

HUNS ARE OBDDURATE; ALLIES MAY ADVANCE

German Opposition to Treaty Continues Strong.

ALLIED FORCES ARE READY Peace Congress Marking Time and Waiting for Definite Response from Teuton Delegation.

(By the Associated Press.) While time is virtually being marked by the peace congress at Versailles with regard to Germany, with the allied and associated powers awaiting the coming of the Teuton delegation, the Germans are to make known their answer to the allied demands for peace, the count of four daily at work deciding questions which have arisen through the presentation of notes by the German plenipotentiaries.

Protests against the Saar valley award and the question of reparations by Germany were discussed by the council Thursday, and a reply was returned to Versailles by the allies to the note dealing with the repatriation of German war prisoners. Indications are that German prisoners of war crimes will be held for trial and punished.

Autrian Treaty Due Soon. Prior to the receipt of the German reply, it is expected that the Austrian treaty will be handed the peace treaty they are expected to sign. The belief in Paris is that this will occur early next week. Meanwhile the Turkish and Bulgarian peace delegates have arrived in Switzerland, where they are awaiting a summons to France by the peace congress.

There has been some friction in the council of four owing to the Italians having recently landed troops in Anatolia and Turkey without notice to the allies. The United States, Great Britain and France requested of Italy the reason for this action.

During a session of the council, which was attended by the Greek premier, M. Venizelos, Signor Orlando entered and was asked by President Wilson if his reply was ready. Orlando demanded the withdrawal of Venizelos before he replied, notwithstanding the insistence of President Wilson that the Greek diplomat remain. Venizelos finally withdrew and the council later expressed its regrets to him.

German Opposition Continues. Opposition continues in Germany to the signing of the peace treaty, while everywhere in the zone of occupation the allied and American troops are ready to advance if this step should become necessary. Large numbers of American military officers have been moved into the occupied areas east of the Rhine for use in an emergency. American military officers have warned the burgomasters in the territory controlled by the Americans that they will be responsible for acts of violence against American troops or attempts to destroy American property. It is reported that recently the Germans have shown considerable arrogance toward American officials.

Word has reached M. Clemenceau, president of the peace conference, from the Sinn Fein leaders in Ireland that Ireland desires recognition and that she will decline to be bound by agreements affecting her entered into by the British delegates.

PARIS, May 22.—(By the Associated Press.)—Count von Brockdorff-Rantzau, accompanied by several of the German peace delegates, has again gone to Spa. He will consult with representatives of the German government there.

VERSAILLES, May 22.—(By the Associated Press.)—The German delegation has summoned from Berlin for a consultation with the allied plenipotentiaries independent socialist leader, Herr Paul of the German foreign office, the head of the German General Electric company and other experts who have been called from Berlin. They are expected today or tomorrow.

PARIS, May 22.—(Havas.)—Premier Orlando of Italy returned today from a meeting of the Italian cabinet. At the meeting of the cabinet the work of the Italian delegation in Paris and showed that there were serious difficulties in the way of carrying out Italian aspirations because of the complex and numerous problems of international interest at present. The cabinet, it is said, asserted its support of the premier.

VERSAILLES, May 22.—(By the Associated Press.)—The great fountains at Versailles were turned on today for a test preliminary to the grand display planned for the day the peace treaty is signed. They functioned perfectly, notwithstanding that they had not been used since the war began. Members of the German peace delegation were interested spectators.

GENEVA, May 21.—Turkish and Bulgarian delegates to the peace congress have arrived in Switzerland. Both delegations plan to make protests. The Turkish delegation will protest against partition of Turkey, especially concerning Constantinople. The Bulgarians will put in a claim for return of the Dobruja and the city of Constantza. The delegations expect to be in Paris by the end of May.

COBLENZ, May 21, 8 P. M.—(By the Associated Press.)—Lieutenant-General Hunter Liggett, commander of the Army of Occupation, and Major-General John Hines, commander of the Third Corps, who were on their way to London today were recalled to Coblenz by orders from American general headquarters.

Nine hundred motor trucks began to move Tuesday midnight from west of the Rhine to the bridgehead area. The trucks are being distributed to various points of advantage among the troops holding the zone east of the Rhine, should the occasion arise or the Americans to start an advance.

The composite regiment of the Third Army, organized for participation in the Empire day festivities in London, is being held in Coblenz because of the new turn in the peace situation.

PARIS, May 22.—(French Wireless Service.)—Edward Bernstein, the German democratic leader, declared in a recent speech at Lichtenberg that the German government had not taken the proper course to secure approval of its foreign policy by the socialists and that it could have obtained better terms of peace if it had acted differently.

Damage by Huns Admitted. The peace terms, Herr Bernstein declared, were not entirely different from those which he had proposed. "It appears more likely," he said, "that distrust of our policy inspired them. We should have broken more completely with the past and Count von Brockdorff-Rantzau could have made a better choice of his associates on the peace commission."

"We must admit," he said, "that we have knowingly caused much damage and some of the demands are no more than just as reparation for what we have done."

MANY IN BUDAPEST EXECUTED Hungarian Communists Slay Suspected Counter Revolutionists. VIENNA, May 20.—(By the Associated Press.)—Many persons accused of being counter revolutionists are being executed in Budapest by the Hungarian Communists, according to dispatches received here. The victims usually are shot in front of the Hungarian parliament house in the day of the public school yard in the Markstrasse at night.

Many bodies of men and women and girls of the better classes have been thrown into the Danube below the city that they were arrested in the resistance against the Communists. They were taken them to prisons in Pest. French colonial troops, the reports add, are expected to move on the city from the south.

PRESIDENT'S WORK FIELD OF HIGH VALUE

Anglo-Saxon Civilization Expected to Spread.

ITALY GRADUALLY YIELDING AIRPLANES TO AID MINERS

Speakers at Spokane Gathering Tell of Future Possibilities. SPOKANE, Wash., May 22.—(Special.)—"Airplanes swooping from the sky, picking up a cargo of ore as a giant hawk picks its prey, and soaring through the clouds to drop down with the load at a smaller miles away."

"I wish you would make known to the American people that in coming to Europe President Wilson has done a great work which no other American could have done, and that this is the opinion of all the allies," said Professor Michael Pupin of Columbia University. "We must admit," he said, "that we have knowingly caused much damage and some of the demands are no more than just as reparation for what we have done."

BY WILLIAM COOK. (Copyright by The New York World. Published by arrangement.) PARIS, May 22.—(Special Cable.)—"I wish you would make known to the American people that in coming to Europe President Wilson has done a great work which no other American could have done, and that this is the opinion of all the allies," said Professor Michael Pupin of Columbia University.

Professor Pupin is in Paris assisting the Anglo-Slavic and the American peace mission to a better understanding of each other. "If the war had done nothing else than to bring to the attention of Anglo-Saxon civilization," Professor Pupin added, "it was well worth fighting."

Speaking of the issue over Fiume, Professor Pupin was emphatic in his view that Fiume should belong to Jugoslavia. He praised President Wilson highly for his stand on this point. Concerning the proposed new port at Barcelona, he said the idea was excellent and the Anglo-Slavic and American peace mission should be supported. He had proposed that the Italians build the port of Jugo-Slavia, meaning to sell the Italian ships to the use of Fiume. The Italians would not assent to either proposition.

As to the negotiations between the Italians and the Jugo-Slavs, Professor Pupin said: "We know that Italy is gradually yielding many points. President Wilson will never sign the peace treaty until the Italian claims are much modified; else he would return to the states a humiliated man. Italy's decision to sell the Italian ships to the use of Fiume and other places stood great chances of success until the president spoke out."

"What is the food situation in Serbia now?" the correspondent asked. "It is improving," was the reply, "although distribution is difficult on account of bad communications. Do you think Bolshevism has any chance in the Balkans?"

"None whatever," Professor Pupin said. "In the near east the division of land among the people has been very equal. Land needs cultivation and maintenance and farming utensils are lacking, but we hope to supply these articles throughout Serbia and other parts of the Balkans."

Half of Europe Americanized. "Practically half of Europe today is Americanized. It is safe to say that in the present condition of Austria-Hungary and in all central Europe, the people wish to know American ideas and methods, and, above all, they wish to know about Anglo-Saxon civilization."

"The great powers have unique opportunity to introduce Anglo-Saxon civilization into those sections and areas farther east. As Turkey will be called upon to disappear, Constantinople should be made the great center of Anglo-Saxon culture, with a modern university built there by the great powers."

"Millions are spent yearly on missions sent out to convert the blacks, but the time is now ripe to teach the whites. Just as Rome was the center of Latin civilization, Constantinople should become the capital of Anglo-Saxon civilization, which, believe me, would be better than the Latin."

Regarding the future of Russia, Professor Pupin said he thought the next government would be constitutional but he was not prepared to say whether it would be a republic or a monarchy.

Spokane Women Elected. SPOKANE, May 22.—With one exception, all offices of the women's auxiliary to the Episcopal church for the Spokane district, which includes Eastern Washington, were filled with Spokane women at the annual election here today. Mrs. W. H. Farnham was elected president; Mrs. Herman Page, wife of Bishop Page, vice president; Mrs. J. C. Ralston, secretary; Mrs. John King, treasurer; Mrs. H. E. Bacon, united prayer leader; Mrs. F. J. Slawson, secretary of "little helpers"; Mrs. Aileen Slawson, secretary of "little helpers."

DEAD MAN PAYS SLAYER Court Approves Claim of \$700 Filed Against Estate. SAN FRANCISCO.—As the will of the late Edward Kelleher, shoe merchant at Third and Howard street, was about to be admitted for probate by Superior Judge Thomas F. Graham, F. Scalla, the man being and killed him several months ago, rose in court and, rose in court and presented a claim of \$700 against the estate. After hearing Scalla's story Judge Graham approved the claim.

DOGS WEAR LEG WATCHES San Francisco Society Girls Adopt Fad for Canine Pets. SAN FRANCISCO, May 22.—(Special.)—Here's the latest fad in dogdom. Wrist watches for blue-blooded bulldogs.

Two San Francisco girls have set the fad and already the fashionable line of blue ribbon winners are taking up the novelty.

Helen Daly, who owns Laddie, and Alice Bidwell, a Russian Hill girl, whose special pride is Lassie, are responsible for the fad.

The two young women created a sensation when they walked into the lobby of a fashionable hotel here with platinum watches attached to the forelegs of their English bulldogs.

"The dogs wanted to be in the army," said Lassie's mistress, "but since they couldn't we decided to let them in on the army fashions. Hence the wrist watches."

OIL INVESTORS ORGANIZE Irresponsible and Fraudulent Companies to Be Investigated. DALLAS, Tex.—The Texas Oil Investors Protective association has been organized to combat activities of irresponsible and fraudulent stock selling oil companies. The association, composed of hundreds of investors, will take action to force dividends from fraudulent companies and salvage from incompetents.

Association officers claim that many companies have squandered funds of stockholders, while many others are failing to pay dividends when production is ample to justify such payment.

Public interest was so great after the discovery of new Texas oil fields that the state legislature passed an association officials say. Because of unrestricted stock selling the situation has become such that it almost impossible to dispose of stock for the most meritorious development enterprises, big oil men say.

STUDENTS ELECT OFFICERS Portland Boy Among Those Chosen at Kimball School. WILLAMETTE UNIVERSITY, Salem, Or., May 22.—(Special.)—In the elections held this week at the Kimball School of Theology C. Murray Keener, a junior registered from Salem, was elected president of the association student body of that institution. Keener is also leader of the volunteer band and president of the Kimball Literary society.

The new vice-president is William W. Howard of Portland, who last year took his master's degree at the college at the University of Oregon. He was elected North Bend will, for the third successive year, hold the office of secretary-treasurer; Harvey O. Cooper of Ridgefield, Wash., at present manager of the Willamette Collegian, was named reporter, and Joseph Miller of Portland, sergeant-at-arms.

Medford Woman Dies on Train. TRACY, Cal., May 22.—Following her death on the train some time last night while en route from Hanford for Concord, the body of Mrs. Mary C. Cribbs of Medford is being held here. Mrs. Cribbs left Hanford yesterday with her daughter and when the latter went to awaken her mother this morning the death was discovered.
