MUNICH, May 5.—(Via Copenhagen.)—All the newspapers appeared as usual today, except the communist Red Flag and other radical organs.

It is confirmed that among the identified dead are Countess Hella von Westary, daughter of Count Adolf Westary, who was born in Munich in 1885 and one of the princesses of the house of Thurn and Taxis, believed to be Gustave, who was born at Dresden in 1888.

The communists before they left their strongholds destroyed all the criminal records at police headquarters.

MUNICH, Monday, May 5.—(By the Associated Press.)—All Munich celebrated the victory over the soviet government yesterday. The streets were crowded with people who cheered passing troops or gave them refreshments.

VIENNA, May 4.—(By the Associated Press.)—The Hungarian legation here was still occupied today by Hungarians opposed to the communist government in spite of the protests from Bela Kun, communist foreign minister, threatening retaliation against the German-Austrian ministry in Budapest unless the Austrians drove the anti-communists from the Vienna police.

It is said that 150,000,000 crowns for use in the communist propaganda were found in the building. The 15 Hungarians in possession of the legation, who are army, refused admission to all comers, including the Vienna police.

BUDAPEST, Monday, May 5.—(By the Associated Press.)—Former Food Minister Combon of the soviet government has fled from the city with his family and has joined the counter-revolutionists. Reports state that he has declared he abandoned bolshevism because "Bela Kun acted like a Caesar and would not take advice." Czech forces are reported within 20 miles of this city.

ARMED TROOPS TAKE MONTH RUSSIAN TOWN

Bolshevik Resistance at Mesalskaya Ineffectual.

KOLCHAK LAUDS BRITONS

Head of All-Russian Government Disappointed Over Attitude of Japan and America.

LONDON, May 6.—Allied troops advancing southward along the Murmansk railway on Saturday captured Mesalskaya, 25 miles south of Urozero, a war office announcement says. The Bolshevik resistance was strong.

ARCHANGEL, May 5.—(By the Associated Press.)—The first of the allied river flotilla reached the fighting front near the junction of the Vega and Dvina rivers last night.

LONDON, May 6.—Four hundred persons were killed in Moscow today when the red guard was called upon to disperse rioters, says an Exchange Telegraph dispatch quoting advice from east Germany.

VIADIVOSTOK, May 4.—(By the Canadian Press.)—Admiral Kolchak, head of the All-Russian government, in an interview with the correspondent at Omsk, April 26, expressed deep gratification for the British for their efforts in Siberia, but he hinted that Russia had recently begun to be disappointed over the attitude of Japan and America.

"I am working my hardest for the good of Russia," he added, "and I hope to succeed, but if I fail I will go under willingly for the sake of my work. This in itself could be proof that Russia had not yet reached the stage of lawful self-government."

ARCHANGEL, May 4.—(By the Associated Press.)—Bolshevik sympathizers in Northern Russia who recently were permitted to cross the line to join the bolshevik met with an unexpected situation, according to the Russkiesleber of Archangel.

The men were locked in a barn until they were able to convince the bolshevik officers that they were actually bolshevik. Commissioner Kuzman, the bolshevik commander on the northern front, then arranged a formal reception, in welcoming the new comrades he said:

"Such conscientious comrades as you are more precious than gold to the bolshevik, and the red army will be happy to see you in its victorious ranks. The newcomers loudly protested that they did not come to fight. They finally received a flogging of three weeks, after which they were allowed to join the bolshevik army on this front."

ARCHANGEL, May 4.—(By the Associated Press.)—The bolsheviks continue the bombardment of the allied positions on the upper Yenisey. Allied gunboats are fighting up-stream through a river filled with ice.

Airplanes report that the bolshevik fleet on the Yenisey in the vicinity of Tulgas has been enlarged considerably. The enemy boats again vainly attempted to approach the American, British and Russian positions Saturday morning. Yesterday the enemy shelled the allied positions for six hours. No damage was reported.

On the Volokla railway front yesterday afternoon bolshevik infantry, with artillery preparation, attacked the right wing of the allied positions. They were dispersed by rifle fire.

DOORS LOCKED ON SPOUSE

SALEM MAN FEARS KIDNAPING OF CHILDREN.

Mrs. Edith Eyre White, Accompanied by Policeman, Visits Home. Bluecoat Is Barred.

SALEM, Or., May 6.—(Special.)—Fearful that his wife might attempt to kidnap their two small children pending divorce proceedings for two weeks, Circuit Judge Bingham, Dr. B. H. White changed the locks on every door of his home in order that his wife might not gain access to the house.

The husband's novel method of locking his spouse out of the house was discovered today when the wife, Edith Eyre White, took Policeman Thompson to their home for protection while she visited with her children. Dr. White admitted his wife had let the bluecoated copper inside the front door.

The policeman chatted with a taxi driver while Mrs. White played with her children for an hour. Dr. White stood guard over the youngsters and kept a weather eye on the policeman.

The Whites are prominent locally. Mrs. White is seeking a divorce on grounds of extreme cruelty. She also alleges he has threatened her life and members of her family.

PHELAN WANTED IN EAST

Man Arrested Here Faces Murder Charge in Chicago.

Inspectors Coleman and Morak yesterday received a telegram from the Chicago police asking the detention of "Big Jack" Phelan, arrested here Monday night, and promising to send for him as soon as the governor of Illinois issues extradition papers. Phelan is wanted in Chicago on a charge of murder.

Police say they made no progress yesterday toward connecting the prisoner with the nation-wide bomb plot which the "red" planned for last week. Phelan said he received the wounds about his head in a fight April 21, but he flatly says he had anything to do with the murder of Lee Phelan on that date.

Police say the prisoner, who is reputed to be a leader of the I. W. W., shows more than average intelligence, and declines to go into the details of the case against him. He has announced that he will fight extradition. Police filed an additional charge holding Phelan for the federal authorities for investigation.
