

428 POLICE BERT IN PARIS MAY DAY RIOTS

American Ambulances Aid in Picking Up Wounded.

LABOR UNIONS INDIGNANT

Some Hold Premier Clemenceau Responsible for Disorders—Argentina Has Vigilance Committees.

PARIS, May 2.—(Tavas.)—It was announced at police headquarters today that 428 policemen had been injured in the riots Thursday.

PARIS, May 2.—(By the Associated Press.)—American ambulances did efficient work in picking up the wounded during the May day demonstration, the American Red Cross attendants being cheered by the crowds.

At the Invalides bridge an American lieutenant colonel and two junior officers were stopped by dragoons when they attempted to cross the river. The Americans were charged upon by some cavalrymen in the melee some shots were fired.

"Fight Germans," Suggested. During a clash in Place de la Bastille, a policeman shouted to the mob: "If you want to fight, go to Versailles and fight the Germans."

PARIS, May 2.—Socialists and leaders of labor unions were indignant over yesterday's incidents. The General Labor Federation has issued a protest.

Deputy Marcel Cachin, writing in Humanite, classed the present anarchy as a magnificent demonstration of the power and discipline of the laboring classes and was marveled at the brutality of the ferocious police.

M. Cachin places responsibility for the disorders upon Premier Clemenceau.

The United Trades Union of the Department of the Seine, declaring many women were victims of the "great action of the government," has decided to call a meeting of the general council.

Police Deny Responsibility. The police maintain that they had no ball cartridges in their revolvers and that no ammunition was issued to the troops, the few shots fired consequently having come from the demonstrators.

The disturbances are generally deplored by public opinion.

BUENOS AIRES, May 1.—Vigilance committees organized by the Argentine Patriotic League and supported by military and naval detachments prevented menacing anarchistic tendencies during today's social demonstrations.

President Dr. Manuel Carlos, president of the league, that socialist and anarchist organizations had appealed to him for protection against the league, which had warned that it would forcibly suppress any maximalist tendencies.

Anarchists to Be Fought. "With or without authority," Dr. Carlos asserted, "the patriotic league intends to enervate anarchy efforts to break down the civilization of Argentina. It intends to prevent all demonstrations by anarchists."

With the exception of these vigilance committees there appears a serious effort to eliminate anarchistic agitation. Eight hundred arrests have been made during the last few days and the police have listed 1600 more.

Dr. Carlos stated today that beginning Monday the league would start breaking up all known meeting places for anarchists.

FOREIGNERS MAY BE OUSTED. Deportation of Alien Trouble Makers in Cleveland Considered.

CLEVELAND, May 2.—It became known today that federal troops, with two machine gun companies, were mobilized outside the city yesterday in readiness to suppress any disorder resulting from the socialist May day demonstration. The event the police proved unable to cope with it.

Government authorities, incensed over the socialist demonstration, today were considering steps to deport every foreign-born person who participated.

Two hundred prisoners were arrested in a man hunt in injury to more than 60 others, two perhaps fatally, was followed by street fighting last night. Sixteen policemen were injured.

ALASKA LEGISLATORS QUIT

ADJOURNMENT FOLLOWS SESSION OF 33 HOURS.

Compromises Reached on Nearly All Important Matters—Eight-Hour Legislation Fails.

JUNEAU, Alaska, May 2.—After being in constant session for 33 hours and deadlocked since shortly after midnight on appropriation matters, the fourth territorial legislature adjourned sine die just after noon today.

Compromises were reached on all appropriation matters except the new agriculture college, which failed to receive an appropriation. The Alaska public bureau, over the abolishment of which a desperate fight has been waged, survived and was granted \$15,000 instead of the \$35,000 requested. The road appropriation compromise resulted in granting \$100,000 for the second, third and fourth divisions and \$75,000 for the first division.

The shipping bill, authorizing a territorial shipping board consisting of the governor, secretary and treasurer to put ships on the Alaska route for the territory if investigation disclosed necessity for this action, was passed. All eight-hour legislation failed in the senate.

Most of the legislation requested by Governor Thomas J. Jr. was acceded to by the legislature.

FRANCE TO BE PROTECTED

SPECIAL DEFENSIVE MEASURES COUNTED PROBABLE.

General Belief Is That America Will Conclude Pact in Addition to League Covenant.

BY HERBERT BAYARD SWANSON. Copyright by the New York World.

PARIS, May 2.—Special Cable.—French officials continue to insist that America has given France assurance of help in special defensive measures, apart from the co-operation provided in the covenant of the league of nations.

The French officials have not changed the attitude previously indicated, implying that they knew such a special undertaking with France was expected.

President Wilson's recent statement in the matter should not be construed as an abandonment of the league.

On the contrary, his utterance was wholly compatible with it. He said that nothing would be done to vitiate the league of nations covenant.

The arrangement favoring France would fall within the things intended by the league of nations, consistent with the covenant could be made.

The French say this will be the case. There is every evidence to indicate that definite promise has been made that the American congress will be asked to consider special terms which will assure American aid in the event of attack by Germany, within a fixed period and under certain conditions.

As previously stated, the Rhine province probably be subjected to such drastic regulations as to prohibit possible attack from that quarter. For a long time the Rhine lands will be practically under French military control, with separate economic arrangements and no military establishments, although the German flag will fly there.

So rigorous will be the present plans shall be effective, the lands will remain German only in name.

The Trianon and were engaged in installing instruments.

The inter-allied finance commission met today at the Ritz hotel. The delegates embarked on a prolonged discussion, apparently a continuation of the discussion at the Chantray Hotel, at Senlis, near Compiègne.

The German delegation included Bankers Wilhelm Meißner and Strauß. The American delegation comprised Thomas W. Lamont and Heiry P. Davison.

ROME, May 2.—Camille Barrère, the French ambassador to Italy, had a conference today with Premier Orlando concerning the development of events in Paris since the departure of the Italian delegation.

BUENOS AIRES, May 1.—Dr. Manuel Carlos, president of the Argentine Patriotic League, today approved President Wilson's declaration relative to Italian Adriatic claims.

PARIS, May 2.—(By the Associated Press.)—The disposition of the German Atlantic and Pacific cables is again before the council of three, with some prospect of a settlement along new lines.

This proposes that the cables be administered jointly by the five great powers until an international cable congress can consider the entire question of cables between the continents.

This plan is alternative to the German cables being held as prizes of war by the countries which cut them, principally the United States and Japan, some of the latter's representatives still maintaining the right to hold them as prizes of war.

PARIS, May 2.—The naval terms to be embodied in the peace treaty with Germany which finally have been completed, provide for the sinking of the larger warships. The disposition of these vessels is left to be decided upon later by the allied and associated powers.

It is felt that the final disposition of the enemy ships will not be an inter-allied question and not one for inclusion in the treaty, which provides only for the surrender of the vessels. This action is regarded as indicating that the warships will not be sunk or destroyed.

After the enemy ships are divided among the allies, each power will decide on the disposition of its own quota. The general impression here is that the French will insist on retaining their shares and incorporate them in their present fleets, while the British and American tendency inclines to the destruction of their quotas.

U. S. DELEGATES ARE SCORED. Senator Poindexter Mourns Taking Burden in Italian Dispute.

WASHINGTON, May 2.—Action of the American delegates to the peace conference in assuming the entire responsibility for the settlement of the Italian controversy has resulted in strong opposition among the people of the west, declared Senator Poindexter of Washington, republican, in a statement issued today on returning from a trip to the Pacific coast.

"The people look upon the Italian controversy as peculiarly a European problem," Senator Poindexter asserted, "and feel that the statements of France and England have achieved a diplomatic triumph in shifting the responsibility of its settlement to the United States. One of the consequences of the attempt by the American delegation to dominate and dictate the settlement of purely European controversies is shown in this bitter resentment being manifested by various peoples who but a short time ago were our ardent friends."

Congressmen Coming Home. WASHINGTON, May 2.—Members of the congressional party representing the military committees of congress now in Europe will sail from France on May 10 on the Leviathan, the war department was informed today.

local drive during the past two weeks. If we hold the pace for this last day, I feel entirely confident that we will attain our quota and maintain the splendid war record of Oregon."

Large Subscriptions Recorded. "We're going to send the name and fame of Portland and Oregon broad-cast," declared H. A. Bauer, city sales manager. "Unless I am greatly mistaken in the signs, our citizens are out to finish the job without further delay. We have to win the war and Americanism to fall. That's us!"

Among the heavier subscriptions recorded yesterday, representing additional investments in victory bonds, were the following: Alfred Smith, of Columbia River Shipbuilding corporation, \$25,000; Grant Smith-Porter company, \$100,000; Elliot Court, \$20,000; R. M. Wade & Co., \$10,000; Portland Cordage company, \$10,000; M. L. Kline, \$5,000; Heese-Martin Iron Works, \$5,000; Portland Union State Yards and employes, \$5,000; Avrell Machinery company, \$5,000; Advance-Rumley company, \$5,000; Rasmussen & Co., \$15,000; J. R. Munna, \$2,000.

State Subscribes \$25,000. The state of Oregon joined in Portland's quota yesterday, when State Treasurer O. F. Hoffmann, chairman Olmstead by long distance telephone and subscribed for \$25,000 in victory loan bonds. Previously the state had taken \$4,000 in the Marion county quota, making a total victory bond investment of \$29,000 for the state of Oregon.

"We're well content to get them," said State Treasurer Hoff. "They're the best investment on earth."

Among the subscriptions reported yesterday, which hit the quota in the short-rib, was one of \$523,000 from the railroad employes of the systems operating in Oregon.

At this session yesterday the city council appropriated \$100,000 for the purchase of victory bonds.

Tonight's demonstration, at Sixth and Morrison streets, will commence at 9 o'clock—a watch party of campaigners and wearers of the blue victory button, which will bear the word of Oregon's success or failure. The programme will be replete with features, singing, speaking and special stunts.

A regulation Planders trench, bristling with American machine guns and with captured German equipment, will be erected across Sixth street, just south of Alder, bearing the admonition, "They shall not pass. No pedestrian or motorist will be allowed to cross the trench unless they bear the honor badge, the V-button of the victory loan drive."

Details of soldiers, all overseas men, will be deputized as victory loan solicitors in Portland today. They will be provided with a letter, signed with blue lettering, "I have finished my job—have you?"

Girls Assigned Booths. One hundred girls from the Portland Red Cross chapter will be assigned to work in the Community service will also act as official solicitors. The novel sales staff will have charge of 24 booths at the downtown street corners and in the lobbies of office buildings.

At 3 o'clock this afternoon, before Liberty temple, Fire Chief Dowell will assemble all the life-saving equipment of the Portland fire bureau, and demonstrations will be given with ladders, fire hoses and nets, as a feature of the victory loan local campaign.

Following is the complete programme of the last day of the drive in Portland: 10 A. M.—Traveling sales booth will begin tour of the city, accompanied by soldier salesman.
