INFLUENZA EPIDEMIC APPARENTLY CHECKED

Only 169 New Cases Reported for Past 48 Hours.

33 DEATHS IS HIGH RECORD

Many of Fatalities Occurred During Last Four Days of Last Week. Autos Are Needed.

AUTOMOBILE OWNERS ATTENTION!

Automobiles and their drivers are needed at once for the transportation of nurses who are making calls upon people suffering from influenza. These calls are upon the people who cannot afford nursing service. If you can spare your car and driver for a few hours each day, register at 1915 Spaulding building or call the Consolidated Health Bureau.

DR. E. A. SOMMER,
Director-General Consolidated Health Bureau.

Portland's influenza epidemic, or at least the second wave, is apparently well checked, according to health officials. Only 169 new cases were reported to the city health bureau for the 48 hours ending last night. This is the lowest 48-hour period report that has been received for more than a month.

Thirty-three deaths from influenza were also recorded, an exceedingly high report. Many of these deaths occurred Wednesday, Thursday and Friday of last week, and, according to physicians, are losses which must be charged to the second wave of the epidemic.

Great of epidemic passed. The unusually low record of new cases may be due partially to failure of physicians to report new cases, but in view of the splendid record attained in this regard by the physicians during the past two weeks, such a view is not likely.

Dr. Sommer, director-general of the body which is directing the fight against the disease, stated yesterday that the cases of the epidemic were passed. Proper precautionary measures, he stated, would bring the number of new cases down to a minimum.

Twenty-three nurses from Camp Lewis arrived in Portland last night and will be assigned to duty by Dr. Sommer today. Some of the nurses, secured through an appeal to Surgeon-General Blue in Washington, will be sent to the private hospitals, others will be assigned to work in the Multnomah County Hospital, which is now being used exclusively for the care of influenza patients, and others will be given to the Visiting Nurses' Association to aid in its work of caring for indigent persons suffering from influenza.

Appeal Made for Automobiles.

An appeal for the donation of automobiles to aid the Visiting Nurse Association in its work of making calls has been made by Dr. Sommer.

"The Visiting Nurses are doing a splendid work," said Dr. Sommer. "They are now forced to ride on streetcars, but if automobiles were furnished they could increase their work, which is solely caring for the people who cannot secure or pay for nursing care. Automobile owners who can spare their cars and drivers for a few hours each day have an opportunity of doing much good work in connection with the anti-influenza campaign."

The barracks erected on the Multnomah County Hospital grounds are ready for use. Influenza patients are being cared for at the hospital, but if it should be filled the adjacent barracks will be utilized.

STOCKMAN IS SELF-SLAIN

J. C. Dodson, of Central Oregon. Kills Self in Redmond Hotel.

REDMOND, Or., Jan. 20.—(Special).—J. C. Dodson, pioneer Central Oregon stockman, ended his life yesterday in Redmond, in a fit of despondency over financial reverses, by shooting himself.

A note which was found near the body told of his determination to end his troubles by suicide.

As a buyer for the Stanfield interests Mr. Dodson was frequently in Bend from his home in Lakeview. He came to Central Oregon nearly 25 years ago, took up a homestead in the Lakeview section, and became interested in the stock business. With the exception of two years spent in New Mexico and Texas, he had made Oregon his home. Mr. Dodson was a brother of W. D. B. Dodson, of Portland.

MEMORIAL PLAN FAVORED

President Wilson Approves Roosevelt Meetings February 9.

WASHINGTON, Jan. 20.—President Wilson cabled to Secretary Tumulty his approval of the proposal to hold Roosevelt memorial meetings throughout the country on February 9, simultaneously with the joint memorial services in Congress. The message follows:

"I sincerely approve of the suggestion for simultaneous meetings to commemorate the life and services of Mr. Roosevelt. I think it would be a most suitable way to show the esteem in which the country held him."
