SALARY INCREASE BILL

Vote Was Tie, Which, Under Rules, Prevents Passage.

OTHER BILLS' FATES SEEN

President Vinion Rules All Measures
Advancing Pay Must Be Refered to Hostile Committee,

STATE CAPITOL. Salem. Feb. 10.—
(Special.)—Opponents of the cascade of salary bills which have been flooding the legislature won a hair-line victory in the senate today when senate bill No. 178, increas. ag the salary of the state tax commissioner from \$2500 to \$2000, was defeated. The senate was evenly divided on the bill, the rules providing that in case of a fle voit the bill fails to pass.

Storm signals for the bill were holled to have to have to day when Jenstor Patterson sought to amend the bill by attaching a referendum chause to have it referred to a vote of the people. His motion was lost by a vote of 17 to 12.

Senator Moser appeared as the chief sponsor for the bill. He asserted the sponsor for the bill. He asserted the

sioner is justly entitled to the rise, although he did not seek it or request it. The final vote on the bill follows:
For final passage—Baldwin, Banks, Bell, Eberhard, Handley, Howell, Hurley, Jones, Mosel, Norblad, Orton, Pierce, Ritner, Shanks and Smith of Coos and Curry, Against the bill—Dimick, Eddy, Farrell, Gill, Huston, Lachmund, Lafollette, Nickelsen, Patterson, Porter, Smith of Josephine, Strayer, Thomas, Wood and Vinton,

Another test of the strength between those favoring salary increases for state officials and the opposition was delayed when Mrs. Thompson's house bill increasing the salary of the dairy and food commissioner, was re-referred to the ways and means committee just before it was up for final passage.

President Vinton made a new interpretation of the senate rules by holding that all bills increasing salaries of state officials must be referred to the ways and means committee after having run the gauntlet of the committee on state and county officers. The ways and proposals of a rather drastic nature, and county officers. The ways and proposals of a rather drastic nature, parently assured prospects of passing.

Populous Lobby Present.

A populous lobby from fishing centers is at Olympia to kill any non-alien legislation, and a bitter fight is expected when the bill reaches final consideration, but supporters believe they will be able to pass it, especially since the marked activity of allens in the Seattle and Tacoma strikes.

Senate bill No. 18, which removes the 5-cent limit on streetcar fares, survived a hot fight in the house today and went to third reading with apparently assured prospects of passing.

State Capitol. Salem, Or., Feb. 10.
