

GIRL OF 18 WILL WED F. BURTON HARRISON

Miss Elizabeth S. Wrentmore
Makes Announcement.

RIGHTS OF AGE ASSERTED

Governor-General of Philippine Islands
Objected to by Parents on
Account of Disparity of Years.

SEATTLE, Wash., April 6.—(Special.)—Elizabeth S. Wrentmore, former student at the University of Washington, says she is going to marry Francis Harrison, governor-general of the Philippine islands and former congressman, despite the disparity of their ages and the objections of her mother.

This announcement from Berkeley, Cal., where she is now in school, has caused her former friends in Seattle to gasp with excitement and her society sisters in the Kappa Kappa Gamma at the University of Washington are wondering if she will really carry her defiance of her mother to the point of marrying the governor-general.

Rights at 18 Are Asserted.
"There is no reason why I should not marry Governor Harrison," she says, "except the discrepancy in our ages and we are the best judges of how important that is. I have always been treated as a baby, but now I am 18 and I feel that I have some right to manage my own affairs."

Student friends at the University of Washington who recall the entrance of Miss Wrentmore into the college in the fall of 1916, find the keynote of the romance in her brief statement, "I have always been treated like a baby."

Miss Wrentmore, tall, fair and decidedly attractive, with large blue eyes and curling hair, was, in short dresses and her hair in a braid, when she came to Seattle with her mother and entered the university. All the other girls of her classes wore their hair up—but she could not. Although tall, she was not permitted to lengthen her dresses.

Mother Watches Over Daughter.
Mrs. Wrentmore brought her daughter to Seattle from the Philippines and the girl entered the university. She was allowed to join the Kappa Kappa Gamma sorority, but she lived at home with her mother. At the end of the school year she and her mother returned to Manila. Mr. Wrentmore at their home in the islands.

The following year Miss Wrentmore surprised the girls at the university by coming back to Seattle without her mother, and again entering school. She became very ill during the winter and could not finish her work. She returned to her home in the Philippines in the early spring.

From time to time, bits of news floated back across the Pacific to friends here concerning the interest of Governor-General Harrison in the former university girl, an interest of which the parents were said to be unaware.

Then suddenly last fall Mrs. Wrentmore bundled her daughter up and took her to Berkeley, Cal., where she placed her in the University of California.

CAPTAIN JOHANNSEN SHIPMASTERS' HEAD

Whole World Represented in
Annual Election.

VETERAN OFFICER HONORED

Three Months Are Required in Tak-
ing Vote; Association Ban-
quet Is Delayed.

SEATTLE, Wash., April 6.—(Special.)—With votes cast from every continent and every major marine country, except Australia, the Shipmasters' Association of the United States, with headquarters in Seattle, yesterday afternoon re-elected Captain O. A. Johannsen as president for this year. More than 100 members cast their votes by mail from ports in every continent with the exception noted.

Captain Frank Worth was re-elected first vice-president, while Captain C. J. Brugiere, chairman of the State Pilots' Association of San Francisco, was again chosen second vice-president.

Captain J. G. Nord was re-elected as third vice-president.

A new face appears among the officers in the person of Captain Edward Hickman, who was chosen to succeed Captain T. P. Flynn as fourth vice-president.

Veteran Official Honored.
W. T. Isted, prominent waterfront man, was re-elected secretary-treasurer, an office that he has held since the organization of the association. He was one of the founders. He received a remarkable tribute in the voting, getting 90 per cent of the ballots cast.

The following were elected trustees for the year:
Captains M. M. Jensen, Fred Warner, Thomas Duffey, John Livingstone and Archie McKay. Captain Jensen is now in the Orient as master of the freighter Admiral Mayo, of the Admiral Line. Captain Warner is on the Atlantic as a shipping board master. Captain Livingstone is in Japan. Captain McKay is on the high seas as a shipping board master. Captain Duffey, Puget sound pilot, is the only trustee in Seattle at present.

Ballooning Sets New Record.
The election is believed to set a new record in long distance balloting. Ballots came from the ports of England, Scotland, France, Italy, the canal zone, South America, China, Japan, Alaska, Hawaii and other distant shores. It happened, however, that none of the association's members were in Australia, hence the failure of the Australian ports to appear in the annual contest. The election was spirited but friendly. Three months were required in taking the vote.

Secretary-Treasurer Isted's annual report showed the association is in splendid condition financially. Seventy-one new members were admitted as members of the 12-month period covered by the statement, all being Pacific coast master mariners.

Annual Banquet Delayed.
The election was held by mail because of the absence of more than 100 members in all parts of the world, most of them in Uncle Sam's service. With so many of the masters away, the association decided yesterday afternoon to postpone its annual banquet and reunion until next November, when it will arrange what is expected to be the greatest gathering of mariners in the history of the Pacific.

The annual reunion of the association have been famous on both the Pacific and Atlantic.
At the meeting yesterday it developed that a New York millionaire has chartered a Puget sound yacht for Alaska cruising this year. For the last year or two the organization has carried on a systematic campaign to interest the wealthy yachtsmen of the Atlantic coast in Puget sound and Alaska, and its efforts are beginning to bear fruit.

Raymond Soldier Returns.
RAYMOND, Wash., April 6.—(Special.)—Roy Treasle, of Mr. and Mrs. William Treasle of this city, returned yesterday from overseas, where he put in more than a full year. He was one of the first to enlist after he entered the war and was among the first Americans to get over.

Shingle Mill Sold.
RAYMOND, Wash., April 6.—(Special.)—The McCaskill shingle mill was sold recently to Harry Hammerly of Chinaman, Jefferson county, who has assumed charge and will run to full capacity. He has been engaged in shingle manufacturing in the vicinity of Bellingham until recently.

Sedgwick Once Lived at Ridgefield.
RIDGEFIELD, Wash., April 6.—(Special.)—A. A. Sedgwick, who shot and

LAND URGED FOR SOLDIERS

Movement Starts to Relieve Unemployment Problem.

NEW YORK, April 6.—Plans for a nation-wide movement to relieve unemployment by aiding returning soldiers and sailors to reclaim land for cultivation were announced last night by the national Catholic war council, which proposes to spend \$200,000 in an effort "to produce food for the future of this country and of the whole world."

Soldiers and sailors with some small capital to invest in farming will be transported to the new colonies during the next few months, it was stated, and every effort will be made to finance and advise successfully their agricultural undertakings.

HUNGARY'S PLAN UTOPIAN

Population to Be Divided Into Classes and Income Guaranteed.
BERLIN, April 5.—(By the Associated Press.)—Hungarian population will be divided into three classes, according to the Budapest correspondent of the Green Zeitung. Intellectual workers will be assured a minimum income of \$700 at the peace time rate of exchange. Merchants and trade and industrial workers will receive \$400 and workmen and day laborers \$200.

The state plans to supplement the difference between what the various classes earn and the minimum decided upon.

BAKER WILL SAIL TODAY

Secretary of War Expected to Make Brief Stay Abroad.

WASHINGTON, April 6.—Secretary Baker left Washington tonight for New York, where he will take passage tomorrow on the transport Leviathan for France. Mr. Baker will be accompanied to France by C. W. Cuthbert, the war department representative on the American liquidation commission, and by his secretary, Stanley King.

During his stay abroad, which is expected to be brief, the secretary will attend the meetings of the liquidation commission, which is winding up the financial affairs of the American army in France.

Skamania Resident Buried

STEVENSON, Wash., April 6.—(Special.)—The funeral of W. H. Miller of Skamania, who died in the local hospital Thursday morning of tubercular meningitis, was held here today. The services were conducted by the local Maconic lodge. Mr. Miller was a resident of this country many years. He is survived by a widow and three children. Before coming here he was employed by the Oregon fish hatchery at Bonneville for several years.

Schools Will Get Movies

SHELDON, Or., April 6.—(Special.)—Arrangements are under way for the Sheridan public schools to derive the benefit of educational films, to be placed here by the government at a small consideration and to be played at the Grand theater in this city. The films will be a direct benefit to the schools as a whole and will be shown Friday nights. Visual instruction has been in use in several state schools and is said to be entirely satisfactory.

REPUBLICAN CLUB ELECTS

IMPORTANT OFFICES GIVEN TO
MEN UNDER COLORS.

George C. Wheeler, Member of Base
Hospital Unit in France,
Heads Organization.

SEATTLE, Wash., April 6.—(Special.)—Honoring members who are absent from the city in the service of the nation by electing them to office, the Young Men's Republican club of King county inaugurated the campaign for republican leadership in national, state and county at the annual election held last night.

George C. Wheeler, a member of base hospital unit No. 5 and at present in France, was elected president. Mr. Wheeler has served the organization as vice-president and until his departure overseas last July was an active member of the executive committee.

The membership stood and cheered when Fred L. Selas placed in nomination the popular young republican, who delivered an instructive address of new officers follows:
President, George C. Wheeler; vice-president, James W. Reagon; secretary, Roy C. Lybe; treasurer, M. L. Burkhardt; executive committee, James R. Kline, Robert W. Fleming, George A. Mosher, O. E. Sauter, A. B. Olson, George A. Allison, P. L. Selas, Lee Johnston, Arthur Griffin, I. A. Fay, I. M. Davidson, Wylie Hemphill, James E. Wood, George A. Grant, Forest L. Hudson, Warren H. Lewis, Bert Northrup, Cole C. Purdie, William H. Ellis, Stanley Brown and Charles L. Smith.
W. M. Whitney, a past president of the club, introduced a resolution protesting against the promise of complete independence held out to the Philippines by Secretary of War Baker, which was adopted after an enthusiastic debate. W. L. Wright, a resident of the Philippine islands for more than 20 years and now a member of the club, delivered an instructive address.

He charged the recurrent agitation that found expression in the American newspapers for Philippine independence to the master politicians of the islands, who, he said, exploited the natives and fought to rule the islands for selfish purposes.

CROWDS SEE WAR TROPHIES

All Deschutes County Turns Out to
Welcome Speakers.

NORTH MADRAS, Or., April 6.—(Special.)—Along the Deschutes river, starting at Bend, the victory loan trophy train exhibited its collection of captured war material to thousands of people today. The run from Shanks to Bend was made at night, and an inch of snow at the eastern terminus nearly 3000 people were waiting to view the relics.

Clarence Likens, hero of the tank corps, Lieutenants Clark Burgard and Ben Dorris, wounded in France, and Bert Bates, of the 62nd artillery, talked to the interested crowds. Interest in central Oregon was intense, one stockman driving 35 miles to see the trophies. Arthur C. Spencer of Portland joined the train at Bend. He told the crowds of the urgent need for funds. Others who spoke were B. F. Irvin, E. E. Brodie, Otto Hartwig and Captain Crumacker.

H. S. Hudson, chairman of the Deschutes county campaign, has carefully organized his forces with a major for every 1000 people, a captain for each 100 and a lieutenant for every ten, so

that the district will be thoroughly canvassed.

Two modest heroes are Lieutenants Burgard and Dorris, and Chairman John F. Daly refers to them as the worst heroes in captivity.

"How were you shot in the jaw?" queried a spectator in addressing Dorris. "Well," replied the young lieutenant, "I turned my face to the rear, like a big book."

The train goes into Washington tomorrow, opening at Starbuck and going to Walla Walla for the afternoon and evening.

TORNADO SWEEPS OMAHA

Many Houses in Western Part of
City Blown Down.

OMAHA, Neb., April 6.—A tornado swept over the western part of the city tonight.
A score or more houses in the western part of the city were lowered and a number of persons injured. Up to 11 P. M. no fatalities had been reported. Wires are down and communication is interrupted.

The high wind followed a warm Sunday afternoon, just as did the Easter tornado March 23, 1913, when 150 people were killed in Omaha and several hundred houses were lowered.

The tornado of tonight followed in about the same path as did the de-

structive visitor of six years ago. It moved from the southwest to the northeast in a path about a half mile further west than did the previous one.

ALLIES MAY LOSE ODESSA

Bolshevik Pressure Against Black
Sea Port Increasing.

PARIS, April 6.—(Havas.)—Bolshevik pressure against Odessa, the great Russian port on the Black sea, is increasing, and the evacuation of the city by the allied forces is imminent, the Martin says. The allied forces, it adds, probably will be withdrawn ultimately to the Dniester in order to protect Bessarabia and Roumania.

The isthmus of Perekop, which connects European Russia with the Crimea, has been fortified by the allies to protect the Russian naval base of Sebastopol.

Cove Order Entertains Matron.

COVE, Or., April 6.—(Special.)—Cherry chapter, No. 123, Order Easter Star, yesterday entertained its worthy grand matron, Mrs. Mabel Settlemeier, who is making the annual round of official visits to subordinate chapters of the order.
