DISCUSSED AT FORUM

W. D. Fenton Gives 11 Points Which He Advocates.

STATE COMMISSIONS TO GO

Legislation Urged Transferring Power to Regulate Intrastate Rates to Interstate Commission.

The National problem of how the best interests of the country may be protected in transportation control was the theme discussed at the members' forum of the Chamber of Commerce resterday.

W. Hodson, who will represent the Portland Chamber of Commerce and will also be a delegate from the state to the Rivers and Harbors Congress which convenes at Washington, D. C., next week, acted as chairman of the day. He urged the membership to express their convictions on the subvioling the speakers.

printing \$100,000,000 for European famine plates preparing the way for sewer systems for the entire northwestern part of the city by digging a wide channel from the Columbia River, which rose, of Pennsylvania, Repblican, providing that wheat donated should be bought in America as far as practicative. the Portland Chamber of Commerce

American Roads Best Operated. "Up to the time the Government took er control the American railroads were the best operated in the world. England may be said to have the finest railroads, but the investment represented is \$145,000 a mile. There is

hardly a grade crossing in all of Eng-Duplication of lines of railroad was one of the things that we should pro-hibit. When four lines are built where one would serve the territory it crewiter an investment unnecessarily made, the burden of which falls upon the patrons. Failure to control rates is the only excuse for parallel lines in the Willamette Valley. There was no valid reason why two railroads should have been constructed along the Deschutes River."

Mr. Fenton Gives 11 Points. Mr. Penton summed up his views of the best method of handling the rail-

roads in 11 points, as follows: 1. Legislation transferring the power to regulate intrastate rates to the interstate Commerce Commission, thereby eliminating the jurisdiction of 48 state ratiroad commissions.

2. Provision for direct appeal from

re either party feels aggrieved. Regulation of the issuance of stocks and bonds of all railroads.

lines, by exemption of new branch lines from taxation for a period, say 10

6. Repeal of Sherman anti-trust act so far as it applies to pooling of freight and operation; such to be permitted wherever approved by the Interstate deliberately courted internment as he

Power to Fix Taxation.

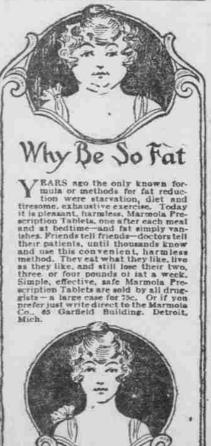

7. Give power to interstate Commerce Commission to fix all local taxation for state, county, school district or municipal purposes, to avoid excessive taxation, which is eventually paid by the public in higher rates for sarvice verformed. service performed.

8. Regulation of wages and comput-sory arbitration of disputes. 9. Immediate declaration of Congress joint resolution that the railroads be returned to private ownership, con-trol and operation at the earliest prac-ticable date, so that the companies may begin to negotiate loans, to retire float-ing securities and refund existing mort-gages. Believed that under such leg-Islation as suggested mortgages can be refunded without brokerage and dis-

Court of the proper district, thereby avoiding multiplicity of state Higgs-

Water Rates Discussed.

isaac D. Hunt presented the reasons why in his opinion it would be a fallacy to extend the power of the Interstate Commerce Commission over rates for water transportation. He pointed out the essential differences between water and rail transportation, in that own-ers of vessels are not subject to the ers of vessels are not subject to the same limitations that apply to the rail-roads. The control of railroad rates and in a measure their operation by the regulations of the commission, he declared, was proven a failure when the whole transportation broke down when put to the test by the demands of the war. Interference with the right of shipping masters and owners to fix rates was declared as a parallel. fix rates was declared as a parallel in its effect with the operation of the LaFollette seaman's act that had to be set aside by the Government for the last few weeks, duration of the war period. If it is Both men wer

tionably drive the American flag from the sea, despite the effort of the Gov-ernment to build a merchant marine.

JOHN J. JAMIESON DIES Well-Known Business Man of Bell-

ingham, Wash., Passes. John J. Jamieson, 60, a well known

Imperial Hotel from a complication of allments. The body was taken to the morgue and will be sent to Bellingham, where Mr. Jamieson had extensive property interests.

Mr. Jamieson, who was wealthy and retired, came to Portland about one month ago to undergo treatment at the Portland Surgical Hospital. His death came suddenly

came suddenly.

The deceased was formerly associated with William McCush at Bellinghom, who is engaged in the timber business. Mr. Jamieson was a widower, his wife having died several years ago. He has no children. He is survived by a brother, Hugh Jamieson, of Lynden Wash, who has been notified.

REED HEAD AGAIN AT WORK

Dr. W. T. Foster Recovers From Attack of Influenza.

Dr. W. T. Foster resumed his execu tive duties as President of Reed College yesterday, after an absence of several weeks, due to attacks of influenza and pneumoma; which prevented a trip to Europe as a member of the Army social hygiene commission. Dr. Foster's appearance in chapel. re-construction, came as a general sur-prise to students and faculty as his convalescence had been more rapid than expected.

Railroads Have Big Deficit.

Published statements of the incom account of the railroads under Govern ment control reveals that up to November 30 the Government that suffered a deficit of 19.9 per cent of all-railroads under control. Railroads of the Northwestern region carned only 56.5 per cent of the total net return the Government is obligated to make up to the corporations. The districts showing ment is obligated to make up to the corporations. The districts showing the greatest returns were the Pocahontas with 101.4 per cent, and the Southern, with 110.7 per cent. These are the roads operating where the coal, iron, manufactured products and war industry traffic was presumably heaviest. The Central Western region was next with 97.8 per cent and the Southwestern region with 76.3 per cent of net income earned. The lowest earnings dropped to 42 per cent and the ings dropped to 42 per cent and the other regions ranged between those quoted.

business man from Bellingham, Wash., died late yesterday in his room at the Imperial Hotel from a complication of Pool Problems Pool Problems.

LOW ASSESMENT FORESEEN

Peninsula Sewerage System Outlet May Help in Reclamation of Much Land.

Negotiations were opened yesterday by the City Council with the directors of Columbia River drainage district No. I for right of way concessions over its property, to be used in the building of the proposed Peninsula sewerage

Under the plans as outlined by Cits

duct in voting upon questions to be acted upon at the sessions of the congress.

Prohibition, added by the Senate, against distribution of food to enemy peoples, also was approved by the conferees, but the provision was redrafted so as to insure that Armenians and other friendly peoples in enemy territory might be assisted.

Prohibition, added by the Senate, would be assessed the cost of digging the proposed channel, which would amount to approximately 38 per lot, as to insure that Armenians and other friendly peoples in enemy territory might be assisted.

MEDICAL OFFICERS NEEDED

MEDICAL OFFICERS NEEDED ing into the slough. Without the channel this would be impossible, as a large trunk sewer would have to be constructed to carry the sewage into the Columbia River, a project which would assess every property owner approximately \$50 or \$40 per lot, Mr.

duty in the United States the Army had dispensed with the services of many it could ill afford to lose.

In Army hospitals in the United States now, the Surgeon-General said, there are 66,529 occupied beds and be-

Statute Change Needed. wounded soldiers in France are to be sent to this country for further hospital treatment.

At a conference held in Mayor Baker's office yesterday, the City Council agreed to prepare a substitute bill for one which has been introduced in the lower house at Salem by Representative Lewis, giving the city the right to condemn lands and make assessments against any property out-side of the city adjacent to the proposed sewer which receives any bene-fit of the sewerage system.

In its place a more specific bill is proposed, which will define the actual work that the city contemplates and also include the concessions which the drainage district offers the city.
Further conferences will be held this week in an effort to complete the negotiations, after which the city officials will attempt to ascertain if the majority of homeowners in the north interned because of their continued ex-pressions of sympathy for the German to the institution of work for the government. west portion of the city are agreeable to the institution of work for the construction of a sewer which will ac-
