

GERMAN PROTEST AT CONFERENCE FUTILE

Business With Allies to Be Under Civil Control.

BIG DEPOSIT IS REQUIRED

Eleven Million Pounds Must Be Placed in Brussels in Consideration of Allied Relief.

COPENHAGEN, March 16.—Germany, in consideration of a deposit of £11,000,000 in Brussels, will receive 270,000 tons of foodstuffs, according to a Berlin version of the agreement entered into between the German delegates and representatives of the allied powers at Brussels.

Germany will further be entitled to purchase monthly 270,000 tons of food in enemy and neutral countries besides fish from European waters and vegetables. The restriction of fishing in the Baltic will be removed, through the aid, and it is Germany's most important task in the immediate future to increase, to the utmost, her exports of raw materials and industrial products.

BRUSSELS, Friday, March 14.—Prior to the signing by the Germans tonight of the agreement for the taking over of the German merchant fleet and the provisioning of Germany, the sub-committee on food supply and merchant shipping held conferences.

Allied Terms Prevail. At the meeting of the conference sub-committee on food supply, Herbert C. Hoover was the only speaker.

In the name of the allied governments he told the Germans of the allied conditions. The principal questions raised were concerning the quantities of food to be delivered, the control of accounts and the method of payment. The Germans asked that the control should be exercised by German military men, but the allied representatives insisted it should be in the hands of the German civil authorities who would be called upon to furnish accounts and statistics regularly.

After a plenary session of the allied and German delegations in the afternoon the Germans signed the conditions imposed by the allies.

PARIS, March 16.—Several of the members of the allied commission dealing with the taking over of the German merchant fleet and the revictualing of Germany have returned to Paris. It is learned that payment for food supplies will be made on basis of invoices. Germans will have the right to export by sea certain products, the receipts from which will go to pay for the products delivered to Germany.

WEIMAR, March 16.—(By the Associated Press.)—Some of the delegates of the right and center, in the course of debate on the interpellation regarding the attempt by various states to prevent religious instruction in schools, sharply criticized this and demanded government action to prevent a recurrence.

The clerical delegate, Mumm, said: "The revolutionaries of the government at Hamburg has retained the brothels and abolished religious instruction. . . . In Brunswick the people's commission assembled 1300 school children in the cathedral for anti-Christian exercises." Helman, majority socialist, explaining his party's attitude said: "The church, like all social institutions, is subject to steady changes and will eventually disappear." Herr Bell, colonial minister, answering for the government, said that the government was not yet able to interfere in such matters as against the various states. The subject, he added, would finally be adjusted in the constitution.

32D DIVISION WINS PRAISE

General Pershing Reviews 20,000 Men in American Uniform.

COBLENZ, March 15.—(By the Associated Press.)—Within sight of the distant hills of unoccupied Germany 20,000 troops of the 32d division today heard General Pershing express appreciation of their efforts at Chateau Thierry, Soissons and on the Meuse-Argonne fronts, which the commander-in-chief said, made it possible for them to stand where they were today.

The soldiers assembled in a small valley after being inspected and reviewed. General Pershing said he took the liberty of thanking the soldiers for their services in the name of more than one hundred million Americans at home, whose hearts had been with the soldiers all during the fighting and since.

The 32d division, composed originally of national guard troops from Michigan and Wisconsin, is scheduled to start for home early in April. General Pershing said he realized how the relatives and friends of the soldiers were eagerly awaiting their return and how proud they would be of the part the soldiers had been playing in the great war.

The review took place on the high land east of the Rhine, beyond Rengsdorf, the headquarters of the 32d division, on a hill overlooking the old castle of the Princes of Wied and a great valley stretching away towards central Germany.

After the review General Pershing presented distinguished service medals to Major-General William Lassiter, commander of the division; Brigadier-General Edwin B. Winans, commander of the 4th infantry brigade; Colonel Robert M. C. Robert, chief of staff; General Lassiter. Eighteen distinguished service crosses were given to officers and men of the division.

SOVIET CLAIMS ESPOUSED

PARIS PAPER URGES RECOGNITION OF BOLSHEVIKI.

Russian Embassies at Washington and French Capital Held to Have No Authority.

BY WILLIAM COOK. (Copyright by the New York World. Published by Arrangement.) PARIS, March 16.—(Special cable.)—An article published in the Nation, dealing with the Russian embassy at Washington, is reproduced here by the advanced socialist newspaper, Le Populaire, edited by Jean Longuet, a socialist deputy. His comments reveal the trend of thought of the party known here as "French bolsheviks." After remarking that the Russian embassy in Paris has no more power to call itself an embassy and that the French government has not the right to have any connections with such an embassy, Le Populaire asks:

"By what authority does the Russian political conference hold sessions at the Russian embassy?"

Le Populaire then says that the rightful tenants of the embassy are the three representatives of the Russian soviet government who reached France recently and were immediately taken care of by the French authorities.

"They should live at the embassy at least as long as the present Russian government is in power," calmly says Le Populaire.

WHEN EATING LOSES ITS JOY

If Nothing Seems to Agree With Your Stomach It Is Hard to Get Benefit From Meals.

Pleasurable anticipation of a meal, cheerfulness at the table and a calm state of mind during digestion are all necessary if we are to get the most good out of the food we eat. But if your stomach is out of order and you never have a good appetite any more, and everything you eat distresses you, how are these things possible?

Worry interferes with digestion and if you are nervous you will worry. If your blood is thin and your stomach has lost tone you will be troubled with gas pains after eating. Loss of appetite is a symptom of a general rundown condition.

If this is your case try building up the blood and strengthening the nervous system by the tonic treatment. See if you don't soon notice an improvement in your appetite. It is usually the first sign that the tonic treatment is helping you. Then as the digestive organs are toned up to do the work that nature intended you are able to eat with comfort things that formerly disagreed with you. This was the experience of Mrs. F. Woodruff of No. 214 Trowbridge street, Grand Rapids, Mich.

"My stomach was in such bad condition," says Mrs. Woodruff, "that I had to be very careful of what I ate for I suffered from acute pains in my stomach. Frequently there was a pain that started in my left side and traveled to my shoulders. I really didn't know what it was to sleep well and I dreaded to see the night come. I lost my strength and my nerves were poor. I had heard of Dr. Williams' Pink Pills many times and when I saw a newspaper announcement of them I decided to give them a trial. I noticed a change when I had taken one box and I was completely restored to health after taking five boxes. I have regained all my strength and I no longer have to be careful of what I eat as almost anything seems to agree with me. The pains after eating have disappeared and I sleep soundly. My nerves, too, have recovered their strength and no longer trouble me. I have recommended Dr. Williams' Pink Pills to a number of my friends for an ailment that they will help them."

Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin at once to build up the system weakened by excess or overwork. The rich, red blood soon begins to show in cheeks and lips, the step is quicker, the eyes brighter and the good effect is felt in every organ of the body.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents a box, six boxes for \$2.50. Adv.
