, as wired from Chicago: "Minneapolis, foggy; 35; Winnipeg, foggy, 30; Peoria, foggy, 30; Omaha, foggy, 40; St. Louis, 40; Topeka, St. Joseph, Kansas City, foggy, 40; Argentine conditions favor the moving of wheat in that country, but growers and bankers are complaining of the lack of demand for this grain. The bids that have been made for the crop of wheat and oats there are said to be out of line with the asking price.

The coarse grain situation in England, according to Broomfield's Liverpool cable, is as follows: "Only limited quantities of corn are being distributed. Conditions on the whole can be regarded as more favorable. Arrivals have been increasing gradually and indications point to enlarged shipments from Argentina in the near future. Liberal amounts of corn are still available in that country, where it is believed buyers are taking advantage of the moderate prices prevailing. The oats situation remains unchanged, but the outlook is for larger supplies. Arrivals are increasing and distribution of imported oats is on a slightly larger scale. Argentine prices show no fluctuations of moment, but fair amounts of oats are being absorbed by foreign buyers."

Terminal receipts in cars, were reported by the Merchants' Exchange as follows: Wheat-Bariery, Flour, Oats, Hay, Portland, Mon. 20 2 12 4 Year ago 50 2 15 16 4 Season to date 502 829 1542 212 Year ago 3397 198 583 869 1275 Season to date 4381 19 10 11 Year ago 3512 63 179 112 Seattle, Mon. 10 10 10 Year ago 10 10 10 Season to date 3337 218 1079 833 2317

There is friction between several of the city creameries and as a consequence prices of pure butter have been cut 2 to 3 cents and they may go lower. The situation appears to be in retaliation against one of the firms which recently raised the buying price of butter. It is indicated that the price of butter fat will come down, so while the storm lasts consumers and farmers will benefit, and the manufacturers will get along as well as they can.

In the meantime the cube butter market remains in good condition with extra moving readily at 63 cents. Eggs opened the week firmer. Receipts were of good size, but local consumption has increased. Canned stock sold at 65 cents and case count at 52 3/4 cents. Dressed veal was steady with sales at 25 cents. Pork was unchanged.

STORAGE APPLE STOCKS ARE REDUCED

Holdings in Northwest 7.8 Per Cent Less Than Year Ago. Cold storage stocks of apples in the Pacific Northwest on January 1 were 87,156 boxes, as compared with 1,057,551 boxes on the same date last year, or a decrease of 7.8 per cent. One car of Oregon apples reached the local market. There was a good demand on the West coast for the Oregon apples. Extra fancy Oregon and Washington winesaps sold at \$3 with a few large sizes bringing \$3.25. Shipments from Oregon were one car each to New York, Boston, Cincinnati, Omaha, Cedar Rapids and Phoenix. Best New York Baldwin, A 2 1/2, from cold storage were firm, selling \$6.25 per barrel, reaching \$7.50 in New York. Fancy and extra fancy winesaps continued firm, at \$2.80-\$2.75 per box at Northwestern shipping points, holding steady at \$3.25 in leading jobbing centers. Shipments were about the recent average.

POTATOES DRAG IN LOCAL MARKET.

Tone of Prices at Western Shipping Points Is Weak. The local demand for potatoes was light and the market drags. The best Burbank were quoted at \$1.75 and poor stock ranged down to \$1.25. Well-sorted Yakima netted Gems were held at \$1.85. Shipments from Oregon were three cars to Sacramento and one car each to Fort Worth and Laredo. Shipping points continue to show a weak tone, prices declining in Colorado and Idaho and bulk round whites declining to below \$2.50. In Western New York leading markets, in spite of this, sacked Northern states only held the advance of the day before but advanced another 2 cents in the Chicago export market to \$1.90-\$1.85, ranging irregularly at \$2.00-\$2.25 in middle Western jobbing markets. Maine sacked white stock was steady at \$2.40-\$2.70 and New York bulk stock at \$2.25-\$2.50 in Eastern markets. Colorado stock was firm in South Central
