

40,000 SEE FLYERS AT WALLA WALLA

Three Local Men Are Taken Off in Machines.

AVIATORS ARE FATIGUED

Six Machines in Air at Time Perform Stunts and Engage in Aerial Sham Battle.

WALLA WALLA, Wash., April 20.—(Special.)—Forty thousand people this afternoon saw six airplanes go through evolutions for half an hour above the city. Fatigue from their long journey and previous flights and a desire on the part of the aviators to rest as much as possible were responsible for the fact that 11 aviators did not take the air, according to their commander, Lieutenant-Colonel William Thaw did not fly. The pilot in each case was a lieutenant.

ELEVEN COUNTIES FINISHED

Reports to State Director Show Quotas Completed.

Eleven counties are definitely victorious in the victory liberty loan drive, having completed their quotas early yesterday, according to reports made to John L. Etheridge, state director of organization. They are Clackamas, Clatsop, Douglas, Grant, Jefferson, Multnomah, Sherman, Union, Washington and Yamhill.

None of the pledged counties promised to make official returns before 8 o'clock this morning, and Director Etheridge is sanguine that many of the pledged 27, in addition to the 11 already reporting, will have their victory messages on the wire early today.

"This is going to be the swiftest campaign that Oregon ever witnessed," declared Director Etheridge late last night. "It will establish a record for speed and thoroughness. The state at large has never been so well organized."

The 11 completed counties, with their principal town districts and quotas, are as follows:

Table listing 11 counties and their principal town districts with their respective quotas and amounts subscribed. Counties include Clackamas, Clatsop, Douglas, Grant, Jefferson, Multnomah, Sherman, Union, Washington, and Yamhill.

WOMEN PREPARE FOR DRIVE

House-to-house canvass will be launched Wednesday morning.

Preparations for the women's committee drive through the residential districts, in behalf of the victory loan, are nearing completion, with Robert

FAIR INCOGNITO WHO WILL BE ONE OF THE FLYING CIRCUS PASSENGERS ABOVE PORTLAND THIS AFTERNOON.

MISS VICTORIA LIBERTY, REPRESENTING THE AERO CLUB OF OREGON.

Nobody knows who she is, with the exception of Milton B. Klapper, president of the Aero Club of Oregon, who chose her for the dual qualities of good looks and grit. To the public at large she is Miss Victoria Liberty, beauty incognito, who will cruise the clouds this afternoon with the flying circus.

With a domino mask disguising her winsome face, Miss Victoria Liberty will make her second appearance tonight at the victory conference and banquet of the city campaign forces, to be held at the auditorium. Her escort of honor will comprise various members of the Aero Club of Oregon, who are asked to don their uniforms and come to the auditorium early.

A great deal of interest centers in Miss Victoria. She will visit the theaters throughout the drive and make a few bond sales herself. And some day, when the incognito has gone far enough, City Sales Manager Van Duser will bid her remove the domino mask and introduce her to the fortunate subscriber who bought the largest amount of bonds in disguise.

N. Strong as field director. The house-to-house canvass does not open today, but will be launched Wednesday morning.

A feature of the "thanksgiving rally" to be held at the auditorium tomorrow night, as a final preparatory event to the women's committee campaign, will be the singing of the stirring new song, "The Americans Come," by Paul Petrie, who sang abroad in opera for seven years.

Inasmuch as so many millions of feet of spruce was cut in the Vancouver Barracks cutup plant, located here, it seems that it would be fitting that some of the airplanes fly over this great plant.

CHILDREN TO SEE AVIATORS.

Parents and teachers of the public schools are free to devote today to the flying circus and participation in opening ceremonies of the victory loan. There will be no school in either the high schools or grade schools today, due to observance of the regular Easter holiday. Schools will resume their regular work Tuesday morning.

SKIES CLEARED FOR FEATS

body will be allowed on the flying field, which will be patrolled by military authorities, in co-operation with the sheriff and the police department. Only those with official passes, obtained from the special features bureau, will be allowed on the field.

AMERICAN ACE IN CHARGE.

The following route should be taken to the heights along Willamette boulevard and directly above the field. Cross Broadway bridge, left on Larabee to Goldsmith, Goldsmith to Mississippi avenue, thence to Emerson, and thence to Willamette boulevard, walking to the side hills which overlook the field.

In charge of the flying circus is Lieutenant-Colonel William Thaw, perhaps the most renowned of all American aviators. Other distinguished aviators are Major Carl Spatz, Lieutenant George W. Puryear, Lieutenant H. W. Follmer, Captain W. J. Hoover, Captain John Hamblen, Captain Lowell H. Smith, Lieutenants C. P. McCann, H. M. Wirt, C. W. Gatchell, Tommy Atkins, S. E. Cavanaugh, Clement McMullen, J. E. Reed, L. S. Andrews, E. L. Wolfe and P. W. Webb.

Lieutenant-Colonel A. J. Hanlon is attached to the flying circus as recruiting officer for the aviation serv-

HOOD RIVER THROUG COMING.

HOOD RIVER, Or., April 20.—(Special.)—Hood River will be almost depopulated tomorrow, when the National League for Women's Service, with Adjutant Caroline Jones in direct supervision, under arrangements made by the commander, Colonel Alice Benson Beach.

FRANCE WANTS SECURITY

GUARANTY AGAINST FUTURE RUN RAIDS DEMANDED.

Fear Felt That League Protection Will Be Inadequate—Definite Alliance Desired.

PARIS, April 20.—Editorial writers of Paris newspapers are again clamoring for definite and efficacious guarantees to ward off a repetition in future of German aggression. To this end they demand either an alliance with the United States and Great Britain or protection by the league of nations.

Pertinax in the Echo de Paris says that while the left bank of the Rhine is occupied and the fate of the Saar basin is in suspense nothing but an alliance pure and simple will serve.

St. Eric in the Journal declared an alliance must contain a military engagement of a very definite nature and that the league of nations must not supplant an alliance until it becomes a non-fictional—in other words when it offers military support at least equivalent to that of an alliance.

Lieutenant-Colonel Roussett in the Petit Parisien makes the point that granting all good will on the part of the United States and Great Britain, France ought not to be expected to bear the brunt of an eventual German attack along until American and British aid would have time to come to the rescue.

15,000 ACRES IRRIGATED

Half Million Dollars Spent by Indian Service at Yakima.

YAKIMA, Wash., April 20.—(Special.)—Superintendent L. M. Holt of the Indian irrigation service is completing expenditure of half a million dollars in extension of the canals of the side project in the Yakima reservation, under an appropriation made by the last congress. The extensions have brought under irrigation 15,000 acres of land hitherto arid. A considerable portion of it is being cropped this year.

With the main canal extensions that have been built, the construction of a few laterals will bring under water 15,000 acres more. Mr. Holt has assurance from Washington that early in the first session of the new congress another \$500,000 will be appropriated for continuation of the work.

IS FLYING DRIVE ORGANIZED

Swift and Successful Loan Campaign Assured.

INTENSIVE WORK PLANNED

House-to-house canvass in Thousands of Cities and Towns Will Begin in Earnest Today.

WASHINGTON, April 20.—House-to-house canvassing methods tomorrow in an effort to raise their quotas for the victory liberty loan on the opening day. This method, developed to a highly perfected state by a hundred or more cities and towns during the last loan campaign, has been adopted by many more loan organizations for the victory drive and canvassing committees have been drilled and organized for the intensive efforts tomorrow.

Reports to the treasury today were uniformly to the effect that prospects for raising the huge loan of \$4,500,000,000 were bright and that preparations had been made to push the work to the utmost during the first week or 10 days. Many cities held loan demonstrations today, although subscriptions will not be received formally until tomorrow. By the middle or latter part of the week the treasury hopes to have the first definite reports on the volume of pledges.

Patrols' Aid Appreciated. In the official statement issued today by the treasury, it was explained that although the federal reserve banks are the only recognized official agencies for subscriptions to the loan, the secretary of the treasury appreciates the efforts of unofficial agencies.

Large numbers of national banks, state banks and trust companies, investment bankers, express companies, newspapers, department stores and other corporations, firms and organizations said the circuit, "have patriotically offered to receive and transmit applications for the notes without expense to the applicants. The secretary of the treasury appreciates the assistance of these offers and will have applications blanks widely distributed, through the federal reserve banks, to those institutions throughout the country. Subscribers are urged to send their applications to the secretary of the treasury, who will transmit them to the secretary of the treasury.

No Commissions Payable. "No commissions will be paid upon subscriptions, and those who receive and transmit applications are, therefore, rendering the service to the federal reserve banks as authorized to act as fiscal agents of the United States in connection with the opening of the victory liberty loan.

Applications must be accompanied by payment of 10 per cent of the amount pledged for the notes. No payment other than the 10 per cent required upon application should accompany any application for an aggregate amount of notes in excess of \$10,000 may, at the option of the subscriber, be accompanied by a check in full at face value without interest.

Two Forms Are Available. "The subscriber should indicate on the application blank whether coupon notes or registered notes are desired. If no preference is indicated either coupon notes or registered notes may be delivered. All applications will be noted by the treasury committee and sent to the secretary of the treasury by notice in writing, alert to receive notes of either series in the first instance."

LOAN CAPTAINS MEET TODAY

Women to Organize Campaign for Residence Districts.

Precinct captains of the women's division of the victory loan committee will meet this afternoon at 2:30 in the assembly room of the Portland hotel to outline plans for the campaign of the residence district which opens Wednesday.

A number of precincts yet have no captains. Several captains, who served in the last loan drive, have not been re-elected. The committee asks that all former captains who have not received notice of their reappointment and all others who would be willing to serve as captains, come to the meeting and give their names to Mrs. Charles E. Curry, city chairman.

The women's division also asks all women who marched in the mothers' parade during the fourth loan, who have not received invitations and tickets for reserved seats for the mass meeting at the auditorium Tuesday evening, call at the headquarters, 213 Northwestern Bank building, today or tomorrow before 5:30 P. M.

Those who marched in the mothers' parade and the committee has had no way of reaching them to the tickets. Every woman who wishes to have every mother of the parade in a place of honor at the big meeting.

PORTLAND RIVAL OF TOLEDO

Mr. Riley Tells Ohioans Oregon Will Again Be First in Drive.

Frank Branch Riley, who is in the east advertising the scenic and tourist opportunities of Oregon, is boosting his home state in the victory loan. The following message was received from Mr. Riley by Emory Olmstead, city chairman of the victory loan drive yesterday, from Toledo, Ohio:

"Toledo, with magnificent victory loan organization and splendid civic spirit, is ready to go over the top in the first 48 hours. She recognizes Portland as her only formidable rival for first honors among American cities. I addressed 4000 city bond salesmen here tonight after they had taken the

MRS. McADOO MAKES APPEAL

Women Urged to Do Their Best to Pay Price of Peace.

SAN FRANCISCO, April 20.—Women are urged to do their best "to pay the price of peace" by Mrs. Eleanor Wilson McAdoo, daughter of President Wilson and wife of William G. McAdoo, former secretary of the treasury, in a message received today by Mrs. E. R. Brainerd, state chairman of the national women's liberty loan committee. Mrs. McAdoo said:

"The women of the United States felt a year ago that no money price was too high for the winning of a victorious peace. The government of the United States is now asking us to help raise the four and one-half billion subscription that totals the victory loan. Can we do less than our best to pay the price of peace?"

STRIKE VOTE TO BE SENT

Telegraphers Expect Ballot to be Unanimous.

Resolution Pledges Observance of Holiday May 1—Members of Congress Attacked.

Telegraph company employes, in session yesterday afternoon, arranged for transmission of the latest strike vote to headquarters, adopted resolutions attacking members of congress who have not supported labor interests and approved the observance of May 1 as a holiday, as the new international labor day.

The strike vote in the Portland district has been completed and will be tabulated today by a committee composed of C. H. Preston, secretary of the telegraphers' union; C. Grant, of the railroad clerks; A. S. Blomrose, of the train dispatchers' association, and Miss Echo Cole. It is predicted that the vote will be found almost unanimously for the strike, now believed to be due about April 25-May 1.

The meeting adopted a resolution drawn up by the boiler-makers' union, urging the observance of May 1 as the new labor day, the members pledging to observe the holiday and keep their children from attending school. This resolution is being circulated without the approval of the central labor council, which declined to adopt or recommend the move, at the session of April 19.

In the resolution attacking congress employes the telegraph employes commended Samuel Gompers, head of the American Federation of Labor, for "taking up politics," and pledging to refuse support for the senators and representatives "who have openly opposed, knifed and jockeyed all labor legislation."

MARSHFIELD CLUB GROWS

Organization of Business Men Prosperous and Active One.

MARSHFIELD, Or., April 20.—(Special.)—The Millicoma club of Marshfield, composed of leading business men and clerks, with a women's auxiliary, shows an increase in membership during the past year and the club officers plan an active season for 1919.

W. U. Douglas, who has been interested in the club since its organization, was chosen president at the last meeting. E. R. Jones, vice-president. The board of governors includes Charles Hall, John Ferguson and Walter E. Butler. The present membership is 200, and Secretary Henry Higgins reports the club in excellent financial condition.

IDAHO VETERANS TO FORM

Delegates Are Elected to Attend State Convention.

BOISE, Idaho, April 20.—(Special.)—With but 16 counties in the state having world-war veteran associations, the state committee named by Governor Davis at the request of Lieutenant-Colonel Theodore Roosevelt, to decide on how Idaho shall be represented at the national convention at St. Louis May 8 met here yesterday. It was decided not to hold a state convention, but to proceed with the organization of county units.

The following delegates were named:

FAST ROAD WORK ASSURED

Marshfield Contractors Are Well Equipped for Highway Job.

MARSHFIELD, Or., April 20.—(Special.)—Dean, Brown, Perham & Hague contractors who secured the paving job between Marshfield and the county seat, 12 1/2 miles, are well equipped for the work, having practically everything in machinery necessary for construction. A feature of their equipment is the Dean & Brown basalt rock quarry on Coos river, where the material to be used is quarried.

The firm will deliver rock from scows for a distance of six or seven miles from the Marshfield end of the road, using Isthmus inlet for transportation. The base for the paving has been ready for a year and portions of the grade have been settling for two years, leaving the entire road in good condition for speedy construction.

MECHANIC IS LUCKY SOLDIER.

PORTERVILLE.—Porterville's "luckiest soldier" is undoubtedly Jack K. a mechanic, who enlisted in the British army within a few weeks after the declaration of war. Kay was at Ypres and in following bitter engagements, that time with the New Zealanders, was transferred to Gallipoli with the A.S. sappers; thence back to France, and finished his service with participation in all of the heavy battles of the Messines campaign. He came through without an injury of any sort and without a sign of illness.
