NOTE AWAITS MR. TAFT

SEATTLE MAN HOPES EX-PRESIDENT WILL RUN AGAIN.

Many Northwest Representatives to Attend League of Nations Convention in City.

There is a man in Seattle who regrets that the burden of his years forbids his attendance at the Northwest convention for a league of nations convention in Portland, February 16 and 17. He is John M. Rumsey, of 925 Park Place, Seattle.

"I was born a Daniel Webster Whig," reads the note of regret received by the Oregon Branch of the League to Enforce Peace, yesterday. "I carried a torch for Lincoln in 1868. I voted for Lincoln in 1860. I left Chicago with the Chicago State Artillery, April 21, 1861. I have voted for Taft every opportunity and hope to vote for Taft in 1920."

While ex-President Taft has no announced intention of seeking again to be the chief executive of the United States, and while the mission which will bring him to Portland to address the league of nations convention is so non-partisan that Mr. Taft is in agreement with President Wilson, it is thought the quaint note will please the ex-President and it will be shown to him when he reaches Portland.

In addition to large numbers of prominent people who have already registered as delegates for the convention which will be held at the Municipal Auditorium, the Oregon branch of the League to Enforce Peace registered today: Rev. W. C. Forsyth, Seattle; Charles M. Wilcox, Seattle; Ben Neustadter, Portland; Gertrude Ruth Schottel, Spokane; A. M. Lloyd, Watsburg, Wash.; Mrs. Charles H. Castner, Hood River; E. H. Woodward, Newberg; J. D. Lee, Portland; Robert Lytle, Vale; Elmer Brown, Portland; Dr. S. E. Joseph, Portland; United States Marshal George F. Alexander, Portland; Mrs. Henrietta Goodman, Portland; W. G. Trill, Fond; Edward Cookingham, Portland; Susan Elmira Bacon, Portland; Harry Beal Torrey, Portland; Major Spencer S. Sulliger, Kent, Wash.; O. O. Phelps, Dryad, Wash.; Mrs. Alexander Bernstein, Portland; T. H. Sheridan, Portland; Mrs. A. C. Newell, Portland; C. F. Swander, Portland; R. R. Steele, Portland; J. Andy Jansen, Portland; Mrs. Harry C. Northup, The Dalles; J. H. Hazlett, Hood River; Mrs. Mary Gilliam, Walla Walla; Charles S. Hall, Auburn, Wash.; Rev. Ernest A. Bloomquist, Tacoma; Harold T. Fretz, Burton, Wash.; Mrs. Bianca Eustis, Republic, Wash.

MEN LEAD MENTAL TESTS

Average Equal to That Required by Major-General in Army.

If the "golf" psychological test of the mental ability of the group of persons taken last Friday evening at the Lincoln High School by Dr. S. C. Koha, of Reed College, is to be relied on, Portland's women are mentally inferior to Portland's men. The average score of the women was 123 while that of the men was 22 points higher.

The entire average would show, according to the Army standard, that the combined mentality of the little group is equal to that required by a Major-General of the Army. The average score was 121.8, based on a possible 212 points. Another test will be given by Dr. Koha on February 21, to which the public is invited. Dr. Koha has offered to give the test to any group or organization that would be interested in testing the mental ability of its members.

Aero Squadron Man Home.

HOOD RIVER, Or., Feb. 4.—(Special.)—Ralph Sherrier, who was a member of the 49th Aero Squadron, arrived this morning from the East, having been mustered out of the service. He brought with him a German rifle which he had picked up in the Arbonne forest, and also a French cavalry sword, which he had found. While not engaged in actual fighting, his squadron was near the front at all times, at hard work. He also brought two German bayonets, a long and a short one. The German rifles are similar to the American guns, and the French sword has been somewhat rusted by its use, and also contains some nicks on the long, curved blade.

INTERVENTION IS FAVORED

RESULT OF CLASH BETWEEN CAPITAL, LABOR FEARED.

George Rolph, Salt Lake, Tells Rotary Club Early Solution to Problems Paramount Need.

The average business man—the innocent bystander—must step into the fight between labor and capital before any permanent solution can be worked out, George Rolph, Salt Lake hotel man, told members of the Rotary Club at the weekly luncheon yesterday. "The tense situation in Seattle and other gathering shows us that the question of Bolshevism, labor unionism, high cost of living and the high cost of living must be solved before we can proceed on the even tenor of our ways," he declared.

"We all know that labor has its just grievances—that capital is not always in the right. We average business men know that until a few years ago factory workers were made mere automatons, railroad employees were underpaid and that working hours were far too long. We would be most affected by a strike such as is now impending on Puget Sound, yet we let the extremes of capitalism and labor paralyze while we calmly and confidently await the result."

Mr. Rolph referred to the Mooney case in California.

"Mooney may not have been guilty, but he was capable of such a deed—that I know from a threatening, venomous letter written to Governor Spry with reference to L. W. W. trouble in Utah," said Mr. Rolph. "I can't understand the motives of Governor Stephens in interfering with the march of justice in the Mooney case—he has settled it for neither side."

Commissioner Holman appeared in behalf of the proposed road encircling Mount Hood and connecting with the Columbia Highway at Hood River.

LOWER RATES DESIRED

North Pacific Passenger Committee Discusses Excursions.

As a preliminary to the mass meeting of all passenger agents at Chicago February 18, the North Pacific Coast passenger committee met yesterday to consider changes in special rates for the approaching summer season.

Every effort will be made to secure lower excursion rates to the West, the National parks and other special summer trips to this section, it was decided. Last year special rates were high and were not put into effect until late—an effort to discourage travel for wartime traffic. This year, with peace in sight, the tourist rates will be put back as near as possible to a pre-war basis.

VANCOUVER TAXES ARE DUE

Levy for Year, 56 Mills, Highest in History of City.

VANCOUVER, Wash., Feb. 4.—(Special.)—Taxes are now due here. The levy in Vancouver is the highest in history of the city, 56 mills. In addition bonds in the sum of \$75,000 were voted at a special election last Saturday to enlarge the high school. There is also a movement on foot to build a city hall on the site of the old city hall. The cost of operating the city government has also increased and labor and materials cost more than ever before. Persons owing taxes on real estate may save 3 per cent by paying on or before March 15, this year.

Three-Term System Adopted.

OREGON AGRICULTURAL COLLEGE, Corvallis, Feb. 4.—(Special.)—After debate at a meeting held yesterday the college council of Oregon Agricultural College adopted the three-term system for next year's work in preference to the two semester arrangement. The term system was introduced last Fall, and the majority of officials favor it as the more practical. More cultural subjects will also be possible under the new system.

Daughter Arrives at Rankin Home.

Mr. and Mrs. Robert R. Rankin, 735 Talbot road, are being congratulated upon the arrival yesterday of a daughter.

CROWDER'S RECORD CLEAR

STORY OF REPRIMAND FROM GEN. MARCH EXPLAINED.

Provost Marshal-General Imagined "Call Down." According to Secretary Baker's Ruling.

WASHINGTON, Feb. 4.—Discussion at the Capital of reports that Provost Marshal-General Crowder had been reprimanded by General March, chief of staff, led the War Department to authorize a statement today that General Crowder's entire military record was unmarred and to disclose the origin of the reprimand story.

It was stated that when the second draft was being planned, General March and General Crowder differed over the provision for medical examinations and exchanged letters on the subject.

The language of a brief abstract of General March's letter which went to division headquarters in the course of departmental routine was construed by General Crowder as implying a reprimand and he took the matter up with Secretary Baker. The secretary wrote in reply that he found no reprimand was intended, but that to make this clear, he had had the language to which the general objected altered.

Dr. Willard Will Speak.

"Our Coming Internationalism" will be the subject for discussion at the

Redmond Man Pays \$200 Fine.

BEND, Or., Feb. 4.—(Special.)—R. F. Shire, of Bend, arrived in Bend last night to plead guilty to a charge of having liquor in his possession. He was fined \$200 by Justice of the Peace J. A. Eastes. Shire had been allowed to go on his own recognizance after being arrested Friday night while bringing in an auto load of eight cases of whiskey from the south. In an endeavor to

HAS THE BIGGEST SURPRISE OF LIFE

Ogden Gains Twenty-Seven Pounds Taking Tanlac—Wife Gains Sixteen Pounds.

"It was generally talked among my friends that I was in bad condition and no doubt I would have been if it had not been for Tanlac, but now I am as happy as a schoolboy, and am perfectly well in every way," said A. E. Ogden, proprietor of the cafe at 4010 East First street and living at 148 South Hicks street, Los Angeles, Cal., recently.

"Tanlac has given me the surprise of my life," he continued. "Why, do you know, I have actually picked up twenty-seven pounds since I began taking it, and it has not only restored my health, but my wife, who has been in a real down condition for a long time, has gained sixteen pounds by taking it and is now like a different woman."

"Some years ago I began suffering with indigestion and other troubles and commenced to go down hill. The gas on my stomach would bloat me up some thing awful and make my heart beat so fast that it was alarming. My legs would swell badly during the day and on getting up in the mornings my face would be swollen almost twice its natural size. I could not sleep at all some nights and got so weak I couldn't even lift a bucket of water. The least exertion would exhaust me and I couldn't and the perspiration would roll off of me in great beads. No one seemed to know what to do for me and I got so bad that my wife was afraid to leave me alone. My strength and energy were all gone and I was really a useless man and felt that I was a burden to my family as well as to myself. Nothing gave me a moment's relief and I had just about given up in despair.

"Some wonderful things happen in this world, and my recovery is one of them. About September the first I got me some Tanlac, little thinking it would do me any good, but the first bottle helped me and, to make my story short, I can now eat anything anybody else can eat and I simply sleep like a log every night. I never have the least trouble now with my stomach—not a sign of gas, palpitation or shortness of breath—and all the swelling is gone. I am now strong and vigorous and can lift anything around two hundred pounds and carry it upstairs. Tanlac, it has made new people of both myself and wife and I can't help praising it."

"Tanlac is sold in Portland by the Owl Drug Co.—Adv."

Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap and a few ounces will supply every member of the family for months.—Adv.

Do not stay stuffed-up!

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice and causes no inconvenience. Don't accept a substitute.—Adv.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their strength until headache, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.—Adv.
