War-Time Prohibition Repeal Will Lift Market.

Supply of Spot Hops Remaining Is Too Small to Permit of Much Activity in West.

The president's recommendation of repeal of the wartime prohibition law greatly interested hopmen, and it was the opinion that if his wishes are carried out the market for lops will advance several cents. Already there has been a renewal of inquiry from east, but no business, as a result, has a seconded.

been assesunced. The market has been rather quiet of late. No great activity can be looked for in any event, as spot stocks on the coast are re-duced to very small proportions. Of the 1918 Oregon crop, not more than 300 bales are left in growers' hands, and desiers are holding only a few hundred bales. A few 1917s remain in dealers' hands. There are more 1910s than of any other kind, and if the brewers start replenishing they will have

Bids For June Delivery Dollar Higher on Local Board.

All the grain markets were firm yesterday with particular strength in the barley division as a consequence of the president's be removed. On the local board May barley bids were advanced 25 cents a ton, while offers for June barley were raised \$1. At bids were advanced 25 cents a ton, while effers for June barley were raised \$1. At Chicago barley options jumped 8 cents a bushel. December barley at San Francisco sold at \$2.50 compared with \$2.46 bid and \$2.49% asked Monday.

Oats bids were advanced 25.850 cents at the Merchants Exchange and corn was 50 cents higher than the day before.

FAIR CROP CONDITIONS IN EUROPE Farm Work Is Being Pushed Vigorously With Favorable Weather.

United Kingdom-Weather has been generally fair and fine progress has been made with the sowing of spring cereals. The outlook for winter wheat is not altogether favorable. Owing to unfavorable weather it is expected apring sowings will be the smallest for some time. Spring oats and barley are expected to be a full average crop.

Spalm—On the whole wheat is excellent, although some fields have been flooded with raims and the excessive moisture has hindered field operations.

FRESH BUYING MOVEMENT DUE TO PRESIDENT'S MESSAGE.

Recommendations Are Favorably Received-Minor Rails Are Active in Final Hour.

NEW YORK, May 20.—Dealings in stocks during the early period of today's session were relatively dull with uncertain price tendencies, but the entire market strengthened later, fresh buying being stimulated by the president's message to congress.

That document exceeded the most sanquine expectations of congervative interests as well as the speculative element, especially the recommendations dealing with the early restoration of the railroads and utilities to private ownership. Other features which met with equally favorable interpretation included the suggestion for the partial repeal of war-time prohibition, abolition of the tax on retail sales and protection by tariff of chemical industries.

Shippings and oils provided the motive power at the opening.

Marines soon reacted on unfounded rumors reporting delay in the consummation of the deal with British interests and oils and rails fell back I to 3 points, the reversal suggesting bear pressure rather than profit taking.

CROPS ARE WELL ADVANCED Recent Rains Improve Conditions in Lewis County.

CHEHALIS, Wash. May 20.—(Special.)—
Crop reports from various portions of Lewis county are for a 97 per cent yield up to date, according to George R. Walker, who is agent for this county and who makes regular reports to Supervisor Marchette at Spokane. The recent raims that have prevailed in this cection of the state have put the various kinds of crops so far iff aivance airendy over their condition in 1918 that it is figured reasonably certain that there will be abundant yields of all kinds. Aside from the fact that some of the strawberries that blossomed guite early were frosted, there will be a fine fruit crop in every part of the county.

HOOD RIVER, Or., May 20.—(Special.)—
A price of 9 cents per pound net to the grower, establishing a local record, has been announced by Sales Manager C. W. McCullagh for the co-operative agency's canning strawberries of the season. The fruit has been sold to Libby, McNeii & Libby, to be packed at their cannery at The Dailes. The association, however, will release sufficient fruit to fill the needs of local canners. Mr. McCullagh decies a report that the association has contracted the sale of its entire pack of commercial strawberries. He says the berries will be sond at the prevailing market on the day of their receipt.

SHORTS ARE RESPONSIBLE FOR ADVANCE AT CHICAGO.

Renewed Strength Results From Reestablishment of 200,000-Bushel Limit on Trades.

CHICAGO, May 20.—New strength which developed in the corn market today was ascribed largely to re-establishment of a 200,000-bushel limit on individual trades. There was a nervous close, 2½ cents to 3½ cents net higher, with July \$1.64% to \$1.64%, and September \$1.58% to \$1.68%, cost finished 1% \$1.50 to 2½c up and provisions at gains of 25c to \$1.10.

According to current rossib, easiern specu-Oats finished 13, 21 %c to 2 %c up and provisions at gains of 25c to \$1.10.

According to current gossip, eastern speculators who have been active on the bear side of the corn market were the ones chiefly affected by the ban against unrestricted trading. However this might be, it was covering by shorts which seemed almost wholly instrumental in today's gdvance.

Oats were lifted by export demand and by the strength of barley and corn.

Provisions rose despite considerable weakness in the hog market. The upward swing of grain gave impetus to the advance.

Our Standards of Practice

Within the next few days we shall make some very pertinent statements for the columns of this newspaper, based upon the belief that business is built upon whole-hearted service to the public backed by honest selling practices and truth in advertising.

We are members of the Better Business Bureau and will endeavor to co-operate in upholding the following rules of practice:

"Our advertising shall state the truth, and shall contain no statement which although literally true may create a false impression.

"Our employes shall under no circumstances mis-represent or make a statement which does not conform to these standards.

We expect others to adhere to these standards of practice—as we ourselves have agreed to, and we commend newspapers and all other publishers of advertising who take steps to eliminate deceptive and therefore harmful advertising."

What we may publish shall be done so because we understand our full obligations and duty under these standards of practice.
