

172 SOLDIERS PASS THROUGH PORTLAND

Men, 16 Hours Late, Receive Greetings at Station.

HOSPITAL 46 SLIPS PAST

Oregon Medical Unit, Routed by Way of Spokane, Will Come Here in Body Later.

A company of casualties—126 men from Camp Dix and 52 from Camp Mills—passed through Portland yesterday morning for Camp Lewis. They were under command of Captain Henry L. Reno of the regular army. Other officers on the train were Lieutenant Vernon Felker, Lieutenant E. J. Whitehead and Captain John A. Cecconi.

Because the train was 16 hours late the men stopped here for only about an hour. They were furnished breakfast by the United Auxiliaries' committee and waited on by the Salvation Army canteen workers. Cigarettes and stamped postcards were distributed by representatives of the Red Cross.

Base hospital No. 46, recruited almost entirely from Oregon, passed through Spokane yesterday on its way to Camp Lewis for demobilization. It was hoped that the men would pass through Portland, as many of them are graduates of the medical school of the University of Oregon. Twenty-third and Lovejoy streets, during the summer of 1917 and equipped by the Portland lodge of Elks, who also gave them a large silk American flag at the time of their departure. It is probable that the men will come to Portland in a body after being discharged.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, fur, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flames.

FOOT-ESSE TO BE ADDED TO EQUIPMENT OF HOSPITAL CORPS AT FORT WAYNE

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions incised in rawhide."

The Plattsburg Camp Manual advises men in training to shake Foot-Esse in their shoes each morning.

There is no foot comforter equal to Allen's Foot-Esse, the antiseptic, healing powder to be shaken into the shoes and sprinkled in the foot-bath, for hot, tired, aching, perspiring, smarting, swollen, tender feet, corns, bunions, blisters or callouses. What wouldn't you give to be relieved of one day's pain of your corns and bunions? Here is relief for every day. You won't realize this until you have tried Allen's Foot-Esse yourself. You simply forget all about your feet when they are made so comfortable. Ask your druggist today for a package of ALLEN'S FOOT-ESSE.

PACIFIC HIGHWAY TO GET SERIES OF INNS

California Hotel Association to Spend Millions.

TWO WILL BE IN OREGON

Resting Place for Motorists Every 150 Miles Is Plan as Now Outlined.

Way-side inns along the Pacific highway from the Mexican line to British Columbia, with at least two such rest stations in Oregon, is the plan of the California Hotel Association, as announced by Charles E. W. Moore, president of the association, who was at the Hotel Portland yesterday. These inns will cost between \$2,000,000 and \$3,000,000 and they will be used in connection with the big hotels the association is operating in Los Angeles, San Francisco, Tacoma and Seattle.

"The trouble with the Pacific highway," explained Mr. Moore, "is that there are no good accommodations. We intend remedying this by building way-side inns about one day's run apart, say an inn about every 150 miles, depending on the character of the country. These inns will be ready to accommodate all classes of travel and the chauffeurs will be so well cared for that they will always find it necessary to stop at one of these inns. We certainly will be good to the chauffeurs. At each inn there will be an information bureau with a man in charge who will tell all about our chain of hotels and the interesting scenery in the locality. We will buy land on both sides of the highway so as to be exclusive. We will invest heavily and we will protect our investment from depreciation."

TOURISTS TO BE ATTRACTED.

"We want Americans to get acquainted with the Pacific coast, which has the best winter and summer seasons in the world. There are thousands of wealthy people who have time and money to travel, but they will go no place unless there are accommodations. We intend providing the accommodations. The finest scenery in the world will be neglected by most people if it requires inconvenience on their part."

"Our plans are not limited to the Pacific highway. We may put in one at Hood River, or elsewhere on the Columbia river highway. Any location that looks good to us we will support with a wayside inn. We will not only build these places and operate them, but we will send people to them. Just to show what we are doing to bring travel to the coast, consider our new hotel, the Ambassador, which will open next month at Atlantic City. The entire managerial staff has been recruited from our hotels in California and it is part of their business to see that every guest will hear of California and its resort and of the scenic splendors of the Northwest."

MOTORCYCLIST IS KILLED

Leans From Seat and Head Hits Lamp-post Beside Roadway.

Andrew Becco, 25, of 473 East Ankeny street, was fatally injured early yesterday morning in a motorcycle accident on Terwilliger boulevard and died several hours later at Good Samaritan hospital. The coroner's office is now seeking his parents, who are said to reside in California.

Becco, with Emil Newman, of 593 East Sixteenth street, and other companions, was on a midnight motorcycle ride along the boulevard. He rode the tandem seat on Newman's machine, which was rounding a turn close to the edge of the pavement.

Companions say that he must have swerved in the seat for his head struck against one of the concrete light posts that line the roadway and his skull was fractured.

LOCAL COMPANY EQUIPPED

Portland Machine Gunners Have Regular Overseas Outfit.

Portland now has a fully equipped machine gun company commanded by an overseas officer, Captain E. J. Elvers, who was in charge of a machine gun company in France during the war. According to Colonel W. C. North, the machine company of the national guard here has a gun, automobiles, motorcycles and all the equipment of such a company in the regular army.

Colonel North said Tuesday that the 11 companies of the Portland national guard will, beginning Sunday week, spend Saturdays and Sundays at Clackamas in rifle practice and in receiving general instruction from overseas officers. The machine gun company will go out to Clackamas next Sunday for training.

NOLAN'S RECOVERY HOPED

Co-Defendant of Thomas J. Mooney May Survive Operation.

SAN FRANCISCO, May 20.—Hope for the recovery of Edward D. Nolan, co-defendant of Thomas J. Mooney, who was seriously injured following an operation, was expressed by his physician here today.

Nolan was the first to be freed of the charge of murder brought against Mooney and his alleged confederates in connection with a bomb explosion here. He is president of the San Francisco machinists' lodge and secretary of the International Union Workers' Defense league here.
