

PUBLICITY FOR RULES COMMITTEE SMITTEN

House at Olympia Blocks Attempt to Alter Procedure.

REPORTERS TO BE BARRED

Effort to Make Committee Meetings Open to House Members and Newspapermen Is Futile.

OLYMPIA, Wash., Jan. 20.—(Special.)—What was announced as a fight against House rules of procedure ended shortly today in a rout of \$2 to \$10 support of the rules adopted for this session.

Representative Elliott, of Pierce, was one of the five in support of the proposed Amendment to open rules committee meetings to House members at all times, and to reconvene the committee on rejecting a bill whenever requested.

Mark E. Reed, of Mason; J. H. Davis, of Pierce, and other House majority leaders in opposing the open door amendments promised to go on record at all times as to bills before the rules committee. Speaker Adams' committee chairman, extended an invitation to all members to appear before the committee in behalf of bills they were interested in.

Overwhelming majorities given the present rules in both houses are accepted as general satisfaction as will permit of prompt and efficient legislation has been established in the session and the majority leaders believe that what they have facetiously termed "Bolshevik" symptoms are now safely out of the minority systems of forms of hostile combat, both outbreaks together could not be considered any violation of the most stringent and conversational regulations yet devised.

At about the same time, meeting in the Olympia Chamber of Commerce rooms, the Assessor's Association of the state went whooping upon a warpath that will lead directly into the Senate tomorrow when the body takes up bills already passed by the House over the Governor's veto.

When the Assessor's Association heard of the impending possibility that this bill would become a law, as soon as it reached the Senate they insured apportionment, unanimously in support of their legislative committee to see that the Senate sustained the veto, and adopted another resolution commending the Governor for his veto.

Incidentally the County Assessors for an increase of salaries according to county classification that will put them on the same pay basis as County Auditors. General readjustment of official salaries is under consideration, one of the suggestions taken under advisement being a plan to increase effective state salaries above the constitutional limit of \$3000 a year by allowing them extra compensation for membership upon various state administrative boards.

Another proposal to create new salaries per person has taken the concrete form of a bill which, if introduced, established a Safety First board of four, each to receive \$4200 a year.

IDAHO SOLONS SCORE SUFFRAGE OPPONENTS

Senate Passes Measure Creating Clark County—New York Asks Soldier Welcome Fund.

BOISE, Idaho, Jan. 20.—(Special.)—Over the protest of 12 members the House of Representatives today adopted a memorial to Congress which, in effect, strikes at those Senators who have stood out against the passage of the Susan B. Anthony suffrage amendment.

The memorial asks these Senators to vote for suffrage. The vote for it stood 59 to 12, the opposition holding they were for suffrage of women.

In championing the measure, Representative Carrie Harper White, of Twin Falls County, said she had intended to mention the name of Senator Borah.

"The women of Idaho," she said, "are very sorry that Senator Borah has voted against suffrage. We are continually asked by the National suffrage organization, 'What is the matter with the women of Idaho—their Senator has turned them down?'"

"We feel justified in asking for woman suffrage," Senator Borah was sent to the Senate to represent us."

New County Created. While the House committee on county lines and boundaries was recommending passage of Clark and Caribou County division bills the Senate passed the Clark County measure by almost unanimous vote.

Governor Davis submitted to the House a communication from the Rocky Mountain Club, New York, asking the Legislature to make an appropriation to be used for the reception of Idaho troops in the Sunset Division due to arrive at Gotham soon.

From the standpoint of population he said Idaho stands among the first in the number of troops placed in the service, only Wyoming and Alaska having as good a record.
