The city inquiry into the death of Eugene Tuck will begin at 3 o'clock this afternoon in the council chambers. A jury of seven, six men, and one woman, will hear the evidence and testi-mony in connection with the part played by city officials and employes n the case

in the case. Mayor Baker received the names of the jury from the heads of seven lead-ing civic clubs of the club represented are: Dr. John F. Beaumont, Portland Ad club; J. L. Wright, Rotary club; A. B. Ridgeway, City club; J. B. Straight, Kiwanis club: Walter S. Asher, Progressive Business Men's club; Mrs. A. C. Newill, Civic league, and B Lee Paget, Realty board.

Lansing to Handle Case.

Deputy City Attorney Lansing has the wedding. She also is a sister of Mrs. Henry R. Failing of this city, and is a most attractive and charming young matron.

Deputy City Attorney Lansing has been assigned to the investigation by City Attorney LaRoche and will have charge of the presentation of evidence and testimony in behalf of the city. The bearing will differ from usual court proceedings, according to Mayor Baker, inasmuch as this inquiry is be-ing held for the purpose of determining if any city officials are guilty of neg-ligence in connection with the care of Tuck. The mayor said yesterday that although the bearing would no doubt although the hearing would no doubt be carried on along the usual lines of court procedure, it was his idea that all evidence which would throw any light on the case would be permissible.

Charter Rule Is Used.

Under the present plans the hearing will probably occupy a portion of two days. Should the jury desire to hear evidence tonight arrangements will be made for a night session. It is probable that the entire hearing can be con-cluded by Wednesday noon. The hearing is being held under a

provision of the city charter which au-thorizes the mayor to name a board of inquiry to investigate the conduct of inquiry to investigate the conduct of any city officials or employes, and un-der this provision the city may call any witnesses desired and force them to testify under oath.

GRAND JURY INQUIRY LASTS

Belief Is Expressed That County Of-

ficials Will Be Exonerated.

Investigation of the death of Eugene Tuck occupied the entire seasion of the Multinomah county grand jury yester-day, Dr. George Parrish being before that body most of the alternoon. It was expected that the probe would be con-cluded and a special report issued by night, but Deputy District Attorney

night, but Deputy District Attorney Pierce last night announced that there were several witnesses to be examined today before any report could be made. Though nothing definite could be learned concerning the progress of the investigation, it was current gossip around the grand jury rooms that the county had been virtually cleared of blams for the death of Tuck, the point at issue being the condition of the man when he left the city jall-whether or not it would have been possible for examining physicians to know that his condition was critical at that time.

Oversize Tire Caution.

When oversize tires are to be used the car owner should be certain that there is enough clearance between all the tires and the nearest parts of the car. When the tires are under heavy lead there is danger that there will not be clearance between wheels and fenders and the casing. Be certain that when the springs are compressed to the I mit by some bump that the tires will not come in contact with some part of the chassis.

Look to Ball Bearings.

Few car owners pay the attention to the ball bearings that these latter de-serve. They usually wait until the garage man calls attention to the in-jury done by breakage.
