Friends of Physician Ask Who Is Paying Expenses of Newton Mc-Coy, Carrying Proxy.

In anxious suspense democrats are waiting the action of the national ommittee in Chicago tomorrow as to whether Dr. J. W. Friends of Dr. Morrow do not hesitate to charge that the opposition to the doctor has been ribbed up by Frank S. Myers, postmaster, and they rise to inquire who is paying the expenses of Mr. McCoy on the momentous journey. Being somewhat forgiving, some of the democrate who are knocking the doctor are acting in good faith, not realizing that they are being used as catspaws by the astute postmaster.

With virtually all of the opposition against utilizing the Columbia river slough for a sewage outlet said to be withdrawn, plans are now being formulated by City Engineer Laurgaard for diggling the proposed channel from the slough to Columbia river.

Wiley, an engineer from Boise, Idaho, who, after a thorough investigation, returned a report that the plan was in every way practical.
