## **COUPON BONDS COME** TO PORTLAND BANKS

Original Paper to Be Replaced by New Issue.

FRANCE WANTS SUPPLIES

Member of High Commission Confers With Bankers; Clearings Figures Show Increase.

Coupen bonds of the fourth liberty loan have been furnished to the banks through which the subscriptions were made, to be supplied to purchasers. These bonds will replace the bonds first issued and to which only four interest coupons were attached. As the various issues of liberty bonds came along it was a physical impossibility to print the complete bonds in time for dis-tribution. Announcement also is made by the Federal Reserve bank that regered bonds will be ready livery to purchasers by April 36.

Desire of the French government to purchase needed supplies of lumber and other forest products, as well as needed stocks of foodstuffs from the Pacific northwest was emphasized by Lieutenant Maurice Boyer of the French high commission, while in Portland. At a conference with Oregon bankers during his visit last week. Deutenant Boyer told of the financial situation of the French government and the necessity of obtaining credits in order to buy goods for import, and assured the bankers there is no safer credits than those asked by his countrymen. In France the dingrace attendant upon failure to meet obligations is such that every resource of the individual is behind agreements, and in case of em-barrassment, relatives and friends go the limit to uphold the person who assumed responsibilities in business transactions, he said.

Portland clearing house banks on Saturday cleared \$4,446,625.17 with cash balances of \$505,435.98. For the corresponding day of \$915 clearings were \$2,011,363.92 and cash balances \$787,800.03. The total for the week was \$31,472,820.01, cash balances \$5,930,465.15, compared with \$20,852,890.30 and \$4,692.55.25 for the house week of \$918. 465.15, compared with \$22,855,890.30 and \$4,655.254.35 for the bame week of 1918. Financial conditions of the entire northwest country are shown to be most favorable by the statements of the conditions of banks on March 4 in response to the calls of the controller of the currency and state superintendents of banks. What usually is regarded as the quiet period of the year in business the more than the state of the period of the year in business the more than the tenth than t ness, the months of January and Feb-ruary, has been a season of uninter-rupted commercial activity. With es-tablishment of trans-Pacific shipping. interrupted by the war and new in-dustries enringing up, the suffock for all lines is most promising.

The bond house of Freeman, Smith & Camp company has removed to commodious quarters on the second floor of the Northwestern National bank building, discharged. F. A. Freeman has just returned from a business trip through eastern Wash-ington and Oregon and reports the business outlook exceptionally bright, visited and great enthusiasm in the various good roads movements that are being vigorously prosecuted.

OPEN DRIVE TUESDA

Stockholders for Association Object of Clean-Up.

Members of City's Leading Business Clubs Assigned Quotas; 413 Boosters Are Enlisted.

More than 400 well-known Portland men, recruited from the membership ranks of the city's most important business clubs, and organized into teams of ten men each, will comprise the big sales force which will, during the coming week, under the direction of Henry E. Reed, district manager, make a systematic city-wide drive for stockholders in the Pacific International Livestock association.

In order that the large subscriptions expected from the banks, department stores, hotels and big industries might be secured in advance of the general drive, the field has been given over, throughout the past week, to the "flying squadron" division of the campaign, in charge of E. G. Crawford, vice-president of the United States National bank. Mr. Crawford and his sides now bank. Mr. Crawford and his sides now are completing a vigorous and therough canvass of the city's big financial, industrial and business institutions which it is expected will have brought in at least 50 per cent of Portland's \$125,000 quota by Monday night. The other half of the city's quota will be the goal of District Manager Reed and his big sales force.

Big Rally Scheduled.

"We will begin our drive for stock-holders with a rousing rally of all colonels, captains and team workers at Library hall, Yamhill entrance of the public library, on Thesday evening at 8 o'clock," said Mr. Reed yesterday. "The stockmen, farmers and business men of Oregon, oftside of Portland, have been prompt in taking up our challenge to match, dollar for dollar, all subscriptions made, cutside the city, toward a \$250,000 fund for establishing a big 15-acre livestock exposition center. We expect to get the rest of Port-Big Rally Scheduled.

a big 10-acre livestock exposition cen-ter. We expect to get the rest of Port-land's \$125,800 worth of the stock placed within a week.

At Tuesday night's meeting Mr. Reed will explain the details o the drive plan, and will assign districts to the six colonels who will in turn allot terri-tory to the team captains under them. Team Workers Assigned.

infantry, was wounded while going over the top in the Argonne forest on September 28. Bursting shrapnel plerced his leg and tore it to the bone.

"The bravery of those men was wonderful," said Sergeant Quinn. "The way they went over and at the Germans showed what these men of the Wild West division were made of. Not a man failered; every one fought on and on without a whimper."

Sergeant Quinn will go to Letterman general hospital. San Francisco, for further treatment before he is discharged.

The six business clubs of the city have been apportioned quotas of steam workers and allotments of stock to sell in proportion to their membership. The colonies and their quotas of steek and workers are announced as follows:

Ad club, Coloniel Charles F. Berg, 111 workers, \$20,325 stock; Progressive Business Men's club, Colonel H. R. Blanvelt, 111 workers, \$20,325 stock; Rotary club, Colonel L. M. Huntington, 78 workers, \$13,950 stock; Realty board, Colonel Leo Friede, 56 workers, \$10,390 stock; Miwanis club, Colonel M. O. Collins, 23 workers, \$3825 stock. Total number 23 workers, \$3825 stock. Total number of team workers, 413; total stock, \$75,-

Drying Up of Turkey Shows Seven

Judgments Foretold in Prophecies to Be Real, and Will Be

Poured Upon Those Who Willfully Disobey

God, Declares Evangelist Dickson.

Last Plagues Near, Says Bible

That the drying up or the dismemberment of the Turkish empire, which is seidom if ever called in questiend as a sign of for some time is, his people with their final deliverance given as a sign of the near approach and redemption, and his judgments of the seven last plagues of Bible will be manifested in a manner no less prophecy, which will be world-wide in literal and terrible.

extent, the falling of which will mark "According to Rev. 1s the plagues the end of mercy for the unbelieving are given as follows: 1—'A noisome and disobedient, were among the declarations of Evangellest L. K. Dickson (The Greek word from which 'sore' is last night in Christensen's hall, Elevtensen's translated is set over almost literally enth street, between Morrison and into the Latin as ulcus.) It will he enth street, between Morrison and into the Latin as ulcus.) It will be, Yamhili, where he spoke to a large then, a malignant and deally ulcer audience upon the prophecy in the deeply imbedded, severe, and corrupt-scriptures relating to the "Seven Last ing and which will not relieve its ing and which will not tellers with victims by ending their pains with death; for while the fifth plague is falling, it is stated that men blass phemed God because of their 'sores/ Perhaps it may be similar to the parallel plague which fell upon Egypt (Ex. 9:8-11).

(Ex. 9:8-11).

"2. The seas will turn to blood of a dead man. Vs. 3.

3. Vs. 4-7. This is the description of the terrible retribution for the blood of the saints' shed by violent hands, which will be given to those who have done or wish to do, such deeds. The question as to who are the saints may be answered by notiong Vs. 12 of Rev. 14, for here we find that the saints are commandment keepers who have been cleaned through faith in Jesus Christ.

"4. Great heat from the sun (Vs. 5).

"4. Great heat from the sun (Vs. 5). The Greek conveys the idea of heat increased to fire. Such unusual heat extends its desclation all around. Fields as well as men are seared Boasta share with human beings the suffering caused by this burning heat (Joel 1:1-3, 15-20.)

referring to his lectures of the past fow weeks in which he dealt with the symbols of the beast, the image and the mark of the beast, the evangelist said in part as follows:

The weeks in which he dealt with the symbols of the beast, the images and the strain of the beast, the images and the symbols of the beast of the symbols of the beast of the world of the symbols of the beast of the world in the control of the symbols of the beast of the world must stand upon the decisions which have been made for or against the message of cruth which God is graciously sends to the world must stand upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world must stand upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world must stand upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world also in onward sweep. The falling of the symbols of the place of the world must stand upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world upon the decisions which have been made for or against the message of cruth which God so graciously sends to the world upon the decisions which have been made for or so graciously sends to the world upon the decisions which have been made for or the place of the pla

Milk and Toast About All He Ate for Two Years Before

Taking Tanlac. "When a man has had to live for almost two years on such things as tout and milk on account of stomach trop-ble, and then finds a medicine that

most two years on such things as toast and milk on account of stomach trouble, and then finds a medicine that fixes him up in a month's time so he can eat anything he wants, I think it is time for him to talk for the benefit of others. Well, Tanlac has done all this and more, for me, for I am now eight pounds heavier than I was before I kegan taking it and am feeling stronger and better than I have in years."

The above remarkable statement was made by William Lee, engineer at the Willard Hotel, Seattle, recently.

"My stomach never re med to be able to digest anything, scarcely," he continued, "and I as so weak and upset that I could hardly retain any of the little I did exit. I have often felt empty and hungry and ordered a big meal, but after taking a few bites I would become so nauseated that I would have to leave the table. What I did manage to keep down felt like lead in my stomach, and the gas from it would cause a burning sensation and pains that I or uld hardly stand. I was also troubled with rheumatism in my joints. My knees, especially, would get so stiff and painful that I could hardly bend them. I lost weight all the time and, really. If my work had been very hard I couldn't have stood It.

"I was under treatment several times and spent over two hundred dollars trying to get relief, but nothing ever helped me until I got Tanlac Tanlac was my last resort, for I had tried everything else, and the three bottles I have used up to this time have done me more good than everything else I have tried combined. My appetite is just great and my stomach is in such a good condition that I can thing else I have tried combined. My appetite is just great and my stomach is in such a good condition that I can eat just anything, and it certainly less pleasure to eat what I want without suffering afterwards. I sleep as sound as a dollar every night and am gaining in weight all the time. When I first started on Tanlac I weighed only one hundred and twenty nounds, but one hundred and twenty pounds, but now I tip the scales at one hundred and twenty-night. Tanlac has certafuly been a wonderful success in my case. My rheumatism, like the stomach trouble, has every bit disappeared, and I simply feel like a new man."

Tanlac is sold in Portland by the Cwi Druc Co.—Adv.
