MANY BANKS INTERESTED

Loans by International Group Will Be Guaranteed by Governments Concerned in Deals.

WASHINGTON, May 12.-Organization of a new consortium for financing Chinese loans, announced today in Paris dispatches, is regarded in official circles here as a triumph for the new American principle of extension of the scope of participation in international

financial arrangements.

At the state deportment it was said officially that under the conditions which are to govern the new consortium the government practically, if not in specific terms, guarantees the investments of the backing security.

The organizing committee of the Oregon States and the conditions fair and if China agrees to the banking group interested. It was announced that if the society for Mental Hygiene met Sunday afternoon at the Oregon State to diltions fair and if China agrees to the bankers that the United States would protect all the interests secured in good faith.

Many Banks Interested.

Thirty-seven American banks, it was learned agroup. This is understood to by the state department after the United States when the American group. This is understood to by the state department after the United States when the American group are said to never the college and Rabbi Jonah B. Wise, who for by the state department after the United States when the American representation was limited to four large New York banks and no other American banks and no other American banks and no other American proup are said to represent all the incompose the proposed American group are said to represent all the proposed American group are said to represent all the group of nations.

Banker Now Investigating. EUGENE, Or., May 12.—(Special.)—A survey of the hilly sections on both sides of the Willamette valley, beginning at Eugene and extending north, will be made this summer by Dr. D. W. Smith, head of the department of geology at the University of Oregon, to investigation of conditions in China and the needs of the Chinese government preparatory to formulating the first loan contemplated. He is about to return to the United States and will report to the bankers of the group.

No definite loan, it was said today, has yet been determined upon, but with the formulation of the new organization in Paris the way is cleared to entertain any suggestion for a loan.

EUGENE, Or., May 12.—(Special.)—A survey of the hilly sections on both sides of the Willamette valley, beginning at Eugene and extending north, will be made this summer by Dr. D. W. Smith, head of the department of geology at the University of Oregon, to investigate a possible supply of gas investigation of conditions in China and the needs of the Chinese government. This survey will be made under the direction of the state bureau, made for the valley. This survey will be made under the direction of the state bureau, made the first loan contemplated.
