

SENATE REPUBLICANS ROUT PROGRESSIVES

Election of Penrose and Warren Is Forecast.

BORAH DENIES ANTAGONISM

Measure Is Introduced to Enforce War-Time Prohibition—Wets' Promise Amendment.

WASHINGTON, May 27.—Election by the senate tomorrow of Senators Penrose, Pennsylvania, and Warren, Wyoming, as chairmen of the finance and appropriation committees, respectively, is regarded certain as a result of the opening conference today of republican senators.

The progressives, led by Senator Borah, Idaho, were routed by a vote of 34 to 8, in their effort to supplant Senator Penrose and in private statements later agreed that their fight would not be taken to the senate floor.

Republican Leader Lodge plans to present in the senate tomorrow the republican committee assignments with every prospect of a solid vote on the republican majority for their adoption. The committee nominations are to be made en masse, but the republican plan of avoiding a separate vote for chairmanships required by senate rules was threatened tonight by opposition of the democrats, who were said to be prepared to demand separate votes on the chairmanships so as to require the progressives to record themselves squarely on Senators Penrose and Warren.

Views on Taxation Differ.

At the republican conference today Senator Borah made the principal address in criticism of Senator Penrose, who was not present, declaring the progressives' opposition was not personal, but based on Mr. Penrose's views on finance and taxation. Senator Kenyon, Iowa, also spoke briefly against the Pennsylvania senator, while Senator Spencer, Missouri, and Senator Gronna, North Dakota, the only other speakers, urged party solidarity in organizing the senate, declaring financial questions were not involved in partisan committee organization.

The motion by Senator Borah to strike Mr. Penrose's name from the list as chairman of the finance committee was supported by Senators Capper, Kansas; Cummins, Iowa; Johnson, California; Kenyon, Iowa; Lenroot, Wisconsin; McCormick, Illinois; McNary, Oregon, and Borah.

Opposition Not Pressed.

Senators who have been opposing Senators Penrose and Warren, and who were absent, were Jones, Washington; Kellogg, Minnesota, and Norris, Nebraska. Other absentees were Ball, Delaware; Curtis, Kansas; La Follette, Wisconsin, and Penrose.

With rejection of Senator Borah's motion, the progressives did not press their opposition to Senator Warren and the committee schedule, approved at yesterday's conference, was readopted without a roll call. Senator Borah stated after the conference, which was the first open meeting ever held by the republicans on party organization, that he expected the entire committee slate would be adopted tomorrow. Although not bound by the conference vote, he said the progressives planned to vote for the committee slate, to insure republican control.

Chairman Volstead, of the house judiciary committee, introduced a bill today designed to enforce war-time and constitutional prohibition. The measure defines intoxicating liquor as that containing more than one-half of one per cent of alcohol, and provides for the appointment of a prohibition commissioner by the secretary of the treasury to enforce the law.

Measure Provides "Dry" Repeal.

Almost simultaneously with Mr. Volstead's action, Representatives Gard, Ohio, and Stearns, Pennsylvania, democratic members of the judiciary committee, introduced measures for the repeal of the war-time prohibition as applying to wines and beers. They said their action was to give legislative expression to President Wilson's recommendation in his message to congress. Representative Bond of California, the only prohibitionist member of congress, also introduced a bill for the enforcement of the war-time and constitutional prohibition.

Prohibition leaders in the house predicted that a majority of the committee favored an enforcement measure, but anti-prohibitionists said that they would get an expression from congress on the wine and beer repeal by offering an amendment, if only an enforcement measure was reported by the committee.

Hearings on Lane Bill Begun. Hearings on legislation designed to carry out Secretary Lane's plan of farms for soldiers was begun today by the house public lands committee.

The bill anticipates that the secretary of the interior will secure areas large enough for community settlements of considerable size in which the community spirit may be developed. Representative Mondell, republican leader, told the committee.
