LLOYD GEORGE IS BACKED

COALITION DEFEAT IN HULL WARNING TO BRITISH JINGOES.

No Mourning Among Premier's Followers, for Defeated Candidate Represented Imperialists.

BY JAMES M. TUOHY.
(Copyright by the New York World. Published by Arrangement.)

PARIS, April 18.—(Special cable.)—The crushing defeat of the Coalition-Unionist candidates in the Central Hull bye-election, which might be expected ordinarily to cause dejection in Premier Lloyd George's entourage, has had, in the peculiar circumstances in which he is placed, quite different effects.

Lord Eustace Percy, who was so badly beaten, represents the same class, jingo, imperialist sentiment as actuated the premier's 400 supporters in their protest against his supposed adherence in the peace conference to the principles of making peace, to which he, in common with the rest of the entente premiers, solemnly pledged himself in accepting President Wilson's 14 points.

The successful candidate at the bye-election, Commander Kenworthy, is an Asquithian liberal, a member of the party nearest akin in England to President Wilson's views and principles.

The result of the election, therefore, is taken at British headquarters here as strengthening Lloyd George's hands in his support of President Wilson. It is taken also as a strong indication of what would happen to the members of parliament who advocate the so-called "strong peace" if they force the premier to dissolve parliament.

It is understood that the Japanese proposal to obtain the insertion of an amendment in the preamble of the covenant of the league of nations declaring the equality of races was lost because of the promised opposition of Premier Lloyd George. He proposed to resist such an amendment by every means in plenary session of the conference.

FRANK GOULD WINS DECREE

Wife, Though Claiming Half of Fortune, Fails to Appear.

PARIS, April 18.—A decision dissolving the marriage of Frank Jay Gould and Mrs. Edith Kelley Gould was handed down Thursday in the civil court at Versailles. Mrs. Gould failed to appear in court, although she entered a claim for about one-half of Mr. Gould's fortune.

The Paris edition of the New York Herald says it learns from Mr. Gould's lawyer that the divorce decree will become absolute in a few months, unless Mrs. Gould appeals.

Frank Jay Gould is the youngest son of the late Jay Gould, a member of various New York clubs and a director in several railroads. Mrs. Gould, formerly an actress well known on the New York stage, is his second wife. Mr. Gould's first wife, who was Miss Helen Margaret Kelley, obtained a divorce in 1909. Mr. Gould and Miss Edith Kelley were married in 1910.

At the time Mr. Gould's suit was filed, early in October, 1918, it was understood incompatibility of temper was the ground given for the action. On October 26 the Paris corrections court ordered Mrs. Gould and Mario Cazassus, a Mexican, to pay 50 francs each on a charge of having had improper relations.

LEAGUE PROTECTS PUBLIC

Fake Salesmen in Grays Harbor County Receive Attention.

ABERDEEN, Wash., April 18.—(Special.)—The Aberdeen soldiers' and sailors' league at its meeting last night took steps to protect the public from fake salesmen who use the uniform to push sales of goods. The league voted to notify the public that it should not feel obligated to buy goods from any man in uniform unless the salesman should first have the written indorsement of the league as to goods and prices.

The league plans to put on a play at the Grand theater about May 15. A league dance is scheduled for May 2.

Dr. E. T. Biwer to Co-Ordinate Work

BOISE, Idaho, April 18.—(Special.)—Dr. E. T. Biwer, former secretary of the state board of health, has been transferred to the law enforcement department, where he will have charge of co-ordinating the work of the 12 professional boards and supervise the examinations they hold. Dr. E. E. Laughbaugh, former state bacteriologist, has been appointed public health adviser to J. K. White, commissioner of public welfare. Dr. Emily L. Moshage will continue as state bacteriologist.

Employes to Have Voice.

SPOKANE, Wash., April 18.—Organization of employes' welfare committees in 50 or 60 business houses of the Inland Empire during the coming year, through which the employes will have a direct voice in the management of the firms, was predicted today by J. C. H. Reynolds, secretary of the Inland Empire Employes' association. He said details of the plan have been sent to employers afield with the organization following its decision here last month.

Salt Lake Men Chosen.

BOISE, Idaho, April 18.—(Special.)—W. H. Fultman, commercial manager of the Utah Power & Light company of Salt Lake City, has been elected to succeed W. T. Wallace as manager of the Idaho Power company, who resigned to take a position in the east with the Gulf Oil company. Mr. Fultman will take up his new duties May 1.

Fourteen thousand three hundred pairs of army boots manufactured in New Zealand were shipped to the Dominion's soldiers serving at the front.

TRAVEL ALLOWANCES FIXED

FARE ONLY TO POINT OF ENLISTMENT PERMITTED.

Expense Beyond That Indicated Requires Presentation of Claim to War Department.

WASHINGTON, April 18.—Travel allowances of 5 cents a mile to discharged soldiers authorized by a recently enacted law can be paid only to cover expenses from the point where the soldier was discharged to the place where he was originally mustered into the service. Controller of the Treasury W. W. Warwick transmitted a ruling to this effect today to the war department.

If the soldier's home is a greater distance from the demobilization camp than the place from which he entered the service, the controller ruled it would be necessary for him to present a claim to the war department for the difference between the amount actually spent by him in reaching his home and that paid to him upon his discharge.

The opinion was rendered at the request of Senator Chamberlain of Oregon, retiring chairman of the senate military committee, following the receipt of complaints from soldiers who came from California to Camp Meade, Maryland, to enlist and upon being discharged were without sufficient funds to pay their fares back to the Pacific coast.

JEW MASSACRE IS FEARED

IF PALESTINE GIVEN, HEBREW SLAUGHTER LIKELY.

American Relief Director Urges One Mandatory for All Turkey as Only Sure Solution.

BY WILLIAM T. ELLIS.
(Copyright by the New York Herald Company. All rights reserved.)

CAIRO, April 18.—(Special Cable.)—James L. Barton, American commissioner for relief in the near east, has expressed to me the opinion that if the peace conference gives Palestine to the Jews the next day will see all Christian sects and Moslems united in a massacre of the Jews.

The injudicious and indiscreet utterances of the extreme Zionists both in Jerusalem and in America, he said, have aroused the Christian and Moslem population in Palestine. He urged one mandatory for all Turkey, including Palestine, Syria, Mesopotamia and Constantinople—a mandatory that will bring order out of chaos and restore normality.

He advocated a great national commission to hear the claims of the Arabs, Armenians, Jews, Syrians, Greeks and Turks and to decide all questions. He declared that these questions, unless settled on a sound basis, are certain to give rise to trouble.

He asked me to remind Americans that all extreme utterances concerning the near east and its problems reach here and serve to embarrass those on the ground.

Game Law Violations Alleged.

SEATTLE, April 18.—State fisheries officers today arrested Mike Huges and Pete Eiklich, Austrian fishermen, on charges of grossly violating the game laws. Huges is charged with having caught herring on the preserve at Holmes harbor, Whidby island, and Eiklich, the officers assert, dumped overboard from his fishing boat between 8000 and 10,000 pounds of herring and a large quantity of salmon that had been caught legally and which should have been sold in the open market.
