

DEFINITE PLANS LAID FOR EX-KAISER'S TRIAL

Peace Commission to Select Tribunal of Justice.

NEUTRAL COURT FAVORED

Fallen Monarch Said to Be Preparing Defense—All Authors of War Face Punishment.

BY HERBERT BAYARD SWOPE.

(Copyright, 1919, by the New York World. Published by Arrangement.) PARIS, Jan. 22.—(Special Cable.)—Behind the reference made by Premier Clemenceau on Saturday to the duty of fixing the guilt of the war upon its authors there lies a definite plan to bring to trial the former German Kaiser on an indictment charging him with personal responsibility for the chaos of more than four years from which the world is laboriously emerging.

Details of the plan are kept secret but enough has been disclosed to say that it is planned to arraign Wilhelm like any common criminal, before a tribunal of justice specially selected by the peace commission. It is to be endowed with judicial powers. Such an appointment would come within the lawmaking rights of the peace commission.

Neutral Court Likely.

How many persons will constitute this high court and where it will sit are matters yet to be determined. It is more than likely the membership will embrace appointees from neutral countries and almost certainly the defendant will have the right to be represented by counsel. The American view is that the trial should be held elsewhere than in Paris, for it is obvious that prejudice is strong here against the former Kaiser.

I have good reason for saying that the former Kaiser expects such action and is already engaged in preparing a defense which he hopes will exculpate himself.

Death Sentence in Prospect.

In theory, while he is not a prisoner in Amerongen, he is actually under continued surveillance, not only to prevent his escape from that refuge but also to check any attempt to form a liaison with the German armies, which, however, under General von Hindenburg, have shown no disposition to take up his cause.

The imperial fugitive will be left undisturbed in his present retreat until the case against him shall be prepared and arrangements shall be made for his trial. Then he will be formally arrested.

Unless the unexpected shall occur, he will be convicted and sentenced to death or to life imprisonment. Trial of the other members of the Hohenzollern family will follow and Admiral von Tirpitz, General von Ludendorff and others in German war councils will be called to account by means of indictment and trial.

COMBING WON'T RID HAIR OF DANDRUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

JOHN B. GRIFFIN, 80, MEETS DEATH AT BAKER CITY.

Mining Man of Eastern Oregon Associated With Many Properties During Life.

BAKER, Or., Jan. 22.—(Special.)—John B. Griffin, aged 80 years, died at St. Elizabeth's Hospital at 1:30 this morning. Mr. Griffin was hit by a taxicab driven by John Kelly at 7:30 o'clock on Second and Center streets and received injuries which caused his death later.

When a young man Mr. Griffin came to Baker and engaged in the mining business. At one time he was connected with the Virtue mine and later was associated with a number of mining properties throughout Baker County. He was well acquainted with all the old-time mining men and one of a few of the old guard left. Of late years he had retired from business and made his home with a niece, Mrs. J. F. Dooley, of Baker.

In addition to Mrs. Dooley, Mr. Griffin is survived by a brother, Patrick Griffin, of Bridgeport, and three nieces, Mrs. T. B. Bartholomew, Mrs. William Giles and Miss Mamie Griffin, of Bridgeport.

SOLDIER RELIEF IS ASKED

COUNCIL URGES SIX MONTHS' PAY FOR FIGHTING MEN.

Copies of Resolution Are Forwarded to Federal Officials and Oregon's Representatives.

Six months' pay for discharged soldiers to be paid in six installments, with \$50 as a clothing allowance, is favored by members of the City Council, who yesterday adopted a resolution urging such action by Congress. A copy of the resolution was telegraphed to Representative McArthur and copies will also be mailed to members of the Oregon delegation, Vice-President Marshall and to Speaker Clark. The resolution is as follows:

Whereas, Congress is now considering amendments authorizing the payment of 30 days' pay and 5 cents a mile traveling expenses home to discharged soldiers, sailors and marines, and

Whereas, such compensation to discharged men is inadequate and does not enable them to get back into civilian life with a fair start or chance

Therefore, be it resolved, That the Council of the city of Portland do on record as favoring amendments to provide at least \$50 dollars as clothing allowance, one month's additional pay upon discharge and five months' additional pay to be paid monthly to all such discharged men, it being the opinion of the Council that it is the opinion of practically all of the citizenship of the city of Portland that it is the least that the Government can do for such discharged men.

Swiss Professor, Arriving in London, Tells of Preparations Being Made by Bolsheviks.

(Copyright, 1919, by the New York World. Published by Arrangement.) LONDON, Jan. 22.—(Special Cable.)—Philippe Jeanneret, a Swiss professor, has just arrived here from Russia after passing through the Bolshevik lines, a Geneva dispatch to the Daily Chronicle states.

He tells a remarkable tale of the offensive by Trotsky's armies, which are now on the march to invade Poland and Germany. He says Bolshevik staff officers declared to him: "We have 1,000,000 men today and in six months we shall have more than doubled our strength. The Hungarians will soon join us. For Hungary is ripe for a proletarian revolution. From

Budapest the red flag will be carried into Austria. We are now on the march to support the Bolsheviks in Berlin. As soon as our armies cross the frontier the greater part of Germany and certainly all Prussia will rally around the banners of Bolshevism.

"Then we shall have millions of trained German soldiers at our disposal and we shall have no difficulty in organizing an army of 5,000,000 men with which to invade and overwhelm Western Europe. The Germans will seize eagerly upon the opportunity thus afforded them to drive the allies from their territory and to escape the crushing peace terms they would otherwise be forced to accept."

BURLESON YET CRITICISED

GOVERNMENT OWNERSHIP OF WIRES IS FEARED.

Deposed Manager of Postal Company Opposes Extension of Period of Government Control.

WASHINGTON, Jan. 22.—Postmaster-General Burleson and members of the Federal wire control committee were criticized today by Edward Reynolds, of New York, deposed by the Postmaster-General as general manager of the Postal Telegraph Cable Company, in opposing extension of the period of Government control before the House postoffice committee.

Mr. Reynolds declared the officials subordinated everything to "the great scheme for Government ownership" and that it looked like that end was in view in the plan for consolidation of Postal offices with those of the Western Union. Two years of Govern-

ment operation, he said, would result in Government ownership.

Mr. Reynolds said that after the Government took over the telegraph lines a message was sent out from Washington from an unknown source that "any telegraph man who opposed the Government would lose his head."

(Copyright, 1919, by the New York World. Published by Arrangement.) LONDON, Jan. 16.—(Special Cable.)—T. P. O'Connor, M. P., was asked this afternoon if the report was true that he was going to Paris to see some of the leading politicians there.

"Good heavens!" he exclaimed, "I'm running away from politics, not to politics. I shall be in Paris attending solely to private business and not seeing or attempting to see any politicians. I've given politicians outside my own people a wide berth for many a long day and shall continue to do so. The only politics in which I shall take part is that which concerns the Irish organization in Great Britain, which demands serious consideration and may involve a new departure in view of the overwhelming sentiment of our people in favor of throwing their whole influence on the side of labor."

\$16 From a reputable or financial standpoint we can't afford to expend big money for large advertising space to attract your attention. Therefore, assuming that you see this and perceiving that you want one of our garments of solid guaranteed merit, we make this offer. Please note: Our prices are marked in plain figures and that we are not "closing out" have to "move," "raise money," "overstocked," "pre-inventory," "sub-inventory," nor have we lost faith in our country or its institutions. Yet it seems it's the only way to make a sale, to take sales spasms every so often. Some every day, some every week, monthly, twice a year or yearly, etc., and so it seems a concern always considers it a duty or policy to conjure up some reason or excuse for doing even such a commonplace thing. Therefore, while we will follow this time-honored "excuse" habit, we must confess the only reason we can honestly think of is that we just want to see some ladies coming in—buying a little to kind of keep us in motion—to kind of turn stuff over a bit—muss things up some—give us something to do. For when we sell a garment we make up some more, for we are home industry from the word go—make all our garments here in our own plant. The payroll is here—don't remit East for garments. Hence, that's our excuse—not bad, is it?—for a reconstruction sale.

HERE IS THE OFFER AND TERMS Cut this entire ad out—commit it to memory—or try to—and present it at our store within two days from date hereof, and we will accept it as a payment of \$16 on any coat or suit you purchase on date of presentation.
