Pitcher George Pennington Out of Game Because of Illness. Farmer Is Stricken.

Pacific Coast League Standings. W. L. Pct. Los Angeles 33 21 .610 San Francisco 28 27 .509 Portland 25 30 .452

BY HARRY M. GRAYSON. Portland's Pacific coast league baseball team, which has been going along like a dromedary, dreary and drowsy, will meet the Guy M. Standifer Shipbuilding corporation's team, commencing at 2 o'clock this afternoon at Twenty-fourth and Vaughn streets.

The Macklin machine arrives from San Francisco early this morning and will entrain for Seattle at 11 o'clock tonight where a seven-game series with the Rainiers gets under way tomorrow. The shipyard workers ought to make it interesting for Walter Henry McCredie's crew. Probable batting orders for today's game are:

If the Beavers have been in a sorry plight to date for toppers, then, at this writing, they are in an even worse predicament. Pitcher George Pennington arrived yesterday morning and Dr. James C. Zan has advised him not to make the trip to Seattle. It is known yesterday for the first time that Outfielder Jack Farmer arrived in Portland on Saturday and is confined to his bed with a severe attack of Spanish influenza contracted in San Francisco. It will be impossible for him to go north and 'tis hard to tell how long he will be in bed. Both Pennington and Farmer will be sadly missed.

Dr. Zan advised Pennington to have an X-ray taken of his stomach from which he is suffering. This will probably be done today.

Pitcher Al Zweifel, who was signed a week by Judge William Wallace McCredie, may pitch for the Beavers against Standifer this afternoon. It does not matter whether McCredie's choice will be Guy Cooper who has been wanted to date. Zweifel will accompany the team to Seattle.

Pitcher George Pennington does not believe that the Beavers will win. At least George says that he is of the opinion that Boss Walter did not fetch the reports from the south coast. Mitchell showed the Hercules Beaver chieftain but little in the two innings he chucked and in the bullpen.

Another youngster who may be signed by Portland is Southpaw Lefty Schroeder, a local boy who returns from overseas this morning with battery A. Schroeder is a free agent and has three or four seasons of experience in the league under his belt. The McCredies are still waiting to hear from Pitcher Harvey "Buds" Sutherland, who is pitching for Hood River, Or., while awaiting word from the St. Joseph club of the Western league, to which he belongs.

Sutherland is from writer St. Joseph asking them to make him some kind of a proposition whereby he may gain his release from that club.

The McCredies are highly desirous of annexing Southpaw Al Hartman of the Standifers, but Al is not particular about leaving his billet as draftsman with the shipbuilders.

From all the advance dope on Catcher Ernie Pallentine who joined the Beavers at Sacramento it must be judged that a catcher is all Pallentine is. Walter McCredie was highly enthused over grabbing the youngster from the St. Louis American league club and asserted that he would break into the lineup as soon as he arrived.

Mack must have changed his mind, however, for Pallentine has had no opportunity to play since reporting. San Francisco experts say he's not fast enough for any other position save catching, is only a fair catcher, and looks very ordinary with the stick.

The consensus of opinion is that Pallentine is too young and inexperienced for Class A society. In order to get further chance to see him work Walter McCredie is slated to let the youngster catch today.

Bill Clymer's Seattle club will pass through Portland on its way home at P. M. today. When Bill lost seven straight to Los Angeles last week his hopes for a successful road trip were shattered. Three weeks on foreign fields say Clymer's club will win four out of six from Portland, two out of six from Salt Lake and lose seven straight down below.

Since he was here Clymer has sold Pitcher Miles Mains to Salt Lake, acquired Catcher Cook from Vernon. The latter is a hustling backstop who ought to be of assistance to Jim Brewster's clan.

Two games will be played by Seattle and Portland at the Sound City on Decoration day, making it a seven-game series. The final game will be played on next Monday. The Beavers will leave the north coast that night for home to open a six-game series here with Bill Rodgers' Sacramento Senators.

Oakland starts an eight-game series with San Francisco this afternoon while Vernon tangles with Los Angeles in a series of like length. Seven games with Sacramento is the attraction at Salt Lake.

BEQUESTS ARE \$250,000 New York Banker Leaves Funds for Public Uses.

the will, it is estimated at several million dollars. Mr. Tenney, who since 1888 had been a figure in financial and social circles in this city, died at the Plaza hotel on April 29.

Mr. Tenney owned a country home at Methuen, Mass., known as Greycourt; also a large farm at Salem, N. ## \$500,000 FRAUD ADMITTED Promoter Pleads Guilty to Charge of Diverting Bank Funds.

MINNEAPOLIS, Minn.—William H. Schafer, promoter, charged with diverting \$500,000 from 14 state banks and two mortgage companies which he controlled, entered a plea of guilty in Hennepin county district court today to a charge of diverting bank funds.

Schafer was arrested on complaint of F. S. Pearson, superintendent of state banks, following an investigation of which Schafer held a controlling interest, and of which Charles P. Wyant was president. Wyant was arrested and held under three indictments.

Further investigation, according to Pearson's findings, brought out the fact that the certain irregularities connected with the failure of the string of banks had been conducted through the mortgage securities company in which Schafer held a controlling interest, and of which Charles P. Wyant was president. Wyant was arrested and held under three indictments.

# STANFORD FAVORITE TO WIN TRACK MEET

North Holds Good Opinion of Californians' Ability.

## CLOSE CONTESTS EXPECTED

Inter-Collegiate Clash at Seattle Promises to Be Hardest Fought in Many Years.

Next Saturday will see the gathering of the best college athletic stars on the Pacific coast for the first annual Pacific coast inter-collegiate track and field championships meet, which is scheduled for Seattle, Wash., on university field. Athletes from Stanford, California, University of Oregon, Oregon Agricultural college, Washington State and University of Washington will be on hand to compete for first honors.

Up north the fans have been taking a liking to the Stanford university squad as the winning team, but the records made this season show that the coming event in Seattle will be closely contested.

All of the colleges have men who have covered the 100 in 101-5. Carter of O. A. C. being the only man to make it in 10 flat. Wells of Stanford and Cantlow of California have been showing up well in the 100, and should go strong next Saturday. Carter from O. A. C. and Foster of Oregon seem to be the strongest entries from Oregon institutions in the dash events.

Maurice Enook, the Aggies' star sprinter and former Jefferson high school athlete, will not be eligible for the meet as he is a freshman. The same holds true for Hemmings of Oregon, another former Portland high school star sprinter. Bailey and Gray of Washington have done the 100 in 101-5, while much is available on Sutton of W. S. C.

The high hurdle favorites are Foster of Oregon and Dalley of Washington. Both men tied for first place in the Washington and Oregon dual meet with the time at 15-4-5. In the low hurdles Dalley has made the best time, 19-2-3, behind is Wells of Stanford, Bunne of California and Howell of W. S. C. N.

In the field events Stanford, California and Washington loom up the strongest. Caught by Stanford, in the shot out is good for 43 feet, while Templeton, also of Stanford has made 23 feet in the broad jump. Jackson is California's mainstay in the high jump, having a leap of 5 feet 3 inches to his credit, while Peterson of the same institution looks good in the pole vault. In the javelin, Merchant of California is probably the best, considering his throw of 155 feet 3-3/4 inches made in the California-Stanford dual meet. Pope of Washington looks easily the class of the conference with the discus. He is also good in the shot put.

The distance runs should prove the best of the whole meet. Each college has men that are capable of pulling the unexpected. Anderson of Oregon, Kirkenschlager of O. A. C., Parker of W. A. C., Geopfert of California, Schofield and Dinkspiel of Stanford and Gray of Washington are about equal in the quarter-mile run, with Geopfert and Dinkspiel having the edge if there is any. In the half-mile Geopfert is given the edge, although Rachford of W. S. C. is a corking good man at that distance. Belding of Oregon will also be in the running, while McGaffney of Washington and Teitworth of Stanford are not to be looked down upon.

The mile with Sprott of California, Teitworth of Stanford, Swan of O. A. C. and Rachford of W. S. C. should prove a thriller. In the two-mile run four good men are entered. Washington has two good men in McDonald and Davis. "Jet" Smith of W. S. C. is the holder of the northwest conference record for that distance, while Sprott of California is considered to be the peer of the south. The relay teams will be picked from the men entered in the other events. Stanford has the best time, having done the distance in 3:28-3-5.

Brazil Wins Water Polo Title. RIO JANEIRO, Sunday, May 25.—Playing in the final game for the

BOB MEUSEL BACK FOR KEEPS Vernon Outfielder Has Received Discharge from Uncle Sam's Navy.

LOS ANGELES, Cal., May 26.—(Special.)—Outfielder Bobby Meusel is back with Vernon for keeps, announced Manager William Essick tonight. He has obtained his discharge from the United States navy. The Tigers will be compelled to get along without the services of Tommy Long, one of the Tiger stars last season.

U. S. BEET SEED IS GOOD American Supply Equals in Quality Best of European.

LOGAN, Utah.—Sugar beet seed, equal and frequently superior to European seed, is being supplied to sugar beet companies in this section by the experiment station of the Utah Agricultural college here. Originally the seed came from a strain of the best sugar beet seed produced in Europe and it has been carefully cultivated by the experiment station for 13 years.

Due to the fact that war conditions cut off the supply of European seed, it became necessary for farmers in this country to cultivate their own seed, and the efforts of the experiment station have been in this direction for some time and there has been developed a strain of pedigreed sugar beet seed that is hardy and in every way suited to western conditions. Sugar companies in Idaho, Utah and other western states have been purchasing the seed produced by the experiment station of the college and in some instances have developed new strains from those purchased.

Authorities at the college declare that the United States is rapidly becoming independent of Europe for its sugar beet seed supply.
