

SCORE OF SHIPS TO COMPETE FOR TRADE

Twenty-two 12,000-Ton Vessels to Operate Weekly.

EXPANSION SOUTH OBJECT

Chairman Hurley of Shipping Board Addresses Pan-American Union of Government Officials.

WASHINGTON, March 13.—Plans of the shipping board for the establishment in the near future of regular passenger and freight steamship service between the United States and South and Central American countries through the use of 22 12,000-ton vessels now under construction, were disclosed by Chairman Hurley today in an address at a meeting at the pan-American union of government officials interested in Latin-American trade.

"These ships," said Mr. Hurley, "will make weekly trips to the ports of Central and South America. Accommodations on these ships will be as fine as on any trans-Atlantic liner. They must be made so in order to invite travel between North and South America."

Chairman Hurley, referring to the necessity of inaugurating the steamship service at the earliest possible moment, said the ports of Buenaventura, Guayaquil, Callao, Iquique, Valparaiso, Buenos Aires, Montevideo, Rio and Lagunaira must be included in the service. Many of these ports, he said, had port facilities far superior to those in the United States.

New plans for a cable and radio service with Latin-America were referred to by Mr. Hurley, who said he would not be surprised if within a few years American concerns would be able to place orders in South America by wireless telegrams.

William P. G. Harding, governor of the federal reserve board, another speaker, said that the board was doing all in its power to foster relations between the two continents and had authorized a number of banks to establish branches in Central and South America.

VILLA BAND KILLS CHINESE

FEDERALS ARE FORTIFIED AND CLASH IS EXPECTED.

Mexican Authorities Asked to Furnish 2000 Rifles to Protect American Property.

JUAREZ, Mex., March 13.—Three Chinese were killed Tuesday when Ramon Vega's Villa command entered and looted Pearson, Chihuahua, 150 miles south of here, according to Chinese who arrived here today and registered at the American consulate. No Americans were harmed at this American lumber camp, they said.

Reports from Corralitos, 105 miles south of here, indicated fighting would probably occur there during the night. Villa, with 500 men, was at the Corralitos ranch and 500 federal troops were fortified in the Corralitos station, five miles distant, awaiting an attack.

EL PASO, Tex., March 13.—Following the exportation of 150,000 rounds of ammunition to Juarez yesterday for the Mexican federal army under a special permit from the state department, a formal request has been made by Mexican authorities for 2000 American-made rifles and the necessary permit for their exportation is expected to be received here from Washington before April 1, it became known here tonight.

These rifles will be used to guard American and other foreign owned mines and mills in northern Mexico which were threatened with destruction by Villa unless a million dollars tribute was paid him.

JUDGE REPRIMANDS JURY

Man Accused of Breaking Police Captain's Nose Not Convicted.

SEATTLE, Wash., March 13.—(Special.)—After deliberating more than 24 hours, the jury in the case of the state against W. H. Stumpf, was brought in by Superior Judge W. A. Frazier at 3:20 o'clock today and charged with failure to perform its duty in not arriving at an unanimous decision in conformity with the evidence in the case.

Stumpf was charged with assault in the third degree in an attack made on Captain W. H. Searing of the

police department, January 12, while the captain was dispersing a parade following a riot at an open air meeting.

When the jury was called in, the vote stood just as it had from the first—seven for and five, against conviction. Captain Searing testified on the stand that Stumpf had attacked him and broken his nose, while he was otherwise badly bruised. Testimony of Sergeant P. F. Keefe of the police department, bore out Captain Searing's statements.

GOVERNOR SEEKS OPINION

EFFECT OF RESIGNATION IS QUESTION INVOLVED.

Executive Appeals to Attorney-General to Determine Status of Dual Administration.

SALEM, Or., March 13.—(Special.)—Governor Olcott today addressed a communication to Attorney-General Brown asking for a legal opinion as to whether or not, in event he resigned as secretary of state, such resignation would work automatically a surrender of the governor's chair.

Governor Olcott said a number of days ago that he would resign as secretary of state in event his retirement would not obligate the governor's office.

In his letter to Mr. Brown the governor says: "In light of the fact that the state is facing great problems which are more or less intertwined with the duties of the executive office and also in view of the fact that I believe the law contemplates there should be three active minds sitting upon the important state boards to solve these problems, rather than two minds with three votes, may I request you to inform me as to whether I may resign the office of secretary of state, without, by so doing, automatically surrendering the office of governor along with that of secretary of state."

"Because of the importance of the questions involved may I also ask you to inform me as to how the speediest possible determination of this question may be secured."
