

CREWS AND ONE OF GREAT NAVAL PLANES TO ATTEMPT TRANS-ATLANTIC FLIGHT.

BIRDMEN GET START FOR ATLANTIC FLIGHT

Naval Aviators to Leave Rockaway Tuesday Morn.

WIND IMPORTANT FACTOR

Weather Bureau Co-operates With the Fliers, White Destroyers Form Guiding Chain.

NEW YORK, May 4.—The three big seaplanes in which United States navy aviators will attempt a flight across the Atlantic will stop over for Newfoundland on the first leg of their journey at 7 o'clock Tuesday morning, if weather permits, it was officially announced at the Rockaway Beach naval training station tonight.

WASHINGTON, May 4.—Meteorologists of the weather bureau, who are co-operating with the navy department in preparations for the trans-Atlantic flight, regard it as probable that the three naval seaplanes under Commander John H. Towers will maintain an altitude of from 1000 to 2000 feet while going overseas. They believe the planes will not have to fly as high as would a trans-continental competitor in order to derive the greatest possible assistance from the winds.

Wind is the one element of paramount importance to a successful flight, according to Professor Charles Marvin of the weather bureau. Extensive reports as to weather conditions have been gathered by the bureau, and a friendly co-operation exists with the meteorological services of Canada and Great Britain, and aviation authorities in other nations preparing to make the flight.

Canadians Again Wait.

ST. JOHNS, Newfoundland, May 4.—Harry G. Hawker and Captain Frederick E. Rayburn were compelled to postpone the start of their trans-Atlantic flight again today because of adverse weather conditions.

Destroyers Are Ready.

TREPASSY, Newfoundland, May 4.—The first seven links in the chain of naval destroyers to be stretched across the Atlantic by the United States navy for its trans-oceanic flight reached this Newfoundland base today, and after replenishing their fuel and supplies will proceed to the Azores. Their orders require them to reach their stations by May 10.

HUNGER WREAKING HAVOC

JEWISH POPULATION IN POLAND SUFFERS TERRIBLY.

People Only Kept Alive Through Fatalistic Faith in Some Miracle in the Future.

NEW YORK, May 4.—Destitution, hunger and disease are wreaking havoc among the great Jewish populations in Poland and southeastern Europe, according to reports made by American witnesses to the joint distribution committee of the American funds for Jewish war sufferers which were made public here today. The committee, which up to date has disbursed more than \$25,000,000, says that the Jewish population in Poland is being reduced to a few skeletons, and that the remainder are kept alive through fatalistic faith in some miracle in the future.

Dr. Bogen says: "The population has been and is being reduced to a few skeletons, and the remainder are kept alive through fatalistic faith in some miracle in the future. The spectacle of hundreds of starving children and women in the biting cold, clad only in the scantiest of filthy rags, and of men, listlessly and aimlessly walking the streets asking for bread, has deeply affected the committee's representatives."

Conditions in Czechoslovakia are intensified according to Henry G. Alsberg, by a widespread anti-semitic feeling. The reports in respect to Junco-Slavia are corroborated by Miss Hetty Goldman who deals more particularly with Mopastir. Miss Goldman says the city has been almost destroyed by shell fire and the population reduced from about 30,000 to between 25,000 and 30,000, including troops.

IRISH TO MEET AMERICANS

Frank P. Walsh in Dublin to Get Safe Conducts for Sinn Feiners.

DUBLIN, May 4.—(By the Associated Press.)—The programme arranged for the week for Frank P. Walsh and other representatives of the Irish societies in the United States, who arrived here yesterday from Paris, includes visits to Belfast, Cork and Limerick. On Friday representatives from all Ireland, regardless of party, have been invited to meet the Americans.

The mission of the Americans is to obtain safe conducts to Paris for Professor Edward de Valera, Sinn Fein member of parliament for East Mayo; Arthur Griffith, founder of the Sinn Fein organization, and Count Plunkett, Sinn Fein member of parliament for North Roscommon. Mr. Walsh said today that he had been informed by Colonel E. M. House that safe conducts would be granted but that first Premier David Lloyd George desired to consult with the Americans.

EDITORS' TRIAL NEARS END

Fate of Astoria Finns May Rest With Jury Late Today.

The fate of the publishers and editors of the Tover and Toverit, Finnish publications in Astoria, who are charged with violating the espionage act, will rest with the jury either late today or during the forenoon tomorrow, according to United States Attorney Hanes.

The trial has been in progress in the federal court during the past week and the majority of the evidence as well as the defendants' evidence has been presented to the jury. The trial adjourned Saturday to be resumed at 2:30 o'clock this morning.

Railroaders Ask Increase.

MONTREAL, Que., May 4.—Demands for a 44-hour week and a 20 per cent increase in wages have been made to the Canadian railway war board from 35,000 railroad shopmen in Canada. Delegates from the shop men will meet a sub-committee of the board May 12.

Upper—Crew No. 1, left to right—Commander J. T. Towers, commanding officer and navigator; Commander H. C. Richardson and Lieutenant D. H. McCullough, pilots; Commander R. A. Lavender, radio operator, and Machinist L. R. Moore, engineer; Lieutenant E. F. Stone and W. K. Hinton, pilots. Center group, left to right—Lieutenant-Commander A. C. Read, commanding officer and navigator; Lieutenants E. F. Stone and W. K. Hinton, pilots. Ensign H. C. Bode, radio operator; Chief Special Mechanic E. H. Howard, engineer, and Lieutenant J. L. Bresse Jr., reserve pilot engineer. Lower group, left to right—Lieutenant-Commander P. N. L. Bellinger, commanding officer and navigator; Lieutenant-Commander M. A. Mitscher and Lieutenant L. T. Barin, pilots; Lieutenant (j-g.) Harry Sadenwater, radio operator; Chief Machinist's Mate C. I. Kesler, engineer, and Machinist R. Christensen, reserve pilot engineer. Bottom—View of the giant naval flying boat NC-3 which has been put through practically all of the tests necessary before the flight across the Atlantic is started. The NC-3 went up with her full load and did all that was expected of her.

'BIG MONEY' DRIVE ASKED

WITH VICTORY LOAN LAGGING, FINAL APPEAL IS MADE.

Nation Must Subscribe Four Hundred Millions Daily to Get in Minimum Quota.

WASHINGTON, May 4.—With subscriptions to the victory liberty loan lagging to a greater extent than in any of the four previous loan campaigns, Secretary of the Treasury Glass tonight, at the beginning of the closing week of the drive, sent to all campaign committees a strong appeal for a final effort to reach the minimum quota of \$4,500,000,000.

Official figures for the various stages of the first and second liberty loans are lacking, but the best available information was said to indicate that on the eve of the final week more than four-ninths of the loan had been taken in each drive. In the third campaign at the start of the final week two-thirds of the total had been subscribed, and at the beginning of the third week of the last loan campaign about one-half of the total had been raised.

Total subscriptions reported in the victory loan total \$1,857,979,350. To reach the minimum quota slightly more than \$400,000,000 must be raised daily beginning tomorrow and ending Saturday night. Treasury officials, however, were not pessimistic tonight. The work of the final week, because of the relatively poor showing thus far, will be centered on what one campaign director termed "big money."

The final week of the campaign is expected to see an interesting race between districts for the honor of being the first "over the top." St. Louis, which won this honor in the fourth liberty loan campaign, is leading at present.

DORMITORY COST \$10,000

Cement Block Building to Replace Wooden One Burned.

EUGENE, Or., May 4.—(Special.)—A \$10,000 dormitory built of cement blocks will soon rise on the campus of the girls' college of the Eugene Bible university in the southern part of the city, in place of the wooden structure destroyed by fire Thanksgiving night.

W. O. Heckart of this city has been engaged as superintendent of construction and P. A. Nelson has the contract to furnish the cement blocks and do the concrete work.

The building will be two stories high and will accommodate 22 girls, besides the matron and chaperone, and will be fitted with kitchen, living apartments and other conveniences of a modern dormitory.

DRYS WILL TOUR STATES

DEMONSTRATION BY PROHIBITION FORCES NATION-WIDE.

Prominent Advocates Will Start Out From New York May 18 and Visit All Sections of U. S.

NEW YORK, May 4.—A nation-wide demonstration by prohibition forces, to be known as "the national circuit of prohibition tours," will start in this city May 18 as a preliminary to the national convention of the Anti-Saloon League of America, to be held in Washington, May 18 to June 4, it was announced tonight. After prominent prohibition advocates have occupied pulpits in New York churches, May 18, they will begin tours of the various sections of the country, accompanied by foreign delegates to the league's convention.

Speakers will go to Toronto to attend, on May 21, the meeting of the Dominion Temperance alliance. After that meeting the speakers will be divided into groups and visit Chicago, Detroit and Denver, while delegates arriving in this country from Australia, New Zealand and Hawaii will visit Seattle and other coast cities.

POLICE OBTAIN NO CLUE

Yeggmen Expected to Try Again and Thus Be Caught.

Police continued yesterday the search for the yeggmen who obtained nearly \$1900 by dynamiting two safes early Saturday morning, but without obtaining any definite clue. As the robbers took nothing but money and liberty bonds, officials feel that the only clue is the serial number on the bonds, and that unless they find the yeggmen with the bonds in their possession it will be a difficult matter to obtain a conviction.

Police, however, are confident they eventually will capture the robbers.

OMSK REGIME SUCCESSFUL

ADMIRAL KOLCHAK SETS UP STRONG GOVERNMENT.

Recognition Gained Until Territory Now Extends Beyond Urals to the Pacific.

OMSK, April 21.—(By the Associated Press.)—The Omsk government has accomplished in months what other governments saddled with similar reconstruction work have taken years to achieve. When Admiral Kolchak took control of the administration there was virtually nothing in Siberia resembling a central government.

There were remnants of the old regime, badly disorganized, and various parts of Siberia were barely able to maintain local control without affiliation one with the other.

Kolchak has gained strength and recognition until at present his territory extends beyond the Urals to the Pacific. The territory embraces 70,000,000 people, although there are a few elements which do not acknowledge Kolchak's authority.

One of the greatest difficulties confronting Admiral Kolchak is the lack of a code suitable for the changed conditions.

Practically all the laws of the monarchy must be rejected or reconstructed. The council of ministers sits daily, often late in the night, perfecting a system of legislation and each day an official bulletin is issued embodying a new law as a result of the deliberations.

This is being accomplished in spite of the fact that the council of government control and military affairs. Kolchak himself has not had extensive experience in directing affairs. Most of his ministers at best filled some subordinate office in the old regime. The responsibility has been thrust upon them and they are doing their best to rise to the emergency.

"My Dear, You Should Be in the Movies"

IF your admiring friends say that, stop, look, and listen to one who has been through the motion-picture mill. He tells you, without a bit of word-mincing, just what your particular, individual, chances of becoming a motion-picture star really are. He does it in Photoplay for June, in an eye-opening article called,

"What Every Girl Wants to Know"

AND for those who feel the lure of the Oliver, there is a word from Ince's latest scenario writer on how to graduate from a small-town general store to batting out hits for Charles Ray in a "New Write Hope."

With beautiful duotone pictures of your favorites all ready to be framed, with a two-fisted Mayor talking right out in meeting about the good work of the Better Photoplay League, with a review of the best of the new pictures that will save you disappointment and give you evenings of real enjoyment—do you wonder that we urge speed in getting to the newsstand for your copy of Photoplay for June?

Photoplay is out today. Your dealer may be "out" tomorrow. Ask him tonight for the June issue of

PHOTOPLAY

JAMES R. QUIRK, Publisher

OUT TODAY

Lalor, with his wife, returned to San Francisco and were assigned to the best suite in the Hotel St. Francis. From the time Lalor left the Manx until he registered at the St. Francis he has been engaged in the real estate brokerage business. His wealth is reputed to be in six figures.

Sawmill to Increase Output.

ALBANY, Or., May 4.—(Special.)—The big sawmill of the Hammond Lumber company at Mill City, 30 miles northeast of Albany, will be operated at full capacity again after May 12. Logging facilities have been improved.

Read The Oregonian classified ads.

Bandits' Mother Claims Coin.

COLORADO SPRINGS—Mrs. Martha Babb of Denver, mother of Frank Lewis of the Dale Jones bandit gang, appeared in the district court Friday with a petition to recover \$1220 in gold and a diamond ring worth \$130 which was taken from Bandit Lewis when he was captured here. The South Side bank of Indianapolis already had filed an attachment against the money on the ground that it was part of the loot taken from the bank when robbed.

Home Gardens Make the Savings Grow

WITH this end in view, the Northwestern National Bank is distributing a splendid book on the planting and care of home gardens ABSOLUTELY FREE to anyone who will call or write for same at our Savings Department. This book is issued by the National Garden Commission, Washington, D. C., and is reliable in every respect.

If YOU haven't a Savings Account, we shall be glad to have you open one here.
