

# WINNIPEG DEADLOCK MAY BREAK SHORTLY

### Favorable Signs Are Seen in Strike Situation.

## IMPORTANT MEETINGS HELD

### Dominion Ministers, Premier of Manitoba and Provincial Attorney-General Work for Decision.

WINNIPEG, Man., May 20.—Important developments bearing upon the general strike situation in Winnipeg came to the surface in rapid succession today. Although the deadlock between labor and industrial employers will enter into its fifth night without a decision, there were many signs that the marking-time period was rapidly coming to an end.

Gedeon Robertson, minister of labor for the dominion; Arthur Meighen, federal minister of the interior; T. C. Norris, premier of Manitoba; Thomas H. Johnson, provincial attorney-general; and Mayor Charles F. Gray all became prominently and publicly identified with the effort to bring about peace by adjustment.

Ministers Robertson and Meighen are reported to be traveling to Winnipeg from Ottawa, and are expected to meet with the attorney-general conferred with a delegation of the central strike committee, and Mayor Gray prior to a conference with a labor delegation, addressed at a special meeting of the common council on the strike situation.

### Important Conferences Held.

The leading strike developments came in the form of conferences between union delegations and Premier Norris and other officials regarding the official attitude toward the union forces. The union men to discuss settlement of the strike on the basis of general union recognition and the reinstatement of all idle members who were employed prior to the general strike.

The question of reinstating all former union men is being discussed at meetings apart from the question of union recognition. Mayor Gray told the council that a combination of circumstances had been responsible for a mistaken impression throughout Winnipeg regarding the city's attitude toward the union forces. The mayor said that when the general strike was declared he gave the central strike committee to understand that law and order must be maintained and that no suffering from lack of food should take place.

### Food Delivery Demanded.

The result was, Mayor Gray said, that cards were prepared for union drivers of bread and milk wagons and the movement of these commodities was approved by the union men. The drivers took the cards on their wagons and automobiles instead of keeping them for presentation if the vehicles were stopped.

Mayor Gray told the council this afternoon that the central strike committee had been notified that public display of such cards must be stopped immediately and that if the order was not complied with the city would use every available means to have the foodstuffs stopped.

Mayor Gray received a communication from Premier T. C. Norris today regarding the placards. The premier protested against any further steps toward mediation until the practice was stopped.

### Federal Action Uncertain.

Whether Ministers Robertson and Meighen, who were expected here on Thursday, have a plan to lend federal aid to any industrial readjustment here has not been announced.

Various reports that dominion soldiers mobilized here would be ordered to patrol the city kept the streets moving through the downtown districts. Late in the afternoon when automobiles speeded along the main streets with soldiers in the rear, a report quickly spread that martial law had been declared. The incident was soon understood, however.

No official announcements were made public after the conferences of provincial, city and union officials which began this afternoon and lasted until tonight. Declarations made at the city hall and other places conveyed the impression that every effort would be made to continue such conferences, pending the arrival here Thursday of Senator Gedeon Robertson, federal minister of labor, and Arthur Meighen, minister of the interior.

### Fairmen Ready to Quit.

Passenger service was maintained in and out of Winnipeg today and tonight. Official union announcements yesterday that the railway trainmen on the government lines were ready to walk out on all main-line trains on the Canadian Pacific lines were taking a strike vote. No further announcement had been made and it is possible that any action by the trainmen will be announced first from Toronto or Montreal.

H. P. Lawrence, general chairman of the Canadian brotherhood of railway employees, arrived here from Fort William, Ont., today. He announced at union headquarters that employees at the Port Arthur shipbuilding plant had struck.

Voluntary enrolling of Winnipeg citizens for victory service in case of strike trouble was continued today.

# TURN HAIR DARK WITH SAGE TEA

### If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite natural, as we are living in an age when a youthful appearance is of the greatest advantage.

various booths and military quarters throughout the city.

VANCOUVER, B. C., May 20.—Special dispatches received here today from Winnipeg said restaurants and grocery stores of Winnipeg were closing down because the general strike has made it impossible for them to obtain food to sell. The gasoline supply in Winnipeg and vicinity is said to be down to the last 50,000 gallons after week-end sales of approximately 150,000 gallons.

MONTREAL, May 20.—The Central Federated union, acting on behalf of some of its locals, will deliver a strike ultimatum to the Canadian Railway War Board unless wage increase demands are met according to one of the union delegates conferring here today with the board.

These delegates represent 30,000 shopmen employed by all the dominion railroads.

AMHERST, N. S., May 20.—A general strike was called here today for the introduction of a nine-hour day. Every industrial plant in the city is tied up as a consequence. Three thousand men are idle.

BOSTON, May 20.—Wage increases affecting upward of 150,000 textile operatives in New England and other northern states, were made public today. In most instances the advance was announced as approximately 15 per cent. Both cotton and woolen mills are affected.

The raise, which will become effective June 2, will bring mill wages to the highest level on record, and in some instances represent a total increase of more than 100 per cent since 1915.

WALLACE, Idaho, May 20.—An increase of 50 cents a day, from \$4.25 to \$4.75, became effective in mines of the Coeur d'Alene district this morning, according to bulletins posted at the principal mines.

Operators of the district met here yesterday, but made no announcement following the meeting. A reduction of \$1 a day from former wages was made in mines of the district last March, when mines were reopened after this holiday shutdown.

## GERMAN RIGHT GIVEN JAPAN

### KIAO-CHAU AND ALL TREATY PRIVILEGES RENOUNCED.

### Peace Treaty Clause Contains No Provision Respecting Return of Shantung to China.

PARIS, May 19.—(By the Associated Press.)—The peace treaty clause concerning the Shantung settlement contains no provision respecting its return to China, which it is understood lies in agreement of some character, possibly a verbal agreement between President Wilson, Premier Lloyd George and Baron Makino. The text follows:

"Germany renounces in favor of Japan all her rights, title and privileges, particularly those concerning the territory of Kiao-Chau, railways, mines and submarine cables, which she acquired by virtue of the treaty concluded by her with China March 6, 1898, and of all other arrangements relative to the province of Shantung."

"All German rights in the Tsing Tao-Tsaiwan Fu railway, including its branch lines, together with its subsidiary property of all kinds, stations, shops, fixed rolling stock, mines, plant and material for the exploitation of mines, are to remain acquired by Japan and all rights and privileges attaching thereto."

"The German submarine cables from Tsing Tao to Kiao-Chau, and from Tsing Tao to Chi Fu, with all rights, privileges and properties attaching thereto, are similarly acquired by Japan free and clear of all charges and encumbrances."

"Movable and immovable property owned by the German state in the territory of Kiao-Chau, and all rights which Germany may claim in consequence of work or improvements made by her, or expenses incurred by her directly or indirectly, in connection with this territory, are, and remain, acquired by Japan, free and clear of all charges and encumbrances."

"Germany shall hand over to Japan within three months from the coming into force of the present treaty the archives, registers, title deeds, documents of every kind, wherever they may be, relating to the administration, civil or military, financial or judicial, or other of the territory of Kiao-Chau."

Within the same period Germany shall give particulars to Japan of all treaties, arrangements and agreements relating to the rights, title and privileges referred to in the two preceding articles.

## RUTH GARRISON IN PRISON

### "I THINK IT WILL BE BETTER FOR ME," SHE COMMENTS.

### Eyes Grow Moist and Lips Tremble as Penitentiary at Walla Walla Looms Ahead.

WALLA WALLA, Wash., May 20.—(Special.)—Ruth Garrison, slayer of Mrs. Douglas Storms, arrived here safely this afternoon. Asked whether she deemed herself sane, she replied: "I don't know, but I feel better than I have for some time."

Her eyes grew moist and her lips trembled when she saw the penitentiary looming ahead of her. Her hat blew off just as the guards hustled her to prison.

Miss Garrison wore an iron gray traveling suit with a large picture hat. A cane was thrown jauntily over one arm, and in the other hand she carried a purse. As she entered she dropped behind her woman escort and took a drink from the sanitary fountain, then walked on to go through the usual procedure of an incoming convict.

Miss Garrison rode to the depot and stepping from the train climbed into a waiting automobile. Ten or a dozen men, newcomers at the prison, got off the train when it stopped, near the penitentiary and walked slowly up the hill.

YAKIMA, Wash., May 20.—"I think it will be much nicer to be at Walla Walla than to be sent to the asylum at Medical Lake," beamed Ruth Garrison, Seattle girl prisoner, when informed at the depot this morning that she was to be kept at the state penitentiary. "I think it will be better for me there."

Miss Garrison coolly stared back at the crowd of several hundred jostling to get a glimpse of her as she entered the train which would take her to Walla Walla and commented audibly on the "nerves" displayed. When her guard pulled down the shade to shield her, she remarked it was a "shame to see the nerve" displayed.

During last evening about 300 Yakimans called at the Yakima county jail, where it was assumed Miss Garrison was detained, to see the woman who had been a prisoner. Miss Garrison was kept at a hotel during the stay over night in Yakima.

## SERVICE MEN ARE CALLED

### MULTNOMAH TO FORM COUNTY LEGION SATURDAY.

### Every Soldier, Sailor and Marine Urgently Invited to Meet at Armory.

Every soldier, sailor and marine in Multnomah county is so urgently invited to attend the meeting to be held at the armory Saturday night for the perfecting of the county organization of the American Legion that it amounts almost to a demand.

Notices are being posted where former service men congregate and every effort is being made by J. J. Elvers, state chairman, to have a large and representative attendance. The Portland post, when organized, will be the largest in Oregon. The meeting Saturday, called for 8 o'clock sharp, is to carry out Multnomah county's part in the plans made at the national convention of the American Legion recently held at St. Louis for the organization of all the states in the union into the most comprehensive post in the country, with a prospective membership of nearly 4,000,000.

The county chairman will be picked Saturday night, together with a secretary, treasurer and executive committee for the county. Every sailor, soldier and marine will have the same voice in the meeting, which will be thoroughly democratic. Rank held in any branch of the country's service during the war will not entitle a member of the legion to special consideration in any way.

Following the organization of Multnomah county, and completion of the temporary plans made throughout Oregon in other counties will be sought. The temporary organization effected in this county before the meeting at the legion in St. Louis will be replaced or reaffirmed at the Saturday session.

## LODGE NAMES DELEGATES

### J. W. Sherwood and Ned Munger to Attend Supreme Tent.

J. W. Sherwood and Ned Munger were elected as representatives to the supreme tent at Chicago in July by the Oregon Maccabees in their eighth biennial convention at the Imperial hotel yesterday.

The session was opened by an address of welcome by Mayor George L. Baker. He spoke on the principles for which the Maccabee lodge stands. Delegates were present from 92 tents in the jurisdiction of Oregon. J. W. Sherwood of Portland was re-elected state commander. The present status of the organization and the opportunities ahead for the Maccabees were discussed by General A. W. Frye, supreme chaplain and chief organizer.

Reports from officers and committees were received and officers elected for the next quadrennial. In the evening the three tents of Portland entertained the visiting delegates at a banquet at the Imperial hotel. Circuit Judge Stapleton presided as toastmaster.

## PLANE LANDINGS SOUGHT

### Army Officers to Establish Locations on West Coast.

SALEM, Or., May 20.—(Special.)—Lieutenant-Colonel Lewis P. Campbell and John F. Risley, representing the Aero club of Oregon and Lieutenants Seth T. French and L. Mullineaux of the government airplane service, passed through Salem today as trail finders for landing places for airplanes. They expect to locate landing places along the western coast every 25 miles.

The four men are especially interested in locating suitable landing places for the fleet of planes which will come north for the Rose Festival at Portland next month. Colonel Campbell is representing the festival association in the present trail blazing tour.

## MOVIE MAN GETS SHOCK

### Portland Boy at Hood River Has Narrow Escape.

HOOD RIVER, Or., May 20.—(Special.)—P. L. Boardwell, Portland boy and projector at the Liberty theater here, narrowly escaped death today from electric shock. Miss Gladys M. Stewart, in entering the projection

room found Mr. Boardwell unconscious. She tore one hand from an atmospheric machine and Mr. Boardwell dropped to the floor.

Ivan Dakin, just returned from overseas service with a 91st division sanitary train, administered first aid and Dr. J. W. Sifton, immediately notified, arrived from his ranch home a mile and a half from the city in four and a half minutes. Mr. Boardwell is recovering.

## GIRLS HAVE CANNING CLUB

### Contract Entered Into With Timber Crew to Take Output.

OREGON AGRICULTURAL COLLEGE, Corvallis, May 20.—(Special.)—High school girls in Union have organized a commercialized canning club and plan to buy a large canner and to obtain contracts for canning fruits and vegetables. A timber crew near Union has given the club a contract and other contracts are expected to be entered into soon.

The leader is Maude Spaine, state champion of the canning clubs in 1918. The membership is 20. The girls are in the work because they want to be as good as the boys. They were talked into it. A. I. O'Reilly, assistant state club leader, says.

## FORD FARMERS ORGANIZE

### Protective Association Formed Near Centralia.

CENTRALIA, May 20.—(Special.)—The Ford and Wauna Prairie Farmers' Protective association was organized last night at a meeting held on Ford's Prairie. A. H. Hardy was elected chairman, A. J. Millen secretary and J. Nelson treasurer. Committees were appointed to prepare a constitution and bylaws and to prepare a resolution presenting to the county commissioners a petition relative to the proposed irrigation of the two prairies, a hearing to call an election on which has been set by the commissioners for June 15.

## WATER PROJECT APPROVED

### Federal Government May Approropriate \$50,000 to Reclaim Lands.

OREGONIAN NEWS BUREAU, Washington, May 20.—An appropriation of \$50,000 for co-operation of the federal government with the state of Washington in the examination of the Columbia basin project to put water on several million acres of land in central Washington is provided in a house bill introduced today.

## FARMHOUSE IS DESTROYED

### Country Residence of Senator Frank H. Porter Burns.

HALESEY, Or., May 20.—(Special.)—The house on the farm of Senator Frank H. Porter, near here, was destroyed by fire at about 5 o'clock this afternoon. Paper hangers had burned some waste paper in the fireplace shortly before the roof was discovered to be on fire.

## GEN. DISQUE GETS MEDAL

### Spruce Division Head Rewarded for Meritorious Service.

OREGONIAN NEWS BUREAU, Washington, D. C., May 20.—Brigadier-General Bruce P. Disque, formerly chief of the spruce production division in the northwest, was decorated with the distinguished service medal today for meritorious service.

## Poultry Club at Baker.

OREGON AGRICULTURAL COLLEGE, Corvallis, May 20.—(Special.)—A poultry club has been organized by 12 Baker boys and girls who have already hatched 2500 chicks, although this is only a starter. Several children are using incubators, although most of them are depending on the "old reliable" hen. Practically all the stock is pure bred.

## High School to Have Summer Course

PENDLETON, Or., May 20.—(Special.)—At the request of a number of students, Pendleton high school this sum-

## Alkali in Shampoos Bad for Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and taken out every particle of dust, dirt and dandruff.—Adv.
