RELIABLE METHOD
OF HAIR CURE

Hair is by far the most conspicuous thing about us and is probably the most easily demanged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at triffing expense by simply dissolving a teaspoonful of canthrox (which you can get at any druggist) in a cup of hot water. This makes a full cup of shampoo liquid. enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while thair takes on the glossy richness of natural color, also a fluffiness of natural color, also a fluffiness and who are in a general run-down

Ringle Says All Treatments Failed Until He Took Tanlac-Like New Man Now.

Remarkable, indeed, was the etatement made recently by Charles Ringel of 319 Washington street, Peoria, Ill. Mr. Ringel declared that, although he has taken the treatment at Hot Springs and used numbers of different medicines during the past eleven years in his efforts to restore his health a few bottles of Tanlac have done him more good than everything else combined. His statement follows: His statement follows:

His statement follows:

"Nothing ever helped me until I get Tanlac and now I'm just like a man made over. My stomach had been in a very bad fix for eleven years or more. After nearly every meal I would bloat up with gas until I was as tight as a drum and just suffer agony. My nerves became all shattered and my health got so poor that I was forced to quit work. No kind of medicins seemed to reach my trouble and I was going down hill very fast. I was advised to go to Hot Springs, which I did, but after spending what money I had saved up I returned home in just as bad shape as when I left, if not worse.
