

**SENATE TO FIND OUT WHO IN U. S. HAS PACT**

Certain New York Interests Said to Possess Copies.

**BORAH THREATENS EXPOSE**

Idahoan Says If He Can Get Copy of Treaty He Will Put It in Record So People Will Know.

WASHINGTON, June 4.—The senate fight over the treaty with Germany branched out into new channels today with the introduction of a resolution by Senator Hitchcock, ranking democrat of the foreign relations committee, proposing that the committee investigate statements by Chairman Lodge and Senator Borah, republican committee members, that copies of the unpublished treaty are in the hands of certain interests in New York.

Senators Lodge and Borah promptly announced their approval of such an investigation, which under the resolution would seek "the names of the persons, corporations or interests which have secured copies of said treaty and from whom they were secured and by what methods." The first prediction was that the measure would be adopted virtually without opposition and that an exhaustive inquiry, possibly involving testimony by members of the Paris peace delegation would result.

**Treaty May Go in Record.** Senator Borah also announced that could he secure a copy of the treaty from New York, he would put it into the senate record during the day. He said he had asked for a copy for that purpose and might receive it tomorrow.

The proposition of Senator Hitchcock's resolution surprised many senators on both sides of the chamber. Earlier in the day the Nebraska senator had conferred with Acting Secretary Polk at the state department, but neither of them would discuss the conference. Introduction of the measure resulted in no discussion on the senate floor, and under the rules it went over without action. The day's developments, however, were taken as forecasting another bitter debate tomorrow when the resolution of Senator Johnson, republican, of California, asking the state department for the treaty text, again comes before the senate.

Senator Johnson hopes to press his resolution to a vote during the day. He expects to have the support of all opponents of the league of nations and of some of those who favor the league. The leaders on both sides, however, conceded that the vote would be close.

**Department Ideas Not Known.** Whether the state department will accede to the senate's request, should the Johnson resolution pass, has not been revealed by department officials. They have consistently declined to make any comments on developments in the senate. It was assumed, however, that the time of publication of the treaty either would be or has been referred for decision to President Wilson and Secretary Lansing at Paris.

Senator Hitchcock had not decided tonight whether he will call up his resolution tomorrow. He may do so during the first two hours of the session, but at the end of that time it automatically would be replaced by the Johnson resolution.

The Hitchcock resolution follows: "Whereas, The Senator from Idaho, Mr. Borah, has stated in the senate that certain interests in the city of New York have secured copies of the peace treaty with the American people have been unable to secure it; and, Inquiry Is Proposed.

"Whereas, The senator from Massachusetts, Mr. Lodge, has stated in the senate that he knows of four such copies of said treaty of peace with Germany now in New York and that the only place where it is not allowed to come is the United States senate; and, "Whereas, The senator from Idaho, Mr. Borah, has stated that the interests now having possession of said copies of said treaty are peculiarly interested in the treaty; now, therefore, be it

Resolved, That the committee on foreign relations be authorized and directed to investigate the matter with the view of ascertaining the facts, and particularly to ascertain and report to the senate the names of the persons, corporations or interests which have secured copies of said treaty and from whom they were secured and by what methods, and also to ascertain and report to the senate in what manner and to what extent said interests are particularly interested in said treaty."

The final paragraph of the resolution contains provision for the expenses of the investigation, a feature necessitating reference to the contingent expenses committee. No meeting of this committee has been called and in the opinion of some senators the technically may result in some delay of action.

**Washington Is Interested.**

Senator Borah's announcement of his intention to put the treaty text into the senate record caused much discussion about the capitol. Mr. Borah would not divulge the New York source from which he hopes to get a copy and made it plain that he was not certain it would be forthcoming. If his request that the copy be sent him is granted, he said, he may have it ready to offer as soon as the senate meets tomorrow.

The Idaho senator's project, aside from any diplomatic aspect, may present novel developments. It was pointed out tonight that unanimous consent is required under the senate rules to insert such documents in the record without reading them on the senate floor, and predictions were general that unanimous consent would not be given. A reading of the treaty, which is said to contain about 30,000 words, would be a task of many hours.

Copies of the peace treaty with Germany have reached Washington by courier, supplementing the copies sent received at the state department several weeks ago. Copies have been supplied to the Japanese embassy, which has forwarded them to Tokyo, and it was assumed that the text had been received by other embassies here.

State department officials said in addition to the copied text received, the financial and reparations sections had been supplied to the alien property custodian and other government bureaus some time ago for their information and guidance.

**Oregon Educator to Speak.**

Commencement exercises of the University of Oregon medical school, which is to graduate a class of 25, will be held tonight, at 8 o'clock, in the auditorium of the central library. Addresses will be given by President P. L. Campbell of the University of Oregon and ex-Senator Fred W. Mulkey.

**Barge Nehalem Swamped.**

NEWPORT, Or., June 4.—(Special.)—The tug boat, Gleaner, arrived tonight from Coos Bay, with the government barge Nehalem in tow. The barge was swamped and at present rests on a sand spit in Yaquina bay.

**MOTHER OF HERO HONORED**

**LA GRANDE WOMAN HEADS RAINBOW VETERANS.**

Mrs. C. E. Andrews, whose son was Oregon's First Member to Die, Sends Thanks in Prayer.

LA GRANDE, Or., June 4.—(Special.)—Mrs. C. E. Andrews, mother of Bert Andrews, who was the first Oregon member of the Rainbow division to meet his death in France, has been named honorary president of the Oregon chapter of the Rainbow division veterans, an organization which est-

braces 27 states. The letter of notification to Mrs. Andrews, whose home is here, came from the chapter secretary at Baker, and reads as follows:

"The Rainbow division, before being demobilized, organized a society similar to other war veteran associations, but limited membership to those who had served with the division, and made honorary members of the nearest relatives of those who died in the service."

"This society is known as the Rainbow division veterans and is divided into 27 chapters, according to the state units that formed the division. The Oregon chapter is comprised of the 167th field hospital. According to the constitution, you are an honorary member of the Oregon chapter."

"At the annual election of officers of this chapter the members desired

to confer on you the honor of being the first honorary president. As secretary-treasurer, I take great pleasure in informing you that the selection was unanimous. Sincerely yours,

"A. L. BOSWICH, Secretary-Treasurer."

In her response to the announcement of her election, Mrs. Andrews replied, among other things: "Help us, oh, our father, to make some worthy return for all thy favors and gracious kindnesses. Enable us to live as those would live who receive so much from thee. May our hearts be loving and grateful; may our lips express thy praise. May our lives be true interpreters of the gratitude which we feel."

"MOTHER OF BERT ANDREWS."

**\$3070 daily for toys**

The cost of a new car every day in the year is tied up in the toys and games the children in Delineator families play with. Yet the \$957,913 these families spend yearly for toys is insignificant compared with what they spend for foodstuffs, dry goods, home-furnishings, and first aids to house-keeping.
