FORD'S "ANARCHY" TO BE PROBED BY COURT

Lawyers at Opening Clash on Meaning of Word.

BIG LIBEL SUIT IS BEGUN

Counsel for Chicago Tribune, Defendant, Undertakes to Show Paper's Intended Meaning.

MOUNT CLEMENS, Mich., May 14 .-Military preparedness and definition of the word "anarchist" were the chief topics on which talesmen from which to select a jury for the \$1,000,000 libel suit of Henry Ford against the Chicago Tribune were questioned yesterday. Elliott G. Stevenson, of counsel for the defendant, and Attorneys Alfred J. Murphy and Alfred Lucking, for Mr. Ford, were in many clashes during the day over the lines of examination. Mr. Lucking accused Mr. Stevenson of seeking to get before the talesmen arguments for military preparedness which, Mr. Lucking said, Mr. Stevenson knew could not be brought in as evidence a jury for the \$1,000,000 libel ould not be brought in as evidence

Evidence Is Declared Junk. "Preparedness does not figure in this case at all," asserted Mr. Lucking. "All this evidence which the defense has gathered on the subject is so much junk. When Mr. Stevenson asks these talesmen whether they would be projudiced against a defendant for urging preparedness he is using a subtle strategy to get it before the jury, or men who may be jurors."

Mr. Stevenson was allowed to pro-ceed by Judge Tucker. The talesmen were of one mind on all the questions. They would not, they answered, regard a man as an anarchist because he believed that international difficulties could be settled without

Term "Anarchist" Defined. While Mr. Stevenson was defining e term "anarchist" as he said the the term "anarchist" as he said the term was applied by the Tribune to Mr. Ford, meaning one who spent hundreds of thousands of dollars in attempting to influence the public and congress against preparedness, and thus weakening the government to the point of anarchy, Mr. Lucking interrupted

"We object, your honor. Why, on that basis half the United States is anarchistic. We object also to the as-sumption that the Tribune can create definitions of words such as anarchy. We decline to accept the Tribune as a standard for definitions." The talesmen expressed themselves

In favor of preparedness, but admitted that there was room for an honest difference of opinion as to what constitutes preparedness.

1000 PUPILS TO COMPETE

YOUNGSTERS PREPARE FOR FIELD AND TRACK MEET.

Girls Make Better Showing Than Boys in Hurdling Practice, Robert Crohn Reports.

Robert Krohn, physical director of the public schools, expects nearly 1000 Portland grammar school boys and

Saturday morning.

The youngsters have been working hard for several months priming them-The youngsters have been working hard for several months priming themselves for the big gathering and every school in the city will enter a team.

Events for boys will get under way at 2:30, while the girls' races and field events will start at 10 o'clock.

A tug-of-war for boys, with all schools taking part, and a special shuttle relay race for the girls promise to be two features of the meet. An admission charge of 5 cents will be charged to help pay for the medals for the winners.

The officials who have been selected to handle the meet are George Philbrook, George Dewey, George A. Anderson, Richard Sharp, John Cronin, Herman Cook, Dow Walker, Leon Fabre, Harold Quigley, Harry J. Campbell, Walter Hummell and C. S. Botsford.

Krohn has been working overtime getting everything in readiness for the meet and has added a special 100-yard hurdle race to the programme. The "sticks" will be 22 inches here.

hurdle race to the programme. The "sticks" will be 22 inches high. In speaking of hurdling Krohn says that up to date in nearly all of the schools the girls have been showing much bet-ter hurdling form than the boys. Prizes will be awarded as follows:

CLEAN THE BLOOD

Taken from Nature - The wild roots and barks that go into the composition of one of the oldest and best known blood tonics are mostly gathered by the Indians on our reservations - brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y. Over fifty years ago Dr. Pierce put up an alterative tonic without the use of alcohol that soon became known all over the world.

The spring is the time of the year we should put our house in order. We're run down after a hard winter - after grippe, colds, catarrh. It's time to take Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it now in tablets or liquid.

It will clear the skin; eczems, pimples, rash, blotches will dry up and disappear; boils, carbundes and other evidences of tainted blood will pass away, never to appear again.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for these needs of her children and that in her laboratory were the remedies. Extracts of Queen's root, Stone root, Black Cherry-bark and Bloodroot, as prepared, combined and preserved without a colul, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue-rebuilding remedy ever offered to the public.
