STUDENTS ANTICIPATE VACATION—Mid-
 term vacation, with classes ceasing
 next Saturday and resuming ten days
 later, is expected to be a very suc-
 cessful one for the students. Be-
 sides the vacation comes later, but a
 revised schedule of the term throws
 the vacation a trifle earlier than the
 participation in spring joys. Several
 of the students, however, are organiz-
 ing parties for the beach and country
 resorts of bad weather prospects.

NAVAL OFFICER WILL RESIGN—Lieut-
 enant-Commander Louis J. Wolf, for-
 mer city health officer of Portland,
 has been ordered to report for duty at
 Bremerton. Dr. Wolf has been in Port-
 land for several months awaiting an
 expected retirement from the naval
 service. He will probably take steps
 to resign from the service, a step
 which he has not taken because of the
 long period of time which must elapse
 before he can be discharged. Such a
 procedure, Dr. Wolf estimated, would
 take the navy on the day that the United
 States declared war upon Germany and
 up to the first of the year he was en-
 gaged in the transport service.

PATENT RIGHTS TO BE STUDIED.—The
 question of the validity of the patent
 rights of the Warren Bros. company's
 bituminous pavement mixture is to be
 passed upon by City Attorney LaRoche
 at the direction of the city council.
 Should the city attorney report that
 in his opinion the patent rights
 held by the Warren Bros. company are
 invalid, City Commissioner Barber will
 present a new ordinance changing spe-

 Into Right Ways.

Harris Holden Hawley, for 25 years
 a detective on the Portland police force,
 died suddenly of heart failure at his
 home at 505 East Broadway late yester-
 day night. He was 64 years old.

Mr. Hawley's attention and work as
 a detective was directed toward
 catching missing persons. He handled
 many celebrated cases and was regard-
 ed by his fellow detectives not only
 as a very successful officer, but also
 as being without an equal in his spe-
 cialty line.

Mr. Hawley made many friends
 throughout the northwest, and in his

BAD CHECK LOSS IS HUGE

Banks Return to Store Paper Cashed
 for Shipyard Workers.

During the past month one of Port-
 land's largest department stores sus-
 tained greater losses from bad checks
 than in any previous six months of its
 history.

A large percentage of them
 were pay checks on which payment
 had been stopped on a prior representa-
 tion of their loss by the rightful
 owner.

After coming out of the grand jury
 room yesterday, William Kierman, su-
 perintendent of Meier & Frank com-
 pany, said that he believed a sys-
 tematic graft was being worked by
 some employees of reputable concerns.

He said a good many pay checks given
 shipyard workers had been returned to
 Meier & Frank by banks after they
 had been cashed as an accommodation.
 They were all good checks, originally,
 but the payment on them had been stopped
 because the workers had been issued
 new checks after reporting to the ship-
 yard managers that they had lost their
 pay checks.

ALIENS WILL BE DEPORTED

Thirty-five Men at Fort Douglas to
 Be Sent Overseas.

SALT LAKE, March 12.—Immediately
 upon the signing of the peace pact
 between the central powers and the al-
 lies and United States, 35 enemy aliens
 confined in the war prison barracks at
 Fort Douglas, near here, will be de-
 ported to Germany and Austria. It was
 announced today by R. M. Price, of
 the United States bureau of investiga-
 tion. They will be kept at the war
 prison until peace is signed.

Most of the men are members of the
 I. W. O., according to Mr. Price, but
 they are enemy aliens, too, and sub-
 ject to deportation because of their al-
 leged anarchistic preachings.
