

HIGH TRIBUTE PAID CARDINAL GIBBONS

Prelate Celebrates Golden Episcopal Jubilee.

GATHERING NOTABLE ONE

Pope Benedict Personally Represented and Dignitaries Present From Canada and Mexico.

WASHINGTON, Feb. 20.—James Cardinal Gibbons, head of the Roman Catholic hierarchy in the United States, today received a tribute unique in the history of the church at the celebration of his golden episcopal jubilee.

Personal tributes to the cardinal were touched with a great sincerity. Bishop Sane was in tears when he told of the cardinal's goodness to the Catholic university, his gifts this year alone totaling \$25,000, of which \$10,000 was the jubilee gift from the diocese of Baltimore.

More than 50 prelates attended the service, Canada being represented by Cardinal Begin of Quebec, and the United States by Archbishop of Guadalajara. Distinguished Catholic laymen present included Chairman Hurley of the shipping board, Justice McKenna of the supreme court, Admiral Capps, Rear Admiral McGowan and W. Bourke Cockran of New York.

Cardinal Gibbons called Pope Benedict on behalf of the assembled clergy their sentiments of gratitude for "your marks of special benevolence toward them on this occasion."

Justice Held Ireland's Hope. "Armenia is appealing for food," he said, "the central empire waits democracy; France needs our help in restoration; England hopes that we may help her sustain her claims and Ireland."

His Holiness' address at the dinner provoked stormy applause. Archbishop Glennon of St. Louis, speaking of "Our Country," was the first to touch on the subject. He declared America had achieved first place in the family of nations and that other countries are looking to the United States for aid and leadership.

Cardinal Gibbons declared the pope has been unjustly criticized and recounted the pontiff's protests against German outrages in France and Belgium and his work in behalf of prisoners of war.

The difficulties of the papacy likewise were touched on by Archbishop Mundelein of Chicago, who preached the

PREMIER'S CONDITION SATISFIES PHYSICIANS

Clemenceau's Lungs Penetrated by Bullet.

"TIGER'S" DEMEANOR CALM

Aged Frenchman Refuses to Stay in Bed and Receives Numerous Callers Throughout Day.

PARIS, Feb. 20.—(By the Associated Press.)—A bulletin issued at 6:30 o'clock this evening by the attending surgeons says: "M. Clemenceau's condition continues satisfactory. Pulse, 74; temporary 37 (centigrade 98.6 Fahrenheit)."

The bullet which wounded Premier Clemenceau penetrated his lungs, it was revealed. The news that his condition was more serious than at first reported spread quickly throughout Paris, causing widespread expressions of sympathy.

The premier, however, bore up remarkably well, refusing to return to his bed and receiving numerous callers. Reliable information received in London from sources which might be expected to be sympathetic with the Russian revolution goes to show that opposition to the bolshevik rule is increasing among the more enlightened working classes.

Military Situation Changed. The military situation has changed favorably for the anti-bolsheviks, especially the southern front. WARSAW, Feb. 16.—(By the Associated Press.)—The inter-allied commission appointed by the peace conference to investigate the situation in Poland is rapidly getting settled and is preparing to face many problems, the most important of which are the food supply and the difference between the Poles and the Ukrainians regarding the oil region near Lemberg, Galicia.

In regard to the oil dispute, the Ukrainian government announces that it will not negotiate with the Poles as long as the Poles occupy any disputed territory. Ukrainians Make Threats. The Ukrainians threaten to burn the oil wells in their possession if they are forced to retreat. It is estimated that 500,000,000 francs of French, British and Belgian capital is invested in the disputed oil fields.

The American members of the mission believe that after first aid in the form of clothes and food is given to Poland, credit should be extended to Poland so that the relief work can proceed along regular lines. Three vessels loaded with flour from America have arrived at Danzig and the first trainload of this flour is expected here tomorrow. A Polish relief ship from New York is expected at Danzig on February 24, while a relief train of 19 cars arrived here today from Switzerland. Eleven of the cars were loaded with milk, food, clothing and other supplies for the American Red Cross, which will be distributed in Lemberg, Warsaw and the mining districts.

Poland Willing to Pay. Poland is willing to pay for food relief, but she has as yet no extensive credits and these must be arranged. It is planned to introduce a new monetary system similar to the French franc. The Polish campaign against the bolshevik and peasant bands becomes more active each day. The bolsheviks have a large quantity of munitions at Brest-Litovsk. They are getting guns and rifles from the retreating Germans and even from the Ukrainians.

North-east of Warsaw Polish troops have occupied Volkovsk and have taken up a line along the River Nieprak. The Russian army has held the rail of Ohids and the line of the River Niemen. In Lithuania the Poles have passed beyond Bialystok and the Ukrainians have not yet permitted them to enter that town.

ENTENTE DELEGATES CONFERENCE. Plans for Meeting With Russian Factional Leaders Forming. PARIS, Feb. 19.—George De Heron has arrived in Paris from Geneva and is in consultation with William Allen White, his American colleague, in the proposed conference with Russian factional leaders at Prinkipo islands. There is as yet no definite announcement concerning plans for the meeting, but indications are that some form of conference with the various Russian governments, either individually or collectively, will be arranged by the entente powers.

60,000 MEN ON STRIKE

END OF CIVIL WAR PETROGRAD WORKMEN'S DEMAND.

Opposition to Bolshevik Rule Said to Be Increasing Among Enlightened Working Classes.

LONDON, Feb. 20.—(British Wireless Service.)—Sixty thousand workmen are on strike in Petrograd, demanding the end of civil war and the establishment of trade, according to a Russian wireless dispatch received here today. Reliable information received in London from sources which might be expected to be sympathetic with the Russian revolution goes to show that opposition to the bolshevik rule is increasing among the more enlightened working classes.

There is as yet no definite announcement concerning plans for the meeting, but indications are that some form of conference with the various Russian governments, either individually or collectively, will be arranged by the entente powers.

President Tschalkovsky of the Archangel government, M. Toloff, food commissioner under Kerensky, and Charles R. Crane of Massachusetts, conferred with Secretary of State Lansing and other members of the American peace delegation today concerning Russian affairs. Boris Savinkoff, minister of war in the Kerensky cabinet, is working on a plan looking to the federation of the various governments encircling the bolshevik territory. He hopes to enlist 30,000,000 people in the various regions. All the Russian leaders in Paris now are apparently agreed that it is impossible to obtain extensive allied military intervention.

"Merchandise of Merit Only"

A First Showing of New Models in Spring Suits At a Very Moderate Price

Half a Dozen **\$32.50**
Newest Styles

—This is indeed a moderate price—particularly this season—and we are featuring a large quantity of the smartest styles of the season—now—because so many women want smart, new spring suits, yet haven't decided exactly what to do— who want moderately priced garments to start the season with!

—These are all beautifully tailored; of splendid quality serges and wool poplin. Most of them are navy blue or black; some with detachable white shawl collars.

—Rows and rows of military braid are used on some models; pleats and braid binding on others. Some are belted all around, some just across the front, and most of them have pockets.

—These suits could easily be sold for a far higher price; in fact, they were purchased to be sold for considerably more, but this is another instance of the working of our new policy of selling fresh, new, smart merchandise at far lower prices than you are used to paying.

Third Floor—Lipman, Wolfe & Co.

A Sale of Casque and Back Combs—50c

—A remarkable offering of back and casque combs for today and tomorrow at this special price. There are araber, shell, demi-amber combs set in white stones, imitation amethysts, topazes, emeralds and sapphires—they're very smart.

and the strengthening of old is one of the services of the modern bank. It is part of the work which the bank does for the community in the way of expansion.

Many a firm in this town has weathered the storms of financial stress almost wholly because of its connection with a good, strong bank. And there are other firms that would never have attained their present size and strength had it not been for the wise advice and good judgment of the bank which claimed them as depositors.

To business concerns desiring a new bank connection, or to those new concerns that have not yet determined on such connection, this bank, with a record of fifty-nine years of business experience, offers its services. Interviews or correspondence welcomed.

GAINS TEN POUNDS AND PUTS END TO STOMACH TROUBLE

This Illinois Man Found Immediate Relief When He Used the Right Blood Builder.

The perfect operation of the stomach, as well as every other organ, is directly dependent upon the condition of the blood. When the digestive processes begin to break down, the result is a rush of blood to the stomach to aid in the operation. If the supply of blood is inadequate and the quality thin and weak, digestion is impaired, stomach distress follows, the nerves refuse to do their work and headaches, sleeplessness and loss of appetite are a natural consequence.

The blood-builder which Mr. Albert Dessel, of No. 515 East Jefferson street, Springfield, Ill., used with success will restore the missing qualities to the blood and fresh air and plenty of exercise will do the rest. In telling about his experience before and after using this tonic, Mr. Dessel says: "I had been suffering with stomach trouble for about six months. My liver was out of order, and I had frequent severe bilious attacks. I lost 15 pounds in a short time as my appetite was poor and what I did eat caused me great distress. I had a peculiar color and frequently had specks before my eyes. I procured a box of Dr. Williams' Pink Pills at a drug store and before I had taken half of it I could see an improvement. My complexion cleared, my strength returned and I regained 10 pounds which I had lost. I am glad to recommend the remedy to others for I am confident of its power to benefit conditions similar to mine."

When the blood lacks red corpuscles a course of treatment with Dr. Williams' Pink Pills will cause them to increase. This can be demonstrated by a microscopic examination or anyone can prove it by looking in a mirror for an increase in red blood shows quickly in the cheeks and especially in the lining membranes of the eyelids. Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., on receipt of price, 50 cents per box, six boxes \$2.50. Write for free booklet "Building Up the Blood."

GERMAN SOUL SEARCH ON

Basle, Switzerland, Feb. 20.—(Special.)—The German national assembly in session at Weimar has adopted a bill calling for investigation of the plundering of industrial plants in France and Belgium, according to a report received here.

GERMANS FORCE POLES BACK

Gas Shells Used by Teutons in Engagement Near Posen.

WARSAW, Friday, Feb. 14.—(By the Associated Press.)—Two German divisions attacked Polish forces west of Posen yesterday and by the use of gas shells compelled the Poles to retire along the line of Lagoun south of Nowy Tomysl, 35 miles west of Posen.

Previous to the attack the inter-allied mission to Poland, at a preliminary sitting in Warsaw, had decided to ask the armistice commission to include in the new armistice terms a demarcation of a temporary line between Polish and German territory.

The foregoing dispatch was filed from Warsaw before the new armistice terms were signed by the Germans at Treves last Sunday evening. The new terms outline the delimitation of Polish territory and were reported to have placed the line of demarcation west of Posen and several miles west of Nowy Tomysl.
