EX-KAISER "GOES BROKE"

HERR HOHENZOLLERN WRITES TO BERLIN FOR MONEY.

Revolutionary Government Allows 600,000 Marks to Meet Present Indebtedness.

WEIMAR, Thursday, Feb. 27.—(By the Associated Press.)—The former German emperor, it is reported from competent sources, recently appealed to the German revolutionary government for money. It was said he had written that it was impossible for him to continue living upon the bounty and good-will of the Dutch nobleman in whose castle he now resides.

Herr Hohenzollern, it is said, declared he already had been forced to borrow 40,000 marks from his host and could not continue as a debtor. He asked that he be allowed a portion of his private fortune.

The government, after considering the matter, agreed to his request and instituted a detailed investigation to determine what portion of the former emperor's supposed fortune really was his and what portion belonged to the government. Investigation showed that the former ruler really owned only 75,000,000 marks as his own, but the government decided to allow him temporarily only 600,000 marks to meet present indebtedness and future expenses.

The correspondent's informant, in calling attention to the development, declared it put an end to rumors that the former emperor had been able to take large sums of money with him when he fled into Holland.

GOVERNMENT ASKS REFUND

Erroneous Returns on Property in Utah Alleged.

SALT LAKE CITY, Feb. 28.—Erroneous returns were made on property along the line of the Oregon State line railroad in Box Elder county, Utah, according to the claims of the United States railroad administration, which today applied to the state for equalization for a refund of \$15,000 paid out in taxes to the state.

The railroad administration holds that the material alleged to have been erroneously reported was not taken over as railroad property, but was acquired by and is the property of the federal government and therefore is exempt from taxation, in accordance with provisions of the state constitution.

Lane county for refusing to send his children to school was arrested yesterday of Orum Lynch, a dairyman of Cushman, on the lower Siuslaw river. He was taken before the justice of the peace at Mapleton and fined \$25. The fine was remitted but the justice of the peace ordered that he serve ten days in the county jail if he refused to immediately send his children to school and keep them there.

Complaint had come to the office of the county school superintendent that Mr. Lynch has two boys several years older than the minimum school age who have never had more than a week's schooling.

CROWDER TO GO TO CUBA

PROVOST MARSHAL GENERAL ACCEPTS INVITATION.

General Is Asked to Advise With President Menocal Regarding Cuban Election Laws.

WASHINGTON, Feb. 28.—Major-General Crowder, judge advocate-general and provost marshal-general of the army, will leave shortly for Cuba to accept an invitation to advise with the Cuban president and congress on the revision of election laws. Secretary Baker today announced President Wilson's approval of the trip.

In making the announcement Secretary Baker said: "You may be interested to know that I have requested the state department to notify President Menocal of Cuba that the war department is very much pleased at the invitation extended by the president of Cuba to General Crowder to go to Cuba and consult with Cuban legal authorities on the subject of modifications of their election legislation, and has arranged to permit General Crowder to go. He will leave shortly.

"The war department and the army generally feel that this is a very fine tribute to General Crowder, whose services in Cuba are known to the Cuban people, and evidently have been so highly valued that the president regards the call to General Crowder as a call to a man in whom the Cuban people have the highest confidence."

General Crowder, while serving with the American army of occupation in Cuba, was assigned to draft the election laws for the new republic and later to supervise the first presidential election.

LOGGING CAMPS TAKE MEN

CALLS BEING RECEIVED DAILY AT EMPLOYMENT BUREAU.

Between 5000 and 6000 Men Expected to Be Needed During Coming 30 Days.

Logging camps throughout the state and entire northwest which are opening every day are expected by members of the United States employment bureau to solve to a great extent the present unemployment problem.

"By another 30 days every logging camp in this section will be open and when every logging camp is going, between 5000 and 6000 new unemployed men will be busy," declared City Superintendent Conway yesterday.

"Thursday three lumber companies gave us orders for 122 loggers. Yesterday perhaps a dozen other lumber companies sent down for large numbers of men. Every day from now on lumber camps, each wanting from 25 to several hundred men, will be opening."

Unemployed soldiers exceeded by 240 yesterday the number of jobs opened to them by Portland employers yesterday under the federal employment office for soldiers and sailors under the direction of Captain James Conwill at Liberty temple. The number of men which have exceeded positions open during the last week according to figures compiled by Captain Conwill yesterday are: February 20, 164; February 21, 31; February 22, 203; February 23, 223; February 24, 340, and since February 25 figures have remained at about 340 daily.

LAND SWINDLING ALLEGED

PROPERTY NEAR BREMERTON DECLARED WORTHLESS.

Seattle Real Estate Dealer Transferred to Custody of Sheridan County Sheriff.

SEATTLE, Wash., Feb. 28.—(Special.)—J. Rheinstrom, Seattle real estate dealer, alleged by the authorities of Sheridan county, Wyoming, to have swindled persons in that county out of approximately \$100,000 through selling them worthless real estate at Charleston, Wash. This morning was transferred to the custody of Deputy Sheriff J. L. Kirby of Sheridan county, charged with obtaining money under false pretenses.

Sheriff John Stringer was informed by the Wyoming authorities that Rheinstrom was wanted by them about ten days ago. Rheinstrom accordingly was arrested by Deputy Sheriff Matt Starwich in his office in the New York block, February 17. Rheinstrom has been under guard of Deputy Sheriff W. D. Wallace ever since. Kirby said this morning that Rheinstrom's operations had to do with the sale of what is known as Midway addition to Charleston, near the navy-yard at Bremerton and lying northwest of Charleston property. The land is hilly, uncleared and worthless, in Kirby's opinion.

Rheinstrom made his proposition sound alluring to Sheridan county people, it was said, guaranteeing to sell any property within one year for an increase of 20 per cent.

LIQUOR CACHES ARE EYED

Bend's Thirsty Lament Shortage of Whisky in Land of Plenty.

BEND, Or., Feb. 28.—(Special.)—While the thirsty in Bend are lamenting the shortage of alcoholic beverages, a cache of 12 cases of whisky is securely hidden 25 miles south of Crescent, while another store of wet goods has been concealed by bootleggers 11 miles from Bend on the Lapine road, county officers learned today.

It will be impossible for whisky runners to secure the stuff until the passing of the heavy snows makes the roads passable, and it is known that the men who cached the liquor have left the country. Recent storms covered tracks leading to the places where the whisky had been buried, before it could be located by the authorities.
