

SCHOOL DIRECTORS DIVIDE OVER BONUS

Teachers' Petition Is Filed Without Action.

ELECTION VOTE CANVASSED

Hundred Instructors for Term of 1919-1920 Are Approved Upon Advice of Superintendent.

School directors deadlocked over the petition presented at the regular meeting of the board yesterday afternoon by the executive committee of the central teachers' salary committee, requesting that the remaining \$48 of the bonus granted by the board last year be paid at the close of the school year instead of during the four months of the autumn term of school. The petition was placed on file.

"This is the third time teachers have made this same request and twice before the board carefully considered the matter and refused them," said O. M. Plummer, as he asked that the petition be filed.

"I second the motion," declared Dr. E. A. Sommer. "It is poor taste for the teachers repeatedly to ask for a concession previously considered and refused. I am convinced the remainder of the bonus should be held over until next fall so that new teachers will share equally in its distribution."

Teachers Need Money, Plea.
Directors Orton and Thomas upheld the teachers' petition. "The public is convinced our teachers deserve more money or last Saturday's election would not have carried with such a large vote," said Mr. Orton. "Teachers need the money now. In all the money derived from the special election will be waiting them."

Efforts were made by Director Thomas to have the matter referred to the educational committee of which Mr. Orton is chairman. An affirmative vote from the chairman, J. Francis Drake, carried the motion to place the petition on file. School authorities say that it was the first time in the history of the present school board that in time of controversy—Directors Drake, Sommer and Plummer voted together.

New Teachers Elected.
The election of 100 teachers, including 11 who have returned from leave of absence, for the school term of 1919-20 was approved upon recommendation of Superintendent Groat.

The establishment of a portable school to solve overcrowded conditions was authorized at each of the following schools:

Albina Homestead, Arleta, Clinton Kelly, Laurelhurst, Montaville, Mount Tabor, Oakley Green, Rose City Park, Shaver, Sunnyside, Thompson, Vernon and James J. White.

Upon recommendation of School Clerk Thomas, the county commissioners will be asked to declare the new law providing for the portable treasurer shall be ex-officio treasurer of all school district funds not applicable to this district. Under provisions of the law, the district would be deprived of the interest on its bank deposits, which for the last few years have netted between \$12,000 and \$14,000.

Election Vote Canvassed.
Votes of the election held last Saturday which authorized \$531,000 to be used to increase teachers' salaries were canvassed.

High school graduation exercises may be held on Thursday, June 12, Friday, June 13, or Saturday, June 14, in the Rose Festival, and it was thought many students would prefer to have that evening unengaged. It is probable that Lincoln, Jefferson and Washington high schools will hold their graduating exercises on Friday, while Franklin high and the High School of Commerce will hold exercises on Thursday. The Benson Polytechnic school will hold its exercises either before or after the other schools.

The following were the teachers elected:

CHANGES IN TREATY DEMANDED BY EBERT

President Refers to Present Terms as Impossible.

FINAL REPLY IS WITHHELD

Bartering in Territory Populated by Germans.

BERLIN, via London, May 14.—Friedrich Ebert, the German president, in a statement made in the newspaper Vorwaerts, has reiterated his opposition to the peace terms submitted by the entente, declaring them unworkable with conscience and reason and insisting that they must be drastically and fundamentally corrected.

Territorial Changes Protested.
"Today I still hope that the attempt will not be made to extort from the German nation an assent which would be nothing but a lie born of desperation. We must keep faith with our countrymen who are threatened with separation by foreign violence, and be ready to carry out the hardest resolve."

A note of considerable length presented to the peace council by the German plenipotentiaries deals with all the proposed territorial changes. The note does not deny that the principle of self-determination can be asserted for several of the changes, such as concerns Poland and Schleswig, but does not concede that the territories populated by Germans "can be bartered like pawns as security for the financial or economic demands of Germany's enemies."

Germany Unable to Comply.
In this connection the note protests strongly regarding the Saar valley and declares it is vain to object that the proposed occupation will be temporary because it is declared, if Germany is not in a position to repurchase the mines with gold at the end of 15 years, the region is destined finally to go to France, even if the population "pronounces unambiguously in favor of Germany."

Treaty Improvement Aim.
Dispatches from Versailles reporting the council's action add that he told the German delegation that it would sign nothing if it was not intended to fulfill the delegation, he continued, would endeavor to improve the treaty and make its signing possible.

LONDON, May 15.—Philipp Scheidemann, the German premier, has sent through the Berlin correspondent of the Daily Herald, the labor newspaper, an appeal to the British people to realize the "appalling position Germany is placed in by the peace conditions."

Lieutenant Gabeon, a line officer, is back at his Salem home. Lieutenants Hall received his commission as first lieutenant at Vancouver barracks in August, 1917. He was assigned to the 8th division at Camp Fremont, and on August 14, 1918, left for Siberia. He spent several weeks at Vladivostok, and then went with his regiment to Khabarovsk, where there are about 3500 Americans in a mixed army of nearly 200,000 men, including Cosacks, Japanese, Chinese and members of the old Russian army. Lieutenant Hall will resume the practice of dentistry in the Selling building.

PROPAGANDA INCITES PEOPLE OF SIBERIA AGAINST YANKS

American Soldiers All Bolshevists Is Statement in Japanese Advertiser, Says Lieutenant Edward Hall, Home From Vladivostok Front.

American soldiers are all bolshevists, allied with everything inimical to the best interests of Russia, according to newspaper propaganda which is persistently carried to the people of Siberia. Such is the report brought to Portland by Lieutenant Edward Hall, first returning soldier of the American expeditionary forces in Siberia.

Lieutenant Edward Hall.

Lieutenant Hall, dental surgeon with the 27th infantry, and for nine months with his command at Khabarovsk, Siberia, 600 miles from Vladivostok, is one of 125 officers permitted to come home through voluntary replacement.

"Newspapers of that region, and particularly the Japanese Advertiser, which I believe is published in Japan, with every English edition of the American soldiers, have been openly attacking the Yanks for months," said Lieutenant Hall. "Some force is at work trying to undermine the United States over there, and we attributed this newspaper propaganda to German money and German sympathizers. We were openly called bolshevists, and charged with being in sympathy with them, and as Jews seem to be unpopular in that country, the charge is frequently made that the American soldiers are all Jews."

of soldiers proved two big surprises to the Russians," says Lieutenant Hall. "The Cosacks couldn't understand the Yank method of fighting with fists, when perfectly good pistols were in holsters. Our men would go down into town for a little recreation, and at the first sign of trouble the Cosacks would draw out their big sabers. It was up to the Yank to run for it, or take the saber away from the Cosack, and then beat him up with the good old-fashioned fists. Many a saber, thus taken from the Russians, will be brought home to America as souvenirs, while those returned to their owners were always broken in two.

Idaho Heroes Released.
BOISE, Idaho, May 15.—(Special.)—No record in the military archives of the state shows quicker action than was obtained by Governor Davis in securing the release from military duty at Camp Mills, Long Island, of 1169 Idaho and Montana men belonging to the 77th division, who have been held for replacement. Assistant Adjutant General Kerr telegraphed the governor today to the effect that this number of men have left for Fort Russell, Wyo., for demobilization.

SPECIALISTS IN FINANCE

We might term those in charge of modern banking institutions. And it is to the specialists in any line that the big business men look for assistance.

The officers of Ladd & Tilton Bank have wide experience in financial matters, since behind them is the stored knowledge of sixty years of banking experience in the Pacific Northwest.

This bank solicits commercial accounts on the grounds of ability and service alone.
