

SHORTHORN SALE SUCCESS

PRICES PAID AT LA GRANDE AVERAGE HIGHLY.

Initial Show and Auction Are Conducted by Pacific Northwest Association.

LA GRANDE, Or., May 1.—(Special).—A consignment Shorthorn sale and show which, as an initial effort in eastern Oregon, brought higher average prices than the first Shorthorn sale in Portland, was conducted here today by the Pacific Northwest Shorthorn Breeders' association.

"This missionary semi-annual sale ranks with sales of long establishment in the west," declared General Manager Brown of Carlton after the show. "Because it was entirely new to the district much concern was felt for the success of the sale. When a large crowd appeared, spirited bidding began. 'Rushes Maid,' a heifer bred by G. W. Delay for females and sold on the block later to S. E. Hempe of Union for \$450. W. A. Payton of Baker paid \$400 for 'Fond Hope,' a yearling. Fifty head were sold, the average for females running almost to \$200, and males slightly less.

"The purely-bred business in Union county is certainly right in feeling elated at the initial sales," declared both Mr. Brown and Auctioneer Craik of Coeur d'Alene. Paul Stidwell, county agent, and W. J. Townley, president of the Union county breeders' association, are pleased. Tonight the visiting breeders and consignors were guests of the Ad club at a dinner.

REALTORS TO MEET TODAY

State Reconstruction Programme Topic for Discussion.

Eugene E. Smith and Oscar W. Horne will speak on the subject, "Why We Should Vote for the State Reconstruction Programme" at the weekly luncheon of the Portland Realty board in the Benson hotel at noon today.

The membership of the board will be asked to decide by vote whether the name "realtor" or the description "member of the Portland Realty board" shall be printed on all advertising matter. W. E. Shively, chairman of the legal committee, will discuss the question, "Where the mortgagor of a dwelling agrees to keep mortgaged property insured in the name of the mortgagee and fails to do so, but instead takes fire insurance in his own name, and a fire loss occurs, who is entitled to the insurance money, the mortgagor or the mortgagee?"

Typewriters in Demand.

LONDON.—British typewriter manufacturing firms are making great efforts to produce a large number of typewriters to satisfy the demand which is at present very great. Plants recently have been largely increased.

Summer Footwear For Men—

We are offering unusual values in fine shoes for men. Downtown stores are asking at least \$2 more per pair for the same footwear that we offer. It will pay you to walk a couple of blocks and save that sum.

Let these prices guide you to economical shoe buying:
Hanan's Men's Shoes, \$10, \$11, \$12
 In Calf or Kid, either Blucher or Lace.

Hanan's Men's Oxfords for Summer \$10
Women's Novelty Footwear

HOSPITAL TRAIN TO COME

PORTLAND TO SEE FACILITIES FOR AIDING WOUNDED.

Committees at Work on Plans for Reception of Members of Sanitary Division.

A hospital train, fully equipped and carrying patients, will be in Portland next week, according to word received by the general reception committee for returned soldiers and sailors. The train, with 164 sick and wounded soldiers, attendants and escorts is to leave New York today for Camp Lewis. The train has been fitted up for the transportation of sick and wounded soldiers.

Work of arranging a celebration for the homecoming of the 394 members of the 21st sanitary train and the 63 soldiers of the 21st supply train, both of the 91st division, is still under way. The organizations are due at Camp Upton today. It is expected Thursday will be the day for the big jubilee in Portland.

The 26th field hospital company of

the 21st sanitary train, adopted by the Portland Ad club in July, 1917, will be greeted by the club members upon arrival in Portland. Special stunts will be staged and a half-holiday is planned. Tomorrow 133 men from base hospital 50 and one man from base hospital No. 46 will be guests of the city. They are due to arrive at 8 o'clock this morning and are to leave at 1 o'clock this afternoon.

Engineer to Inspect Harbor.

R. F. Cresson Jr., consulting engineering of the New York, New Jersey port and harbor development commission, will inspect Portland harbor and port facilities on May 16, according to a letter received by Mayor Baker yesterday. Engineer Cresson is making a tour visiting cities located on harbors to collect data which the association he represents will utilize in its development work.

Deer and Pheasants Increasing.

John Walden, deputy warden of La Grande, reports to State Game Warden Shoemaker that deer and pheasants are on the increase in Union and Wallowa counties. Last week he made a trip into the region about Minam and there saw nine great big mule deer. He approached within 100 yards of the band and then watched them for more than an hour. The deer noticed him but paid no attention to his presence.
