How Does Milk Cure?—After reading the convincing article "Curing Disease With Milk" in May Physical Culture one more readily sees in it a blood making, body removating process. Dr. Charles Sanford Porter, who has had 25 years experience in the use of the milk diet, insist there is only one way to take the "cure" properly and that is in bed. The Moore Sanitarium for the past three years has devoted its work to the Porter method of giving the milk cure and the gratifying results confirm the method as correct and quick. Four weeks is the average time required, although disease conditions treated are both serious and chronic. The Moore Sanitarium, East Twenty-cighth at Aidsr. Phone East 47. HANDT SUIT OPENS.—Suit brought by Ernest W. Hardy, as trustee in bank-ruptcy for the Ellers Music House, against the Oregon Ellers Music House, against the Oregon Ellers Music House, opened before Circuit Judgo Gantenbein yesterday with all indications of lasting at least a month. The action seeks the clearing up of various phases of proceedings involving the Graves Music House, the Oregon Ellers Music House and subsidiary corporations and the appointment of a trustee for the defendant corporation on the grounds that funds have been mismanaged and dissipated by the president, Hy J. Eillers, to the detriment of stockholders in the plaintiff concern.

Glen W. Eddings in Portland on Way to Gold Hill.

"The German airmen got some of our pilots and some of our men, but officially the 13th aero squadron is credited with 27 enemy planes. It is certain that as many more crashed far behind the lines, thus depriving the squadron of additional official credit."

That was part of the work that the lith aero squadron performed, according to Glenn W. Eddings of Gold Hill, who arrived in Portland yesterday from Camp Lewis, after 16 months' overseas duty.

Refore he enlisted, Mr. Eddings was a Southern Pacific fireman, on the Roseburg to Ashland run.

A Heart-to-Heart Talk

Have you ever heard of 'Hot Water Piped into your House"?

That's virtually what we do with the Ruud Instantaneous Automatic Water Heater, which you can see exhibited at the Gas Company, Fifth and Alder.

Being entirely automatic, it requires absolutely no attention.

You may have the small tank heater and let it burn by the hour. Result: Big Bill. Not Big Bill Hart but Big Bill for gas.

But the Automatic shuts off when you turn the faucet. It stops the gas consumption. Yet is always there with the goods. You turn the faucet: Presto! Hot water.

And the cost? Read tomorrow's heart-toheart talk.
