Commander of Western Department of U. S. Army Arrives in Butte to Study Strike Situation.

CHICAGO, Feb. 13 .- Back pay to September 26 last under a new seale equal to the wage rate in effect at Butte, Montana, for electrical workers, with an eight-hour day, time and onehalf for overtime up of 10 o'clock at night, and double-time thereafter, was awarded by the war labor board here tonight to the employes of the Montana Power company, the Great Falls Power company and the Moun tain States Telephone and Telegraph company of Great Falls, Montana, The decision was made in the case of the International Brotherhood of Electrieinns of Montana against the three

BUTTE, Mont., Feb. 13. Major-General John F. Morrison, commander of the western department, U. S. A., arrived in Butte tonight. General Morrison came to Butte direct from Seattle, where he spent several days observing developments in the recent sympathetic general strike in that city. General Morrison's visit to Butte is

for the purpose of studying the situa-tion here, where members of the Butte Metal Miners' union (independent) and the Metal Miners' Industrial Union, No. 200, are on strike in protest against the recent cut in wages of \$1 a day.

Dynamiting Is Mystery. No clews were found today which would lead to the arrest of those guilty of exploding dynamite under the home of C. Il. Nolan, a miner, who had been working at the St. Lawrence mine, deworking at the St. Lawrence mine, de-spite the strike of members of the Butte-Metal Miners' union (independent) and of the Metal Mine Workers' Industrial union No. 800, I. W. No one in the Nolan household was injured by the explosion and only nominal damage was done to the dwelling.

Street-ear traffic was still tied up by the refusal of carmen to take cars out for fear of violence. It was said to-night that provisions would be made by aturday for resumption of street-car

Conditions Are Investigated.

Major George Halloran, who arrived here late Wednesday night in command of two companies of the 44th United States infantry, assumed command of all Butte troops today, and spent most of the day investigating conditions in Butte, where the striking miners are out in protest against the recent cut in

wages of \$1 a day.
The striking miners have gained additional recruits, several union organiantional recruits, several union organi-antions having voted within the last 23 hours either to strike in sympathy or to remain away from work on a pica of fear of violence. The dynamit-ing of the Nolan home early this morn-ing, according to the police, followed threats over the telephone to Mrs. W. W. agitator, who was lynched here the department in 1917.

Miners Deny Responsibility. Officials of the two organizations of miners who are on strike declared their

belief today that none of their mem-bers was responsible for the outrage. Secretaries of both organizations asserted that neither was advocating or attempting violence.

There are now approximately 806 soldiers in Butte, and with the excep-tion of cases of isolated assaults upon miners returning from work, both the police department and military report the situation well in hand. The police guarding approaches to the mines from violence on the part of pickets reported that more miners had gone to work to-

Order to Be Maintained. "We intend to see that law and order are maintained in Butte," Major Halloran said. "In this connection we intend to co-operate with the civil au-thorities, who are now handling the situation here. The general situation has improved, according to all information I have been able to gather." business men, labor union officials and

EXPERT CHECKS

IDAHO EX-ADJUTANT GENERAL SUBJECT OF INQUIRY.

Administration State Consolidation Bill Repassed by House After Approving Amendments.

BOISE, Idaho, Feb. 13.—(Special.)— The special investigating committee ap-pointed by the legislature to probe into the adjulant-general's department of this state, which has been under fire ever since the legislature opened, reported, when requested by Speaker Kiger, that an accountant had been placed on the books of the department to expert and determine what foundation there is to the reports that some of the funds may have been wrongfully used. This report was made by Representative Featherstone of Shoshone county, chairman of the house commit-tee in charge. The accountant is A. M. Blaylock, of Idaho Falls. Representative C. A. Moody, former adjutant-general, whose administration

is being investigated, secured a leave of absence for ten days to go to Manan, where it is said he is establishing himself to take up the practice of medicine and surgery. The ten days expired the early part of this week and there has been some speculation in legislative cir-Notan last Monday. Later, the police said, Mrs. Notan had denied that she had been threatened. A card bearing the numerals 2-7-77 was found on the front door of the Notan home. These numerals were used in the days of the loid Montana vigilantes, and a sheet bearing the same numbers was found pinned to the body of Frank Little, I. W. W. aritator who was lynched here.

play safe after approving the amendwas straightened out.

Representative Hall created no little amusement when he urged upon the house to be cautious, as the "wild and woolly democrats" appeared to be lay-

ing for the measure.

The house passed two other bills and then went into committee of the whole, where the women's eight-hour bill was considered again. Amendments were added to it, including one providing that women may be employed overtime at time and a half in the case of an emergency. It was held by the opponents of the measure that the amendment draws the teeth from the bill in that the term "emergency" itses wife come to light again, as did also the Garbutt bill providing a new system of assessment for power company property, but both were killed.

IMMIGRATION INSPECTOR BON-HAM CONTRADICTED.

Miss O'Brennan admitted that she was arrested in Portland by immigraion authorities and a transcript of her nearing sent to Washington.

Miss O'Brennan may have assumed too early she was free, as a brief prepared by her counsel was filed with Mr. Bonham only yesterday and will be started for Washington at once. Mr. Bonham said last night he had not made a statement as to the exact reason Miss O'Brennan had been taken into custody, that he acted only as ordered from Washington and in secondance with a warrant. If the charges therein set forth are substantiated, the probabilities are the woman will be deported, though Mr. Bonham said that is a matter solely before the Washington authorities.

"The young man understood the lesson of his master. He asked the most illustrious of his dead countrymen, and to be useful to his country he learned of them how to live and how to die." Said Father Cabanel. "We, too, will ask of our dead, and from them we will learn how to serve.

INQUEST HELD OVER DEMISE OF MRS. DUWELL ...

Police Obtain Warrant Charging Jack O'Neil, ex-Convict, With Killing of Woman.

That Mrs. Lulu Duwell, who was found dead in the Gordon hotel, West Park and Yambill streets, Sunday, came o her death as a result of knife wounds officted by an unidentified person, was the verdict of a coroner's jury which heard testimony regarding the case last night. The inquest was only a formalty. No attempt was made to elicit nformation concerning the case, and only three witnesses were called. Chief Inspector Clark announced yes-

terday that police had obtained a war-rant charging Jack O'Neil, an exconvict, with murdering the woman.
O'Neil is alleged to have been in the
Gordon hotel with Mrs. Duwell on the night of the murder.

The eating house at 122 Fourteenth street in which Roy Fitzpatrick, one of the men being sought in connection with the murder of Mrs. Duwell, was part owner, was konwn at the time of his partnership with Hans Hartowuer as the "Patrick Coffee House," Since Fitzpatrick's mysterious disappearance, the cafe was sold to Henry Gouley, who is now conducting it under the name of "Ideal Restaurant."
