Ninety-six cities and churches re-corted that their drive quotas had been exceeded, some cities running from 50 to 168 per cent over their alletments. With less than 28 per cent of the national queta recorded, and nearly one-half of the northwest quota new reported, leaders of the centenary move-ment in Portland-were hopeful that the Portland arear of Methodism would he one of the first in the country to complete its total.

complete its total.

Two large districts—that of Tacoma with a quota of \$150,000, and Olympia with \$105,000—were reported as having completed their campaigns by district chairmen, but were aiming for oversubscription. The Portland district showed a total of \$152,706 on a quota of \$210,000.

Leaders of the campaign in Port-land, headed by Dr. W. W. Youngson, declared that every effort would be made to stimulate the Portland churches to completing their campaigns by Thursday night and arrangements

S.t Helens Hearings.

ST. HELENS. Or., May 19.—(Special.)—The case of Robert Cole, who is suing M. A. Johnson and others for \$15,000 for the alienation of his wife; affections, was resumed today. To combat the ellegations that Mrs. Cole had married Cole through fear of bdilly harm and threats he had made, witnesse were placed on the stand to show the actions of the couple when they returned to St. Helens after their short honeymoon trip. The hostess at the house where the couple stayed until the bride was kidnaped told how affectionate Mrs. Cole was toward Mr. Cole. That she sat on his lap and kissed him often was an important part of the testimony.

Another witness told of directing the bride's two brothers to the house where Mrs. Cole was taying and of an earnest conversation and the hurried departure of the bride. This was March 12, and although cold and rainy weather, the bride left the house without har to wraps and in company with her brothers, one of whom held her by the marriage was introduced to the effect that Miss Williamson went with the bridegroom to the Multnomah county ment in full, when, according to the brided of the Multnomah county ment in full, when, according to the bride parture of the Multnomah county ment in full, when, according to the bridegroom to the Multnomah county ment in full, when, according to the bridegroom to the Multnomah county ment in full, when, according to the month of the contract was made, had that instrument been drawn.

## any union. But we do not propose to turn our meat markets over to

the Bolshevik leaders of this community. They have temporarily gained control of the unions, and their policy is not to work in the interest of the real laboring man, but to eventually destroy him as well as to destroy legitimate business, ours included.

To the Public:

We have not had nor do we wish to have any

controversy with the legitimate members of

The people of this country are having laid before them daily newspaper accounts of the awful havoc which the Lenines and the Trotzkys are raising in Europe, where they do not hesitate to destroy the lives of those opposed to their anarchistic form of government as well as to wantonly murder innocent men, women and children in order that their bloody revolution can be carried to the point of destroying

If we surrender our Americanism to the local representatives of the revolutionists of Russia, the war which they are waging on us without reason will not end, but on the contrary every legitimate business in Portland and the entire Pacific Coast will be subject to their vicious attacks.

It is for that reason that we appeal to the people of Portland, the real Americans who love their country and who wish to see their republican form of government live and prosper, to stand back of us.

We will stand back of them in their efforts to bring about and end the Bolshevik rule in this fair city.

We repeat that we are not fighting the union man-the real worker.

When we employ a man we do not ask him if he is a union man or a non-union man. All we insist upon is that he be 100 per cent American, and it seems to be for that reason and that reason only that Portland Bolsheviki are directing their attacks upon us. They think that if they can make us capitulate, they can continue their work of destruction until they have every business house at their mercy.

For the information of the people of Portland, we wish to make it plain that the records of the United States Government will prove that we pay the highest wages of all meat establishments in the United States. With the support of the people of the city we propose to continue that policy and we appeal to the real laboring man to realize this fact and not to be led astray by the false preachings of the lawless element which is seeking to take from him all possibilities of his earning a livelihood.

## To All Merchants of Portland

who are hesitating about standing back of us we can only say that they are being used as tools by Bolsheviki leaders, who stand ready to destroy them as they are seeking to destroy us. If they will only realize this fact and stand shoulder to shoulder with us in this unjust and unfair attack, Portland will be cleaned up of its undesirable element.

Mayor Hanson of Seattle who has made himself one of the most popular men in America by stamping out Bolshevikism in that city, is a shining example for real Americans in other cities to follow.
