

DAVID LLOYD GEORGE TO REPLY TO CRITICS

Premier Confronted by Delicate Diplomatic Feat.

POLICY WILL BE EXPLAINED

Charge That Premier Has Been Too Lenient With Germany Rouses Much Interest Abroad.

LONDON, April 15.—(By the Associated Press.)—It has fallen to the lot of David Lloyd George as has befallen few of his predecessors in the premier's office to meet and grapple with highly charged political and personal crises. The prime minister left the Paris conference yesterday for a brief meeting with the members of the house of commons. He had a stormy passage of the channel in a destroyer and will return to Paris Thursday with his mission accomplished. How he will acquit himself is a subject which is agitating politicians as few topics of the past few months have stirred them.

Policy to Be Explained.
The purpose of the premier's visit is to explain the government's policy and his personal part in the conference. He will confront a house of commons which contains a sharply critical faction, and, indirectly, will reply to the critical section of the press, of which Lord Northcliffe's Daily Mail has been the leader. The tenor of the criticism directed against him is that he has been too lenient toward Germany and has relented from his election pledges to make Germany pay all the costs of the war and to punish the ex-emperor. The premier's reply has awakened such interest that the demand for seats in the house of commons is great since it became known that he would speak on these topics. Interest is heightened by the fact that the council of four has decreed that the terms of the peace treaty should not be published until after they have been presented to the Germans.

Delicate Feat Confronted.
The premier will have a most delicate diplomatic feat to perform in satisfying the curiosity of the whole country and parrying his critics without telling more than the compact with his Paris colleagues. Mr. Lloyd George scored a tactical point, or Andrew Bonar Law did in his behalf yesterday, by the statement that the premier will conclude the debate. His critics had expected him to make his explanations first and that they would thereby be given ammunition with which to bombard him. Instead of this, the critics must launch their arrows first, and largely in the dark, and will thus give him the advantage, the premier's friends say, of exposing their ignorance.

PRINTERS' ART DISPLAYED

FIRST ANNUAL SHOW OF PORTLAND TYPOTHETAE OPENED.

Exhibit Represents Investment of \$2,000,000 in City and Payroll of Million and a Half.

The first annual show of the Portland division of United Typothetae of America opened at the Multnomah hotel yesterday and will continue today and tomorrow. Examples of the printing, engraving, linotyping, binding, monotyping, electrotyping, lithography and box-making done in Portland are shown in the exhibit, which is non-competitive. The display is in charge of H. S. Stuff, promoter of the national creative selling campaign for printers and advertisers.

"This exhibit represents an investment of \$2,000,000 in Portland and an annual payroll of a million and a half," said Mr. Stuff yesterday. The exhibit shows the various steps in color processes and newspaper manufacture and, incidentally, is an advertiser of Oregon-made products through the large collection of labels and signs on view. Some notable examples of book-binding are shown. An interesting feature of the show is the exhibit, "From the Cradle to the Grave," copyrighted and presented by Mr. Stuff, which shows the life of a business man from infancy to old age. A part of this exhibit, representing school days, was furnished by the Central and Falling schools. A banquet for 500 members of the Portland division and city and state officials was given last evening. F. W. Chausse, president, presided, assisted by Ray Fenell, secretary and manager.

WIFE IS DECLARED UNTRUE

CLYDE SAMPLE ASKS DIVORCE IN CIRCUIT COURT.

Lucina Smith Accuses Husband of Beating Her, Necessitating Calling of Police.

Clyde Sample declares that his wife, Lucina, had been "keeping company with other men, particularly a soldier from Vancouver barracks," since last September and that she has "been subject to the penalties thereof." In his divorce complaint filed in the circuit court yesterday, he was married August 28, 1916.

During last September, Lucina Smith alleges in her divorce complaint against William K. Smith, her husband, made love to and promised to marry a "Gypsy Roumanian girl." In December last he beat his wife and knocked her down, making such a disturbance, she asserts, that the police were called to their home at 60 North Twenty-first street. They were married in December, 1917. She asks alimony of \$50 a month from her husband, who is an employe of the American Can company, making she says, \$175 a month.

Anna Grace Hale wants a divorce from Howard A. Hale because of alleged neglect, saying that he only is home once in every two weeks and that he could well come home oftener. She married him last July. Other divorce suits filed yesterday were: Florence N. Heim against Joseph C. Heim, cruelty; Theresa Swartz against Raymond Swartz, desertion; Mary T. Long against James P. Long, desertion, and Henry H. Stiver against Katherine M. Stiver, desertion. Default divorces were granted by Judge Stapleton to Walter T. Molloy from Alice Molloy, and Mrs. D. M. Brookmeyer from F. E. Brookmeyer yesterday.

Let Your Own Teeth

Show What Film Removal Means

All Statements Approved by High Dental Authorities

All the Old Ways Have Proved Disappointing

Old methods of teeth cleaning have proved inadequate, and millions of people know it. Every dentist knows it. Statistics show that tooth troubles have been constantly increasing.

Teeth brushed daily still discolor and decay. Tartar forms, and from time to time a dentist must remove it. Pyorrhea is alarmingly common. It is evident to everyone that something must be wrong.

Dental science finds that the trouble lies in a slimy film. It is ever-present, ever-forming. You can feel it with your tongue.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. "Bacterial plaque" is the dental name for film. Those germs, with tartar, are the chief cause of Pyorrhea. Thus most tooth troubles are now traced to film.

The film is viscous, so it clings. It gets into crevices, hardens and stays. The ordinary dentifrice cannot dissolve it. Soapy tooth pastes, which are very common, even help the film to cling. So old methods of brushing have failed to end film, and that is the great tooth wrecker.

Now dental science has evolved an efficient film combatant. The results have been proved beyond question by many clinical tests. Leading dentists all over America are urging its adoption. And now, to hasten its general use, we are supplying a 10-Day Tube.

Anyone who will use it and watch the results is welcome to this tube free. The method is embodied in a dentifrice called Pepsodent.

Look at Your Teeth In Ten Days

We urge you to use this free tube of Pepsodent and see what it does in ten days. It will prove a revelation.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to daily combat it.

The difficulty lay in the fact that pepsin must be activated. The usual agent is an acid harmful to the teeth. So pepsin long seemed barred.

But dental science has now found a harmless activating method. Five governments have already granted patents. And this discovery, in the opinion of experts, inaugurates a new dental era.

Before announcing Pepsodent it was submitted to conclusive tests. Able authorities proved its efficiency by watching its results. The action in some cases has been watched for years.

Hundreds of thousands of people since then have proved the same results in their homes. Now we urge all to do it, for their sake and their children's sake. We have supplied the stores named below with these free 10-Day Tubes. This week they will give you one if you present this coupon.

Get this free tube and use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Let the product itself convince you. A book with the tube will tell you the reason for every effect you see. At the end of ten days decide for yourself what to use on your teeth in the future. You will not return, in our opinion, to old, inefficient methods. Cut out the coupon now.

Any Store Named Below Will Supply the Free Tube on This Coupon

- A. W. Allen—Sixteenth and Lovejoy.
- Lipman, Wolfe & Co—Fifth and Washington.
- Meier & Frank Company—Fifth and Morrison.
- Olds, Wortman & King—West Park and Morrison.
- The Owl Drug Company—Broadway and Washington.
- Frank Nau—Sixth and Alder.
- Portland Hotel Pharmacy—Sixth and Morrison.
- Woodard, Clarke & Co., West Park and Alder.

10-DAY TUBE FREE

Present this coupon, with your name and address filled in, to any one of the stores named. It is good for a 10-Day Tube of Pepsodent.

Your Name _____

Address _____

Out-of-town residents should mail this coupon to The Pepsodent Company, 1104 So. Wabash Avenue, Chicago, and the tube will be sent by mail.

"DANDERINE" FOR FALLING HAIR

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

Don't Be Embarrassed by Superfluous Hair

No woman need to suffer the inconvenience and annoyance caused by growths of hair on the face, neck, arms or body. A quick, safe and easy way has been evolved by which to remove them. Go to any drug or department store and ask for "Dermosan," a perfumed powder, which comes in a white porcelain jar. Make a paste with a part of the powder by adding water, and apply. In a very few minutes the hair will come off, leaving the skin perfectly smooth and clear. Many women find "Dermosan" an indispensable adjunct to the boudoir dressing table.—Adv.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quartet pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your Erocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

Removes Pimples

Pimples and facial blemishes are the tell-tales of the blood's condition. Purify the blood by using

MUNYON'S Paw-Paw Pills

FREE

Every day from 10 A. M. to 4 P. M., and evenings on Mondays, Wednesdays and Fridays, from 7 to 9, and Sundays from 10 to 12.

THOUSANDS OF SUFFERERS WHO HAVE FAILED to get relief in any other way are invited to investigate Chiropractic methods, which are permanently curing hundreds every day.

THE BEST OF CHIROPRACTIC DIAGNOSTICIANS will thoroughly examine you, make a complete diagnosis of your case and direct your treatments.

WITHOUT ANY COST TO YOU WHATEVER CHIROPRACTIC removes the cause—health returns. The above service is all free to you. PRIVATE TREATMENTS may also be had in the college building by members of the faculty, either lady or men practitioners.

Do you go to work fully dressed?
Are your shoes polished?
THE SHINOLA HOME SET

SHINOLA

AMERICA'S HOME SHOE POLISH

In key opening box, makes shoe shining easy, a mere matter of seconds.

A SHINOLA shine is brilliant and lasting.

The genuine bristles of the SHINOLA Dauber are cemented in a deep steel setting so that they do not fall out or mat down with use. The bristles are sufficiently sturdy to easily remove any dirt or grit from around the sole, spreads polish evenly, reaches all creases and cracks.

SERVICE NOTE.—Before applying polish clean both shoes thoroughly from dirt and grit, especially around the sole.

The SHINOLA POLISHER is made of the highest grade of lamb's wool, tanned on the hide and mounted on a wood back.

White SHINOLA is a lily white dressing for all white leathers and fabrics. The unusual density of whiteness brings back newness.

Brown and Red SHINOLA are the latest additions to SHINOLA products. Quality unexcelled.
