

**FIELD TRIAL CLUBS
EXPECT ACTIVE YEAR**

New Constitution in International Body Received.

REGULATIONS ARE STRICT

Purposes of Association Are to Encourage Clean Sportsmanship and Breeding of Good Dogs.

Mike H. Butler, president of the Oregon Field Trial club, yesterday received the by-laws and constitution of the new International Association of Field Trial clubs which was organized at a meeting of representatives of British Columbia and Pacific coast field trial clubs in Seattle.

E. A. Parsons, Portland dog fancier and a field trial judge of national repute, represented the Oregon Field Trial club. W. W. Kurtz, of Seattle, is the president of the international association, while Mr. Parsons was chosen secretary.

Clean Sports Encouraged.

The purposes of this association shall be to encourage the development of clean and broad-minded sportsmanship, together with the running of field trials by the clubs comprising the organization. Members of the association will be the Oregon Field Trial club, the British Columbia club, Pacific Coast Field Trial club of California, the Yakima Field Trial club, Western Washington Field Trial association and any regularly organized field trial club which makes application in writing and is duly accepted.

Breeding and developing of high-class bird dogs of any of the recognized breeds of field dogs will be fostered. The new association will sanction trials to be held by its members and will adopt fixed rules for the running of such trials or clubs as may allow their local rules to conflict with the fixed rules of the association.

Rules Will Be Strict.

The association will act as a trial court upon the complaint of any club against the acts of any handler, owner or dog running in any trials of any one of the clubs comprising the association, either personal or professional, that are detrimental to clean sportsmanship. Any one handling or training dogs for a compensation shall be considered a professional handler and the trustees shall have the power to bar any handler they may see fit. Any club being accepted as a member shall have one accredited member who shall be authorized to represent such club at all meetings of the association. Each club shall determine the amount of money to be distributed as purses and shall guarantee such amount, which will be the amount of the purses, regardless of the number of entries in the trials and which must have the approval of the board of trustees of the association.

Successful Year Expected.

With a prospectively successful year for field trials and with the California trials to be run the last week in September at Lebanon, Or., to be followed by the Oregon trials there is much ado about Portland's dogdom. All of the northwestern trials may take on the aspect of All-American affairs if the All-American club comes west this fall after the running of the first half of its trials at Moberly.

The purse money guaranteed by each club shall be apportioned to the derby and all age stakes according to the number of entries in each stake. It shall be the duty of each member club to file with the secretary of the association a complete list of all entries in each stake, received by that club, as soon as possible after the close of the entries.

No club shall receive or accept any entry for any trial that does not show the following particulars, viz: class, name of dog, breed, color, sex, date whelped, sire, dam, breeder, owner and handler, and in derby stake all dogs must be eligible to registration.

Right Off the Bat.

DOWN in Los Angeles they are predicting that a crowd of 15,000 will witness the opening game of the season. This number is judged by the advance sale of seats.

"Suede" Risberg and "Buck" Weaver have signed contracts with the White Sox. Fred McHugh is now the only holdout and the "wise ones" are predicting that he will join the fold in a short time.

Manager Killefer has heard from "Silent" Claude Cooper. Claude is now a wealthy oilman in Texas. Last year he was sent a contract by Los Angeles and he returned it unsigned with a demand for \$7500. "Wade" is a little reluctant at sending a contract this season for fear that it will come back with a request for a cool million.

Bill Clymer, it is reported, will draw \$5000 for managing the Seattle club this year. This figure is unusually high for a minor league pilot, but the Seattle promoters believe "Derby Day Bill" is worth it.

Now that Clymer and Brewster have got a name for the Seattle club maybe Bill will go out and round up some players.

With Lukonovitch, Starinich, De Witt, Le Bourveaux, Kautlehner, Anfinsen, Pennington and a few others in the Coast league this year the official accounts are going to do a lot of abbreviating.

Hal Dimmock, the young pitcher developed at the University of California, will not be released by Manager Graham of the Seals until he is sure that Hal really lacks the class of a coast league pitcher.

The fans will now watch with interest to see if Earl Maggert can stage

Boston Garter

a comeback with the Salt Lake team. He received permission from Charley Graham to talk business with the Dees' manager and will try to fight his way to a regular outfield position with Salt Lake this season.

Carson Bigbee is now in the Pittsburgh Pirates' training camp at Birmingham, Ala., having arrived there the other day in company with "Babe" Adams, veteran twirler.

Another industrial league is under way in Seattle.

HOCKEY GAME CALLED OFF

FIVE MONTREAL PLAYERS ILL WITH INFLUENZA.

Eastern Champions Will Be Cared for at Seattle Hospital—1919 Decision Unlikely.

SEATTLE, April 1.—The world's championship hockey series between Seattle and Montreal has been called off, it was announced here today, as five members of the Montreal team and their manager, George Washington Kennedy, have been taken ill with influenza.

Hockey officials at noon today said the Montreal players would remain here under a doctor's care. If they showed very rapid improvement another game might be arranged, it was said. Fans generally thought, however, there would be no change in the original announcement that the series had been called off definitely.

Both the Montreal and Seattle players have been weakened by the strenuous games of this year's series. Two of the five games played went into the overtime, one lasting 50 minutes.

Tonight's game here between the local Metropolitan club and the visiting Canadiens was to have decided the championship, as each team has two victories to its credit. The title was to go to the team winning three games.

"Newy" La Londe, captain of the Montreal team and noted eastern hockey crack, was one of the five reported ill. The others were Joe Harbert, Couture, Berlanquette and Macdonald. Arrangements were made today to send the sick men to a local hospital.

Toronto at present holds the world's hockey championship, having won it in the Stanley cup series last year. The 1919 championship probably never will be decided, it was announced at the local ice rink today.

COLLEGE TENNIS RESUMED

CORVALLIS ARRANGES SERIES OF GAMES MAY 9 AND 10.

James B. Hyde and Winfield Henderson, of Portland, Show Class in Preliminary Events.

OREGON AGRICULTURAL COLLEGE, Corvallis, April 1.—(Special).—Tennis at Oregon Agricultural college has sprung into being during the past few days and a number of men are at work getting the several courts into shape.

An unusually interesting schedule has been arranged by the Aggies. They will play a dual meet at Eugene May 9 and 10, Oregon Agricultural college and the University of Washington will enter men for the matches. May 17 the Oregon Agricultural college team will go to Seattle to play the university. In addition to these inter-class and inter-fraternity series have been arranged.

A large turn-out of tennis enthusiasts is promised for this season, marking the end in which Oregon Agricultural college has played inter-collegiate games. Last year the University of Oregon was met at Eugene and later in return games here.

Among those showing speed this year are James B. Hyde, Portland, last year's captain. Hyde played in a number of Portland club and inter-collegiate tournaments last year, and at Washington high school. Winfield Henderson, another Portland boy, is at work. He formerly attended the University of Oregon, where he was an enthusiastic player. He played on last year's team at Oregon Agricultural college.

Van Stone, a freshman of Seattle, has a good high school record, having played with the Queen Anne team. Robert McClanathan of Astoria, Garth Young of Portland, Curtis Blingden of Alhambra, Cal., and others will be on the courts, which will be usable this week.

175 LICENSES SOLD IN DAY

Fishermen Come to Headquarters With First Stories of Season.

Indications of the largest sale of fishing licenses in the history of the Oregon fish and game commission are in evidence, according to the state officials in Portland.

It is estimated that between 5000 and 6000 licenses already have been sold in Portland, said H. L. Moreland, who sold 175 yesterday at the fish and game commission headquarters in the Oregon building. A few Portland fishermen came to the commission headquarters last evening to boast of their good luck. They asserted the catching of a few salmon from the Willamette and a comparatively small number of ten-inch steelhead trout from the Clackamas, Sandy and Nehalem rivers.

It is yet early in the season for salmon-fishing.

NINETEEN GAMES ON CARD FOR CORVALLIS TEAM.

Return of Whitney Gill and Spec Keene Strengthens Lineup—Daily Practice Engaged In.

OREGON AGRICULTURAL COLLEGE, Corvallis, April 1.—(Special).—The baseball schedule for O. A. C. has been arranged by Coach H. W. Hargiss and shows a total of 19 games. Although baseball practice opened before the spring vacation, all the men were out in earnest this afternoon, making a very promising showing. The coach will put the Beavers through a strenuous routine. Perfect weather the past week has put the fields in excellent condition for the game.

The Aggies are greatly strengthened by the return of Whitney Gill and Spec Keene, former O. A. C. boys just back from service overseas. Gill is a catcher who qualified on the freshman team two years ago. Keene is a pitcher and will be a big addition to the Aggie battery. Both boys registered in college today and this afternoon had their first workout.

CENTRALIA, Wash., April 1.—(Special).—The Centralia high school basketball team last night defeated Knab in the second of two games to decide the interscholastic championship of Lewis county. The score was 49 to 10.

Knab defeated the locals last Friday, 41 to 28. If a third game is played it will be staged on a neutral floor.

ST. MARY'S MAY GET HIMPLE

Former Multnomah Club Star May Enter Law School.

Bill Himple, former interscholastic league 220-pound football star, who played a great game at guard for Multnomah club last season against the best teams in the northwest, is considering entering St. Mary's college at Oakland, Cal., next September. Leo "Dick" Malarky, who will coach the St. Mary's eleven next year, and Himple have had several talks and the "young mountain" may take up law at St. Mary's. Himple would be a valuable football addition to the California institution.

Big Bill will journey down to his

goat farm in Tillamook county today for a three weeks' sojourn and will think the college question over.
