

AIR RIGHTS PROBLEM CONSIDERED AT PARIS

International Code Now Is Being Formulated.

DRAFT NEARLY COMPLETED

Analogy of Merchant Shipping Followed to Some Extent—State Rights Are Safeguarded.

PARIS, April 17.—The seventh and eighth meetings of the international convention of aerial navigation, which today is also the aeronautical commission of the peace conference, were held on April 15 and 16, says an official report issued today. "Admiral Knapp and Major-General Mason M. Patrick represented the United States. "The commissioners had before them full reports from their commercial, legal, financial and technical sub-committees. There were 41 articles in the draft convention and six annexes. "On the question of aircraft, the analogy of merchant shipping has been followed to a certain extent, the main principle being that the nationality should be governed by the nationality of the owner of the aircraft. The convention has decided as a matter of principle that certificates of competence in the case of the crew are to be recognized as universally necessary in international flying.

State Rights Safeguarded. "The right of flying over a state from frontier to frontier is recognized, subject to the safeguard that the state flown across may not fly outside the interest of national security, or, in other words, where reasonable suspicion exists that the flight is not a bona fide innocent flight. There are also provisions for the carrying of various papers of identity on the aircraft and prohibition against the carriage of dangerous articles. "The final provisions include an arbitration clause for the settlement of disputes and a clause which definitely places the convention on a peaceful basis as not affecting the rights and duties of belligerents or neutrals in time of war. Aircraft are then placed in a class apart and may not fly outside their own countries except by the special authorization of the state visited, in which case their treatment shall be in accordance with the usual rules prevailing in the case of a ship of war.

Commission to Be Formed. "The convention contemplates the formation of a permanent international commission on aerial navigation. "The commission directed that a complete draft dealing with the various amendments proposed shall be prepared for its next meeting."

TIMBER INTERESTS MERGE

Organization of Forest Products Institute in Progress.

CHICAGO, April 17.—The first American lumber congress today resolved itself into the American forest products institute, a new body intended to bring all branches of the timber and lumber business into close co-operation. Organization of the institute will be perfected at a later date.

Resolutions adopted include an endorsement of a deep waterway from the Great Lakes to the Gulf of Mexico, and an expression of confidence "in the patriotic purposes and sincerity" of Director-General Hines of the railroad administration, who addressed the congress yesterday.

COOS MAY GROW BERRIES

Possibilities of Loganberry Culture Appeals to Coast Ranchers.

NORTH BEND, Or., April 17.—(Special.)—The increasing demand for loganberry juice as a beverage and the high prices paid for loganberries by manufacturing concerns of the Pacific coast are arousing interest in the possibilities of loganberry culture in this section. Experiments made in loganberry culture here have demonstrated that the yield is more prolific and the berries are superior in juice producing properties, than in other well-known loganberry sections of the coast. Representatives of two large juice and canning concerns of the coast are now conferring with the state grove with a view of signing up a sufficient acreage to justify the establishment of a branch factory in this territory.

DRIVER ASLEEP, IS CHARGE

Auto Owned by H. T. Hutchins Collides With Laundry Truck.

"His eyes were shut. He was asleep." The foregoing were the charges which H. T. Hutchins, 902 East Flanders street, made to the police yesterday against L. Purviance, driver for the Yale laundry, with whose delivery truck Mr. Hutchins had collided. Mr. Hutchins lives at 902 East Flanders street. The damage resulting from the collision was small.

E. C. Davis, 246 Montgomery street, reported to the police yesterday that his machine had struck a woman and child at Fourth and Sherman streets. He said the woman spoke English so poorly that he could not learn her name. She was not injured much.

BRIBERY TRIAL IS OPENED

SIX JURORS EMPANELED IN MAYOR WOODMAN CASE.

Defense Announces Desire to Have Jury Composed Exclusively of Men.

LOS ANGELES, Cal., April 17.—Six permanent jurors had been empaneled when adjournment was taken late today in the trial of Mayor F. T. Woodman, accused of accepting a bribe which was begun here this morning in Superior Judge Willis' court. It appeared probable a 12th or alternate juror would be sworn in to hear the testimony and to vote in case any one of the 12 regular jurors should become incapacitated during the trial. One of those accepted was Mrs. J. J. Parker, wife of a retired business man. Three others were exempted as to their qualifications.

Captain John D. Fredericks, chief of counsel for Mr. Woodman, had announced before the opening of the trial the defense favored a jury composed exclusively of men because there would be much testimony unfit for women to hear.

CUSTODY OF GIRL DECIDED

Marshfield Woman, Alleged Cruel, Forced to Give Up Stepdaughter.

MARSHFIELD, Or., April 17.—(Special.)—Elsie Vetter, stepdaughter of Mrs. E. Vetter of Argo, today was placed in the custody of R. E. Scranton of Coquille, following a hearing in the juvenile court before Judge James Watson at Coquille. The case grew out of complaints by neighbors of Mrs. Vetter, who swore out a warrant declaring the girl had been inhumanly treated by the stepmother. The hearing attracted many people who were curious to learn the details of the affair, but the seven or eight witnesses told nothing sensational, other than to testify they had seen the girl knocked down and badly beaten at different times. About 20 women of Coquille attended the trial. Mrs. Vetter did not appear to defend herself or her treatment of the child. The young woman exhibited a bruise over an eye, alleged to have been caused during one of the beatings she received from Mrs. Vetter.

SEA LION BOUNTY SUED FOR

County Demands Skins as Well as Scapls and Skin Is Worth \$4.

MARSHFIELD, Or., April 17.—William Hunter, serving a jail sentence in Portland for possession of liquor, has entered suit in the Coos county circuit court to collect \$2756 from Curry county, claimed to be due him as bounty on sea lions. The statement is made that District Attorney Collier P. Buffington of Curry county interfered with the payment for the 1112 sealions after 200 had been paid for by the county clerk. Mr. Buffington is alleged to have demanded the entire skin of the sealions instead of simply the scapls. Hunter, if he should be obliged to furnish the entire hide, would be better off without demanding a bounty, for the skins average more than \$1, while the bounty is \$2. Judge John S. Coke issued an order of mandamus.

Tank Arrives in Albany.

ALBANY, Or., April 17.—(Special.)—The whippet tank which is being used in the victory loan campaign in Oregon arrived in Albany tonight, and will give a demonstration of its work at the city park, just east of the court-

house, left at 1 o'clock tomorrow morning. The local schools will be closed during the demonstration.

Hair Turned Gray in Battle. SAN JOSE, Cal.—Sing Kee, the young Chinese whose heroism at the battle of the Ranzoues, in the Argonne, has won him

nation-wide fame, is a gray-headed man now, although only a boy in years, as a result of his experience in France, according to a letter to his father, Charles Kee. Sing Kee remained at an advanced post, keeping his regimental commander informed of the progress of the battle in spite of a hail of bullets and

shrapnel. Some of his messages were sent back by dog messengers after the telephone went out. J. J. McKenna, another San Jose boy who has seen service "over there," has returned home. His hair, too, is gray. Phone your want ads to The Oregonian, Main 7070, A 6095.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!—Adv.
