PARIS, Feb. 4 .- David R. Francis, the American Ambassador to Russia, who was recently summoned from London to Paris by Paul Dutasta, the secretary of the peace conference, and has held conferences here with Secretary of State Lansing and General Tasker H. Bliss on Russian problems, probably will be called upon soon by the supreme council to aid the committee, which will discuss Russian affairs.

Ambassador Francis says that the majority of the Russian people are the American Ambassador to Russia, majority of the Russian people are loyal to the entente, and he, together with other allied Ambassadors ac-credited to Russia, is earnestly supporting the plans for economic recon-struction in that country.

PARIS, Feb. 4.—President Wilson had nothing to do with the transmission of the reply of M. Whose fault is it if a press wireless is sent from Paris to New York that it is also received by all wireless sta-tions including that at Tsarskoe Selo?"

PARIS, Feb. 4.—The Russian soviet government will take "all measures" to bring about an agreement with the entente, according to a wireless message sent out from Moscow on Sunday. It complains that the Bolshevik authorities had received no "formal invitation" to the Princes Islands conference, the only word regarding it being a wireless message "containing ing a wireless message "containing The text of the wireless message was addressed to "Berlin, Paris and Every-

NEW YORK, Feb. 4.—The Russian Economic League, comprising representatives of financial, commercial and industrial interests in the United States, tonight issued an "address of loyal Russians to the American people," urging public opposition to the proposal now before the peace conference for withdrawal of American and allied troops fighting the Bolsheviki.

The statement declared that abandonment of resistance to the Bolshevist.

MEAT COMPANY APPEALS

Condemnation of Carcass Meets Opposition.

An appeal to the City Council from decision made by Chief Meat Inspector Chase and ratified by Acting City Health Officer Abele, which city offi-cials say is merely a forerunner of a fight to be made against the present meat inspection ordinance, was filed yesterday by the Frank L. Smith Meat Company. The meat company requests a reversal of a decision made by Dr Chase Saturday, when he declared a beef carcass to be contaminated and tubercular.

After the carcass had been examined y one of the meat inspectors and ondemned appeal was made to Dr. Chase, head of the meat inspection di-vision. He refused to change the deci-sion, he states, after which another appeal was made to Dr. Abele, who also refused to change the decision, stating that the ordinance in effect made such a change impossible.
