

SALVATION ARMY'S CAMPAIGN APPROVED

Elks, Who Will Aid in Work, Guarantee All Funds.

WAR AUXILIARIES TO HELP

Drive, if Successful, to End All Solicitation for Year, Except Christmas "Kettles."

Enthusiastic approval of a proposed budget outlining an expenditure of \$250,000 by the Salvation Army in Oregon, the money to be raised in a campaign in charge of the Elks of this state June 22 to 30, was given by members of the state executive committee of the Salvation Army home service campaign at a meeting held at the Hotel Portland yesterday noon.

Mayor Baker, acting state chairman, presided at the meeting. Governor Olcott, honorary chairman, being unable to attend. O. C. Bortmeyer, financial executive, told the members of the committee that the Oregon State Elks' association had been asked to take charge of the campaign and had accepted the responsibility. In Portland the United War auxiliaries, composed of mothers, wives and sweethearts of soldiers, offered to aid in raising the fund, and their assistance was gladly accepted.

Mayor Praises Cause.
In a short address Mayor Baker said that Oregon responded to an appeal for funds by the Salvation Army several years ago when its work was not so well appreciated by the people, and that with the wonderful work this organization has accomplished and the character of support that the Oregon Elks are sure to put behind the campaign, its success is assured.

Dr. William S. Kennedy, president of the Oregon State Elks' association, said that the Elks considered it a privilege to step in and assume charge of the drive for funds in Oregon, and that in doing so they guaranteed the raising of the sum sought by the army officials.

Through this campaign all solicitation on the part of the Salvation Army officials, with the exception of the usual Christmas campaign with kettles on the street, would end for one year, in charge of the Salvation Army work in the northwest.

It Isn't Necessary to Close the Kitchen Door Now That We Have a

"Wear-Ever" Aluminum Griddle

A KITCHEN full of smoke and odor of grease is unknown to the woman who uses the "Wear-Ever" Griddle when making that distinctly American and most delicious breakfast dish—griddle cakes.

No grease necessary—and the cakes do not stick, but are browned beautifully and baked thoroughly—light, deliciously appetizing and wholesome.

Heat the griddle. (Some women place a bit of batter near the outer edge of the griddle. When the batter browns, griddle is hot enough to bake cakes.) Then turn down the flame about one-half. Save fuel!

It is now possible for you to get shapes and styles of "Wear-Ever" utensils which have been unobtainable during the war because so many thousands of tons of aluminum have been used in making cooking utensils for soldiers and sailors.

The utensils which gave enduring service there will give lasting service here.

Replace utensils that wear out with utensils that "Wear-Ever"

"Wear-Ever" utensils are sold by department, house-furnishing and hardware stores.
